8 1. a. As used in this section, “commercially-developed
9 standardized assessment” means an assessment that requires all test
10 takers to answer the same questions, or a selection of questions
11 from a common bank of questions, in the same manner, and is
12 developed and scored by an entity under a contract with a board of
13 education. ¹A commercially-developed standardized assessment
14 shall not include diagnostic and formative assessments used by
15 teaching staff members to identify particular student learning needs
16 or the need for special services, or to modify instructional strategies
17 to improve ²an² individual ²【student】 student’s² learning.¹

18 b. A board of education shall not administer any commercially-
19 developed standardized assessment that is not required pursuant to
20 State or federal law to a student enrolled in kindergarten through
21 the second grade. Nothing in this section shall be construed to limit
22 the ability of a classroom teacher or board of education to develop,
23 administer, and score an assessment for an individual classroom,
24 grade level, or group of grade levels in any subject area in
25 kindergarten through the second grade.
