16 the 2008-2009 school year after the State aid adjustment or the

30 school years, the preschool per pupil aid amounts shall be  
31 established in the Educational Adequacy Report, with the amounts  
32 adjusted by the CPI for each of the two school years following the  
33 first school year to which the report is applicable.

34 e. A district shall appropriate preschool education aid in a

STATEMENT

13

14 This bill amends the “School Funding Reform Act of 2008”  
15 (SFRA), P.L.2007, c.260, to eliminate the required expansion of  
16 preschool programs beyond the former Abbott school districts.  
17 Under SFRA, all school districts classified in District Factor Group  
18 (DFG) A or B, and districts classified DFG CD in which at least 40  
19 percent of the students are deemed at-risk, are required to provide  
20 access to full-day preschool to all three- and four-year old children  
21 residing in the district. All other school districts are required to  
22 provide access to full-day preschool to at-risk three- and four-year  
23 old children residing in the district. The law defines “at-risk” as  
24 living in a household with an income that makes the child eligible  
25 to receive free or reduced-price lunch. Districts are to achieve full  
26 implementation of the program by the 2013-2014 school year.

27 The bill eliminates these requirements for most school districts.  
28 The 31 school districts that were classified as Abbott districts prior  
29 to the enactment of SFRA would still be required to provide access  
30 to preschool for all three- and four-year old children. Similarly,  
31 five school districts that received approval from the Commissioner  
32 of Education to begin preschool expansion in the 2008-2009 school  
33 year would also be required to provide similar access. These  
34 districts would receive preschool education aid based on the per  
35 pupil amounts established in SFRA.

36 All other school districts would receive preschool education aid  
37 based on the amount of preschool funding received in prior years.  
38 Districts that received aid through the Early Launch to Learning  
39 Initiative (ELLI) program in the 2007-2008 school year would  
40 receive preschool education aid equal to the amount of ELLI aid.  
41 School districts that received early childhood program aid (ECPA)  
42 in the 2007-2008 school year and are not required to provide  
43 universal preschool under this bill would receive preschool  
44 education aid equal to the amount of per pupil preschool funding  
45 received in the prior year, inflated by the CPI, and multiplied by the  
46 projected enrollment.
