

ASSEMBLY, No. 2794

STATE OF NEW JERSEY 214th LEGISLATURE

INTRODUCED JUNE 10, 2010

Sponsored by:

Assemblyman VINCENT PRIETO

District 32 (Bergen and Hudson)

Assemblywoman JOAN M. QUIGLEY

District 32 (Bergen and Hudson)

Assemblywoman CELESTE M. RILEY

District 3 (Salem, Cumberland and Gloucester)

Assemblyman CRAIG J. COUGHLIN

District 19 (Middlesex)

Co-Sponsored by:

Assemblymen Malone, Chivukula, Senators Sacco and Whelan

SYNOPSIS

Permits school boards to charge certain students for remedial or advanced courses provided during summer school.

CURRENT VERSION OF TEXT

As introduced.

(Sponsorship Updated As Of: 6/29/2010)

1 AN ACT concerning tuition for summer school and supplementing
2 chapter 11 of Title 18A of the New Jersey Statutes.

3

4 **BE IT ENACTED** by the Senate and General Assembly of the State
5 of New Jersey:

6

7 1. The Legislature finds and declares that:

8 a. School districts around the State are feeling the effects of the
9 tough economic climate;

10 b. Reductions in State aid are requiring boards of education to
11 make drastic cuts in programs and services offered in their school
12 districts;

13 c. Many school districts have been forced, for example, to
14 eliminate summer school programs, resulting in a decrease
15 Statewide in the availability of these types of programs; and

16 d. Allowing school districts to charge tuition for those students
17 able to pay for courses provided during the summer session would
18 help school districts ensure that these valuable programs remain
19 available to the students who need them.

20

21 2. a. Notwithstanding any provision of law to the contrary, a
22 board of education may charge tuition for a remedial or advanced
23 course provided during a summer school session to a student who
24 resides in the district in accordance with the following provisions:

25 (1) for a student from a household with a household income that
26 exceeds the most recent federal poverty guidelines multiplied by
27 1.85, the district may charge full tuition;

28 (2) for a student from a household with household income that
29 exceeds the most recent federal poverty guidelines multiplied by
30 1.30, but is at or below the most recent federal poverty guidelines
31 multiplied by 1.85, the district may charge 75% of the full tuition
32 charged by the board of education;

33 (3) for a student from a household with a household income that
34 exceeds the most recent federal poverty guidelines, but is at or
35 below the most recent federal poverty guidelines multiplied by 1.30,
36 the district may charge 50% of the full tuition charged by the board
37 of education; and

38 (4) for a student from a household with a household income at
39 or below the most recent federal poverty guidelines, the district may
40 not charge any tuition.

41 b. A board of education may charge full tuition to a student
42 who resides in the district for an enrichment course provided during
43 a summer school session, which course carries no credit and is
44 determined by the executive county superintendent of schools to
45 have no direct relationship to the curriculum.

46 c. A board of education may charge tuition for a remedial,
47 advanced, or enrichment course provided during a summer school

1 session to a student who does not reside in the school district, at an
2 amount to be determined by the board.

3 d. As used in this section:

4 “Advanced course” means a course or subject not previously
5 taken in an approved school district program for which additional
6 credits or advanced placement may be awarded upon successful
7 completion of the course.

8 “Enrichment course” means a course or subject of a vocational
9 nature for which no credits are to be awarded.

10 “Household income” means income as defined in 7 CFR ss.245.2
11 and 245.6 or any subsequent superseding federal law or regulation.

12 “Remedial course” means a course or subject that is a review of a
13 course or subject previously taken for which credits or placements
14 may be awarded upon successful completion of the course.

15

16 3. This act shall take effect immediately.

17

18

19

STATEMENT

20

21 Pursuant to State Board of Education regulations at
22 N.J.A.C.6A:32-10.2, a school district is prohibited from charging
23 tuition to a student domiciled in the district for a remedial or
24 advanced course offered during the summer session. This bill
25 would allow school districts to charge tuition under certain
26 circumstances for summer school courses. The school district
27 would be allowed to charge full tuition for a remedial or advanced
28 course to a student from a household with a household income that
29 exceeds the household income limit for the reduced price lunch
30 program. If the student is from a household that is at or below the
31 most recent federal poverty guidelines, the district may not charge
32 any tuition. For a student from a household with a household
33 income that exceeds the most recent federal poverty guidelines
34 multiplied by 1.30 (the limit for the free lunch program), but is at or
35 below the federal poverty guidelines multiplied by 1.85 (the limit
36 for the reduced price lunch program), the district may charge 75%
37 of the full tuition. For a student from a household with a household
38 income that exceeds the most recent federal poverty guidelines, but
39 is at or below the limit for the free lunch program, the district may
40 charge 50% of the full tuition.

41 As is provided under current State Board of Education
42 regulation, N.J.A.C.6A:32-10.3 (b), a board of education may
43 charge tuition to a student who resides in the district for an
44 enrichment course provided during a summer school session. The
45 bill also provides that a board of education may charge tuition for a
46 remedial, advanced, or enrichment course provided to a student who
47 does not reside in the school district, at an amount to be determined
48 by the board.

A2794 PRIETO, QUIGLEY

4

1 The bill defines an “advanced course,” an “enrichment course,”
2 and a “remedial course,” as those terms are defined in State board
3 regulations at N.J.A.C. 6A:32-2.1.
