1 This bill requires that teachers appointed to teach health, health
2 and physical education, or physical education in grades
3 kindergarten through six possess the appropriate endorsement to
4 their instructional certificate. However, the bill exempts from the
5 bill's certification requirements persons who teach former Abbott
6 district kindergarten students under a contract between the former
7 Abbott district and a licensed child care center or other provider.
8 The bill also includes a "grandfather" provision that will allow
9 teachers who received an elementary school endorsement prior to
10 the bill's effective date, to continue to be permitted to teach health
11 and physical education, physical education, or health at these grade
12 levels.
