This proposed amendment to the Constitution of the State of New Jersey shall, if approved, be applicable to action upon bills and joint resolutions pending in either house of the Legislature during the legislative sessions constituted on and after approval of this amendment by the voters.
STATEMENT

This concurrent resolution proposes an amendment to the State Constitution requiring all bills or joint resolutions proposing a new or increased State tax, fee, surcharge or civil penalty be passed by a two-thirds majority of the authorized membership of each house of the Legislature. The purpose of this measure is to strengthen the procedural standard which must be satisfied before the State embarks upon certain traditional revenue raising methods. Currently, the Constitution of the State of New Jersey requires only a majority vote of the members in each house of the Legislature to pass a bill. This means that the Legislature could deliver a new or increased tax, fee, surcharge or civil penalty to the Governor’s desk for signature with no more than a simple majority in each house. This measure would ensure that no bill or joint resolution proposing a new or increased State tax, fee, surcharge or civil penalty could be enacted without a two-thirds majority vote in each house. This enhanced procedural standard will ensure that the revenue raising methods subject to this proposal must be agreeable to a supermajority of the Legislature before securing enactment.
