AN ACT requiring early voting to be available for certain elections, amending various parts of the statutory law, supplementing Title 19 of the Revised Statutes, and making an appropriation.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. (New section) a. In addition to all other forms of voting provided for by this Title, a registered voter shall be permitted to vote at a specially designated polling place before the day of the general election, starting on the 15th day before the election and ending on the second calendar day before the election. This procedure shall be known as early voting. Any municipality conducting regular municipal elections in May pursuant to the provisions of the "Uniform Nonpartisan Elections Law," P.L.1981, c.379 (C.40:45-5 et seq.), may, by an ordinance adopted by its governing body, also conduct early voting for the regular municipal election, in accordance with the provisions of this act, P.L. , c. (C. ) (pending before the Legislature as this bill). The voting shall be conducted using paper ballots. The ballot used to conduct early voting as provided in this act shall be labeled “Early Voting / Vote By Mail Ballot” and shall also be used to conduct the vote by mail process for the general election pursuant to the provisions of “The Vote By Mail Law,” P.L.2009, c.79 (C.19:63-1 et seq.). Pursuant to the provisions of this act and Title 19 of the Revised Statutes, each county board of elections shall determine the method of verifying that a registered voter is qualified to vote in the election and shall prescribe the manner by which a registered voter may vote during such period.

b. (1) For the general election, each county board of elections shall designate three public locations within each county as the sites for early voting to occur, except that the county board shall designate a total of five public locations for early voting if the number of registered voters in the county is at least 150,000 but less than 300,000, and shall designate a total of seven public locations for early voting if the number of registered voters in the county is 300,000 or more. The number of registered voters in each county shall be determined ahead of the selection of early voting sites pursuant to a uniform standard which shall be developed by the Secretary of State through the rulemaking process pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.). Whenever possible, early voting locations shall be geographically located so as to ensure both access in the part of the county that features the greatest concentration of population, according to the most recent federal decennial census of the United

States, and access in various geographic areas of the county. All early voting locations shall be public facilities, such as county courthouses, public libraries and the offices of the municipal clerk, county clerk, and county board of elections. No public school building and no building used as a public school shall, however, be designated as an early voting location. The locations shall be designated at the same time as all other polling places are designated by the board of elections. In the event of a tie vote among members of the county board with respect to the selection of sites for early voting, the county clerk shall cast the deciding vote. Once early voting locations are designated in each county, county boards of election shall, as provided by the Secretary of State, evaluate and, if deemed necessary, revise these locations in order to accommodate significant changes in the number of registered voters within each county, reflect the population distribution and density within each county, or enhance convenience when an early voting site has proven to be inconvenient for the voters, or because of similar circumstances. The Secretary of State shall develop the criteria to be used by county boards of election to revise the location of early voting sites and shall prescribe how often such revision shall take place.

(2) Whenever a municipality that conducts regular municipal elections in May chooses to participate in early voting for the regular municipal election, the county board of elections shall designate at least one public location within the municipality as the site for early voting to occur. Whenever possible, each such location shall be geographically located in the part of the municipality that features the greatest concentration of population, according to the most recent federal decennial census of the United States. All early voting locations shall be public facilities, such as municipal courthouses and the offices of the municipal clerk. No public school building and no building used as a public school shall, however, be designated as an early voting location. The locations shall be designated at the same time as all other polling places are designated by the board of elections. In the event of a tie vote among members of the county board with respect to the selection of sites for early voting, the municipal clerk shall cast the deciding vote. Once early voting locations are designated in each municipality, county boards of election shall, as provided by the Secretary of State, evaluate and, if deemed necessary, revise these locations in order to accommodate significant changes in the number of registered voters within each municipality, reflect the population distribution and density within each municipality, or enhance convenience when an early voting site has proven to be inconvenient for the voters, or because of similar circumstances. The Secretary of State shall develop the criteria to be used by county boards of election to revise the location of early voting sites and shall prescribe how often such revision shall take place.
c. Each early voting site in a county or municipality shall be open for early voting on Monday through Saturday from 10 AM to 8 PM, and on Sunday from 10 AM to 6 PM. Any voter who is on line at the time scheduled for the closing of an early voting site shall be permitted to vote.

d. The election officers responsible for conducting early voting shall be the same as those responsible for conducting a general election pursuant to this Title. The number of such officers and their hours of service shall be as determined by each county board of elections. The compensation for such officers shall be the same as provided to district board of election members serving at a school election pursuant to R.S.19:45-6.

e. The restrictions governing the conduct of voters at a polling place on the days that early voting occurs, the procedures governing who is permitted in a polling place on such occasions and the prohibition on electioneering within 100 feet of a polling place during an election, shall be as provided in chapters 15, 34, 50 and 52 of Title 19 of the Revised Statutes and every other applicable section of this Title.

f. At least once each day during the early voting period, and prior to the start of each regularly scheduled general election, and regular municipal election in each non-partisan municipality choosing to participate in early voting, each county board shall make such changes as may be necessary to the voter’s record in the Statewide voter registration system and the signature copy register used at each polling place to indicate that a voter has voted in that election using the early voting procedure.

g. (1) Each county board shall be responsible for forming and executing a written plan to ensure, to the greatest extent possible, the integrity of the voting process and the security of ballots used during the early voting period, including the security of voted ballots and election records. The plan shall be based on guidelines established by the Secretary of State and shall be submitted thereto no later than December 15 of each year. The Secretary of State shall review and, if deemed necessary thereby, require changes to a plan no later than February 1 of each year. Each plan shall specify a chain of custody for ballots and voted ballots and shall require, among other specifications deemed necessary by the Secretary of State and county boards of election, that all voted ballots shall be transferred at the end of each early voting day to county boards of election for safekeeping until canvassing on election day as required pursuant to section 5 of this act, P.L. , c. (C. ) (pending before the Legislature as this bill).

(2) Notwithstanding the provisions of this subsection, in the year in which P.L. c. (C. ) (pending before the Legislature as this bill) becomes law, each county board shall submit its plan to the Secretary of State within 15 days following the effective date of this act and the Secretary of State shall review it and, if deemed
necessary thereby, require changes in the plan within 45 days following the effective date of this act.

h. Each county board shall make certain that each polling place used for early voting shall be accessible to individuals with disabilities and the elderly, in compliance with the "Americans with Disabilities Act of 1990" (42 U.S.C. 12101 et seq.), and that each polling place provides such voters, including the blind and visually impaired, the same opportunity for access and participation, including privacy and independence, as other voters in compliance with the "Help America Vote Act of 2002" (42 U.S.C. 15481).

i. Each polling place used for early voting shall have such appropriate supplies, ballots and other materials deemed necessary by the Secretary of State or as is required currently for a polling place on the day of any election by Title 19 of the Revised Statutes.

2. (New section) a. A duly-registered voter shall be permitted to participate in early voting after completing an Early Voting Voter Certificate in substantially the following form:

**EARLY VOTING VOTER CERTIFICATE**

I,__________(your name), am a registered voter, residing at___________________ (your street address),__________County, New Jersey. I do solemnly swear or affirm that I am the person so listed on the voter registration rolls of ___________County and that I reside at the above address. I understand that if I commit or attempt to commit fraud in connection with voting, vote fraudulently or vote more than once in an election I could be convicted of a crime of the third degree and fined up to $15,000 and imprisoned for up to five years. I understand that my failure to sign this certificate invalidates my vote.

(Date)

Using the completed early voting certificate, and prior to permitting the voter to vote, an election official shall ascertain, in substantially the same manner as required on the day of an election pursuant to Title 19 of the Revised Statutes, that the voter is a duly-registered voter of the county and is entitled to vote in that election. Each early voting voter certificate shall be collected and forwarded to the county board at the end of each day of the early voting period and shall be kept by the board for two years following the date of the election.

b. A voter who has voted in an election using the early voting
procedure established by this act, P.L. , c. (C. ) (pending before the Legislature as this bill), shall not be permitted to vote by mail-in ballot or in person at the polling place in the voter’s election district on the day of the election.

3. (New section) a. The appointment of challengers for early voting shall be in the same manner as provided in chapter 7 of Title 19 of the Revised Statutes for all elections. The name and address of each challenger, including a candidate acting as a challenger or a challenger representing a grouping of two or more candidates, together with the number or name and location of the polling place at which the challenger is to serve, shall be filed with the county board of elections not later than the fifth day preceding the start of the early voting period.

c. Any voter whose name does not appear on a challenge list but who is challenged as not qualified or entitled to vote by a challenger duly appointed pursuant to this section shall be entitled to the rights and protections provided by R.S.19:15-18 et seq., and every other applicable section of this Title.

4. (New section) During each early voting period, the county board shall make available to the public a tally of the total number of voters who have cast a ballot at each early voting location during the previous day. The county boards shall prepare an electronic data file listing the names of the individual voters who cast a ballot during the early voting period. This information shall be made available to the public in an electronic format pursuant to rules adopted by the county board and subject to review each year by the Secretary of State. The information shall be updated and made available to the public no later than noon of each day during the early voting period and shall at the same time be provided to the clerk of the county in which early voting is occurring and to the Secretary of State.

5. (New section) An early vote cast in an election, as provided for in this act, P.L. , c. (C. ) (pending before the Legislature as this bill), shall not be canvassed prior to the closing of the polls on the day of an election.

Every provisional ballot voted in each such election and determined by a county board to be valid shall be counted and shall be part of the official tally of the results of the election.

6. (New section) In compliance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon
application for reimbursement by a county governing body or a
municipal governing body, as may be appropriate, to the Secretary
of State and approval of the application by the Director of the
Division of Budget and Accounting in the Department of the
Treasury, a county or municipality shall be reimbursed by the State
for any additional costs incurred by the county or municipality as a
result of the provisions of this act, P.L. , c. (C. ) (pending
before the Legislature as this bill).

7. (New section) In addition to any publications required under
Title 19 of the Revised Statutes, the Secretary of State and each
county board of elections shall cause to be published information

website and on each county’s website. The early voting information

concerning their eligibility to participate in early voting, the
duration of the early voting period, and the locations and hours of
operation of specially designated polling places for early voting in
each county.

8. (New section) The Secretary of State is hereby authorized to
make such adjustments to Title 19 of the Revised Statutes by
regulation as may be necessary to effectuate the purposes of this
act.

The county board of elections, in all counties having a superintendent of elections, and in other counties where the county board of elections shall elect to operate under the provisions of subsection b. of section 19:14-21 of this Title, shall, not later than noon of the second Monday preceding the start of the early voting period for the election, deliver or mail to the members of the district board three appropriate sample ballots for their respective election district. 15. Section 3 of P.L.1981, c.379 (C.40:45-7) is amended to read as follows:

3. Except as may otherwise be provided by law for initial elections conducted in a municipality following its adoption of a plan or form of government, or a charter or an amendment thereto, regular municipal elections shall be held in each municipality governed by this act on the second Tuesday in May, or the day of the general election in November if chosen by the municipality pursuant to subsection a. of section 1 of P.L.2009, c.196 (C.40:45-7.1), in the years in which municipal officers are to be elected. The municipal election shall be held at the same place or places and conducted in the same manner, so far as possible, as the general election. The election officers shall be those provided for conducting the general election.

A municipality holding municipal elections on the second Tuesday in May, in addition to those elections and by an ordinance adopted by its governing body, may also conduct early voting for those municipal elections, in accordance with the provisions of P.L. , c. (C.) (pending before the Legislature as this bill). A municipality holding municipal elections on the day of the general election in November shall conduct early voting in accordance with the provisions of P.L. , c. (C.) (pending before the Legislature as this bill).

Notwithstanding the provisions of this section, the Secretary of State may change in any year the date provided for a regular municipal election if the date coincides with a period of religious observance that limits significantly the usual activities of the followers of a particular religion or that would result in significant religious consequences for such followers. The secretary shall inform the municipal clerks, county clerks and boards of election of the adjustment no later than the first working day in January of the year in which the adjustments are to occur.
As used in this section "a period of religious observance" means any day or portion thereof on which a religious observance imposes a substantial burden on an individual's ability to vote.

(cf: P.L.2009, c.196, s.4)

16. There is appropriated from the General Fund as State aid to each county governing body and to each municipal governing body that approves conducting early voting such sums as the State Treasurer and the Director of the Division of Budget and Accounting in the Department of the Treasury deem necessary to effectuate the purpose of section 6 of this act.

17. This act shall take effect on the January 1 next following the date of enactment.

STATEMENT

This bill establishes an in-person early voting procedure to allow voters to cast their votes at specially designated polling places, starting on the 15th day before the general election, and ending on the second calendar day before the election (a Sunday). A municipality holding municipal elections on the second Tuesday in May, by an ordinance adopted by its governing body, may also conduct in-person early voting for those municipal elections.

Under the bill, in-person early voting will enable a registered voter to vote at a designated polling place before the day of a general election using a paper ballot. The ballot used to conduct in-person early voting will be labeled “Early Voting / Vote By Mail Ballot,” and will also be used to conduct the vote by mail process for the general election provided for in “The Vote By Mail Law.” Designated polling places must be open for early voting on Monday through Saturday from 10 AM to 8 PM, and on Sunday from 10 AM to 6 PM. A duly-registered voter will be permitted to vote after signing an early voting voter certificate, and after the voter’s eligibility to vote is ascertained in substantially the same manner as done on election day. At least once each day during the early voting period, and prior to the start of the regularly scheduled election, each county board must make such changes as may be necessary to the voter’s record in the Statewide voter registration system and the signature copy register used at each polling place to indicate that a voter has voted in that election using the early voting procedure. A voter who participates in early voting would not be permitted to vote by mail-in ballot or in person on election day.

The bill provides that each county board of elections is to designate three early voting locations in each county, except that the county board must designate a total of five public locations for early voting if the number of registered voters in the county is at
least 150,000 but less than 300,000, and must designate a total of
seven public locations for early voting if the number of registered
voters in the county is 300,000 or more. Under the bill, the number
of registered voters in each county must be determined ahead of the
election of early voting sites pursuant to a uniform standard to be
developed by the Secretary of State. Whenever possible, early
voting sites must be geographically located so as to ensure both
access in the part of the county that features the greatest
concentration of population, according to the most recent federal
decennial census of the United States, and access in various
geographic areas of the county. No public school building may
serve as an early voting location. Once early voting locations are
designated in each county, county boards of election must, as
provided by the Secretary of State, evaluate and, if deemed
necessary, revise these locations in order to accommodate
significant changes in the number of registered voters within each
county, reflect the population distribution and density within each
county, or enhance convenience when an early voting site has
proven to be inconvenient for the voters, or because of similar
circumstances. The Secretary of State must develop the criteria to
be used by county boards of election to revise the location of early
voting sites and must prescribe how often such revision must take
place.

The election officers responsible for conducting early voting
would be the same as those responsible for conducting a general
election. The number of such officers and their hours of service
would be as determined by each county board of elections. The
compensation for such officers would be as provided for by current
law for poll workers serving at a school election.

The bill provides that each county board will be responsible for
forming and executing a written plan for the security of the ballots
used during the early voting period, including voted ballots and
election materials, based on guidelines established by the Secretary
of State and submitted thereto no later than December 15 of each
year. The written security plan is to ensure, to the greatest extent
possible, the integrity of the voting process and the security of
ballots used during the early voting period. The security plan must
specify a chain of custody of ballots and voted ballots, which must
include the transfer of voted ballots to each county board of
elections at the end of each early voting day for safekeeping until
canvassing on election day. For the elections that early voting is
available, the procedures concerning the conduct of voters at the
polling place and the appointment of challengers, as well as the
prohibition on electioneering within 100 feet of a polling place, will
be as provided for in current law.

The bill also provides that, in addition to any publications
required under Title 19 of the Revised Statutes, the Secretary of
State and county boards of elections must publish on the
Department of State’s website and the respective county’s website information concerning the early voting procedure. The early voting information must include, but may not be limited to, a notice to the public concerning their eligibility to participate in early voting, the duration of the early voting period, and the locations and hours of operation of specially designated polling places for early voting in each county.

Funds to pay for early voting would be provided to each county governing body and each non-partisan municipal governing body that approves early voting in such amounts as the State Treasurer and the Director of the Division of Budget and Accounting in the Department of the Treasury deem necessary to cover any additional costs incurred as a result of this bill.

This bill will take effect on January 1 next following the date of enactment. This bill is based on the early voting procedures used by other states that permit in-person voting prior to the day of certain elections.
