This constitutional amendment requires that the entire amount of revenue derived from the tax on the sale of motor fuels be dedicated to the Transportation Trust Fund (the fund).

Currently, the State Constitution dedicates $0.105 per gallon from the tax imposed on the sale of motor fuels to the fund. Under current law, the motor fuels tax is $0.105 per gallon for gasoline and blended fuel that contains gasoline and $0.135 per gallon for diesel fuel, blended fuel that contains diesel fuel, and kerosene.

The amendment dedicates to the fund an amount equal to three cents per gallon sold of diesel fuel, blended fuel that contains diesel fuel, and kerosene that is not currently constitutionally required to go to the fund. In addition, the amendment would require that additional revenue derived from any future increase in the motor fuels tax go to the fund.

Amounts in the fund may only be used for the purposes of paying or financing the cost of planning, acquisition, engineering, construction, reconstruction, repair, and rehabilitation of the transportation system in this State.
