Dear Mr. Haines:

I am providing the following information on behalf of the Motor Vehicle Commission (MVC) as requested by the Assembly Budget Committee at the budget hearing held on April 30, 2018.

**Assemblyman DiMaio:** *Please explain why MVC is not able to process commercial vehicle registrations online. Please note what actions the MVC would need to take in order to begin processing these transactions online and the related costs.*

The MVC processes over 545,000 commercial vehicle registrations for 21 different commercial vehicle code types each year. Pursuant to New Jersey Motor Vehicle Statutes Annotated, N.J.S.A. 39:3-20, each commercial vehicle code type has different documentation requirements for a commercial vehicle registration. The required documentation for each vehicle consists of between 13 and 22 different documents, including certifications for various vehicle codes, municipal authorization letters and Internal Revenue Service (IRS) documentation that must be verified in a motor vehicle agency. We have no capability to verify these documents for compliance through online processing or mail remittance.

Please advise me if you or Assemblyman DiMaio have any questions regarding this information.

Sincerely,

B. Sue Fulton  
Chair and Chief Administrator
