22 STATEMENT

23

24 This bill bans firearm magazines that can hold more than ten
25 rounds of ammunition. Magazines capable of holding up to 15
26 rounds of ammunition currently are legal in New Jersey.

27 Specifically, the bill revises the definition of a “large capacity
28 ammunition magazine” to reduce the allowable rounds of
29 ammunition from 15 to 10. The bill also designates a semi-
30 automatic rifle with a fixed magazine capacity exceeding 10 rounds
31 as a prohibited assault firearm. Currently, they are not included as
32 an assault firearm unless the capacity exceeds 15 rounds.

33 The bill also authorizes retired police officers who are authorized
34 to possess and carry a handgun in this State to continue to carry a
35 large capacity ammunition magazine which is capable of holding up
36 to 15 rounds.

37 According to the sponsor, this legislation is in response to the
38 recent horrific tragedy in Arizona where the assailant utilized a
39 large capacity ammunition magazine in a shooting that resulted in
40 the deaths of six people and injuries to 13 others, including Arizona
41 Congresswoman Gabrielle Giffords.
