(b) In addition to the tax, if any, imposed by paragraph (1) of this subsection, a cents-per-gallon tax is imposed on each company’s gross receipts derived from the first sale of petroleum products within this State on diesel fuel, blended fuel that contains diesel fuel or is intended for use as diesel fuel, and kerosene other than aviation grade kerosene at the rate of four cents per gallon before July 1, 2017 and at the rate of eight cents per gallon on and after July 1, 2017.

b. There is imposed on each company that imports or causes to be imported, other than by a company subject to and having paid the tax on those imported petroleum products that have generated gross receipts taxable under subsection a. of this section, petroleum products for use or consumption by it within this State a tax at the rate of two and three-quarters percent (2 3/4%) or rates of the consideration given or contracted to be given and the gallonage, determined pursuant to subsection a. of this section, for such petroleum products if the consideration given or contracted to be given for all such deliveries made during a quarterly period exceeds $5,000; provided however, that the applicable tax rate for fuel oils, aviation fuels and motor fuels subject to tax under R.S.54:39-1 et seq. shall be converted to a cents per gallon rate, rounded to the nearest cent, that shall be calculated by the use of the average retail
price per gallon of unleaded regular gasoline in December 1990, as
determined in a survey of retail gasoline prices that included a
Statewide representative random sample conducted in December

(c) (1) For State fiscal years 2018 through 2026, the rate of tax
imposed on highway fuel pursuant to subsection a. of this section
shall be adjusted annually so that the total revenue derived from
highway fuel shall not exceed the highway fuel cap amount.

(2) The State Treasurer shall, on or before December 31, 2016,
determine the highway fuel cap amount as the sum of:

(a) the taxes collected for State Fiscal Year 2016 pursuant to
paragraphs (1) and (2) of subsection a. of section 3 of P.L.2010,
c.22 (C.54:39-103) on highway fuel,

gallonage of highway fuel subject to motor fuel tax in State Fiscal
Year 2016 at the rate of 23 cents per gallon.

(3) On or before August 15 of each State Fiscal Year following
State Fiscal Year 2017, the State Treasurer and the Legislative
Budget and Finance Officer shall determine the total revenue
derived from:

(a) the taxes collected for the prior State Fiscal Year pursuant to

pursuant to paragraph (1) of subsection a. of this section.

(4) Upon consideration of the result of the determination
pursuant to paragraph (3) of this subsection, and consultation with
the Legislative Budget and Finance Officer, the State Treasurer
shall determine the rate of tax to be imposed on highway fuel
pursuant to subsection a. of this section that will result in revenue
from:

(a) the taxes collected on highway fuel for the current State
Fiscal Year pursuant to paragraphs (1) and (2) of subsection a. of
section 3 of P.L.2010, c.22 (C.54:39-103),
(b) the revenue derived from the tax imposed pursuant to
paragraph (2) of subsection a. of this section on highway fuel at the
rate of four cents per gallon for the current State Fiscal Year, and
(c) the revenue derived from the taxation of highway fuel
pursuant to paragraph (1) of subsection a. of this section.
equaling the highway fuel cap amount determined pursuant to paragraph (2) of this subsection, as adjusted pursuant to paragraph (5) of this subsection;
and that rate shall take effect on the October 1 of that year.

(5) If the actual revenue determined pursuant to paragraph (3) of this subsection exceeds the highway fuel cap amount determined pursuant to paragraph (2) of this subsection, then the highway fuel cap amount for the succeeding year shall be decreased by the amount of the excess in setting the rate pursuant to paragraph (4) of this subsection. If the actual revenue determined pursuant to paragraph (3) of this subsection is less than the highway fuel cap amount determined pursuant to paragraph (2) of this subsection, then the highway fuel cap amount for the succeeding year shall be increased by the amount of the shortfall in setting the rate pursuant to paragraph (4) of this subsection.

12. Section 2 of P.L.1991, c.19 (C.54:15B-9) is amended to read as follows:

2. a. A person who shall purchase or otherwise acquire petroleum products, upon which the petroleum products gross receipts tax has not been paid and is not due pursuant to subsection b. of section 5 of P.L.1990, c.42 (C.54:15B-5) or upon which a reimbursement payment has been paid pursuant to section 3 of this act] P.L.1991, c.19 (C.54:15B-10), from a federal government department, agency or instrumentality, or any agent or officer thereof, for use not specifically associated with any federal government function or operation, shall pay to the State a tax equivalent to two and three-quarters percent (2 3/4%) at the rate or rates of the consideration given or contracted to be given for the purchase or acquisition of the petroleum products and the gallonage, determined pursuant to subsection a. of section 3 of P.L.1990, c.42 (C.54:15B-3) in accordance with the procedures set forth in the "Petroleum Products Gross Receipts Tax Act," P.L.1990, c.42 (C.54:15B-1 et seq.).

   (cf: P.L.1991, c.19, s.3)

14. (New section) a. There is levied a tax on persons, other than licensed companies pursuant to section 6 of P.L.1991, c.181 (C.54:15B-12), holding the fuels enumerated in subparagraph (a) of paragraph (2) of subsection a. of section 3 of P.L.1990, c.42 (C.54:15B-3) in storage for sale as of the close of the first business day following the date of enactment of P.L. , c. (C. ) (pending before the Legislature as this bill) by fifteen days on which tax has previously been paid. The amount of tax shall be the difference between the tax per gallon specified by subsection a. of section 3 of P.L.1990, c.42 (C.54:15B-3) for the type of fuel and the tax previously paid per gallon, multiplied by the gallons in storage of that type of fuel as of the close of the business day on that day.
b. Persons in possession of those fuels in storage as of the close
do of the first business day following the date of enactment of P.L. ,
c. (C. ) (pending before the Legislature as this bill) by fifteen
days shall:
   (1) take an inventory at the close of the business day on that
day;
   (2) report the gallons listed in paragraph (1) of this subsection
on forms provided by the director, not later than 45 days following
the date of enactment of P.L. , c. (C. ) (pending before the
Legislature as this bill) by fifteen days; and
   (3) Remit the tax levied under this section to the director no
later than February 1, 2017.
c. Fuel not reflected in the inventory taken pursuant to
subsection b. of this section is deemed to be previously untaxed,
except to the extent that it is invoiced as delivered tax-paid on or
after July 1, 2016.
d. There is levied a tax on persons, other than licensed
companies pursuant to section 6 of P.L.1991, c.181 (C.54:15B-12),
holding the fuels enumerated in subparagraph (b) of paragraph (2)
of subsection a. of section 3 of P.L.1990, c.42 (C.54:15B-3) in
storage for sale as of the close of the business day on December 31,
2016 on which tax has previously been paid. The amount of tax
shall be the difference between the tax per gallon specified by
subsection a. of section 3 of P.L.1990, c.42 (C.54:15B-3) for the
type of fuel and the tax previously paid per gallon, multiplied by the
gallons in storage of that type of fuel as of the close of the business
day on December 31, 2016.
e. Persons in possession of those fuels in storage as of the close
of the business day on December 31, 2016 shall:
   (1) take an inventory at the close of the business day on
December 31, 2016;
   (2) report the gallons listed in paragraph (1) of this subsection
on forms provided by the director, not later than January 31, 2017;
and
   (3) Remit the tax levied under this section to the director no
later than August 1, 2017.
f. Fuel not reflected in the inventory taken pursuant to
subsection b. of this section is deemed to be previously untaxed,
except to the extent that it is invoiced as delivered tax-paid on or
after January 1, 2017.
g. In determining the amount of tax due under this section, a
person may exclude the amount of fuel in dead storage in each
storage tank
h. As used in this section:
   "Close of the business day" means the time at which the last
transaction has occurred for that day.
   "Dead storage" means the amount of fuel that cannot be pumped
out of a fuel storage tank because the motor fuel is below the mouth
of the draw pipe. The amount of motor fuel in dead storage is 200
gallons for a tank with a capacity of less than 10,000 gallons and
400 gallons for a tank with a capacity of 10,000 gallons or more.

15. (New section) Notwithstanding any provision of the
seq.) to the contrary, the director may adopt immediately upon
filing with the Office of Administrative Law such regulations as the
director deems necessary to implement the provisions of sections 9
through 14 of P.L. , c. (pending before the Legislature as this
bill), which regulations shall be effective for a period not to exceed
360 days following the date of enactment of P.L. , c. (pending
before the Legislature as this bill) and may thereafter be amended,
adopted, or readopted by the director in accordance with the
seq.).

16. (New section) a. The State Treasurer, and the Legislative
Budget and Finance Officer, together with a third public member
who shall be jointly selected thereby, shall constitute the review
council.

b. The review council shall, on or before January 15, 2020,
provide the Governor and the Legislature with an advisory report of
their consensus estimate of the increase or decrease in State
revenues pursuant to each section of P.L. , c. (C. ) (pending
before the Legislature as this bill), and pursuant to this act as a
whole, during the preceding three State fiscal years, including a
comparison of those estimates to the legislative fiscal estimate or
fiscal note published contemporaneous with the enactment of this
act prepared pursuant to P.L.1980, c.67 (C.52:13B-6 et seq.).

c. The review council shall conduct an ongoing review of the
application of each section of P.L. , c. (C. ) (pending before
the Legislature as this bill).

The review council shall, not later than five days after any
Legislative action that halts, delays, or reverses the implementation
of those sections as scheduled on the date of enactment of P.L. , c.
(C. ) (pending before the Legislature as this bill), certify for the
purposes of subparagraph (h) of paragraph (1) of subsection a. of
section 3. of P.L.1990, c.42 (C.54:15B-3) to the Director of the
Division of Taxation that the scheduled implementation of P.L. ,
c. (C. ) had been impeded.

17. This act shall take effect immediately, and sections 9
through 14 shall apply to first sales of petroleum products within
this State and to deliveries of petroleum products for use or
consumption within this State made on or after July 1, 2016.
This bill adjusts certain State taxes. The various changes in State taxes are described as follows:

The bill reduces the New Jersey sales and use tax rate from 7% to 6.5% on January 1, 2017 and to 6% on January 1, 2018. The bill includes special transition provisions for taxing sales transactions which in one way or another stretch across the tax change date (e.g., contractor purchases, installment purchases, leases, and goods or services with delayed delivery or payment).

The bill provides for increases in the petroleum products gross receipts tax rates, which, either by statutory or constitutional dedication, will finance funding for the State’s transportation infrastructure.

Currently, the petroleum products tax is imposed at the rate of 2½ percent on gross receipts from the first sale of petroleum products in New Jersey. In the case of motor fuels, aviation fuels, and heating fuels (home heating fuels are exempt) this rate is converted to $0.04 per gallon.

This bill increases the base rate on petroleum products, other than highway fuel and other than aviation fuel, to 7 percent of gross receipts, and increases the base rate on highway fuel to 12.5 percent of gross receipts.

The 12.5 percent tax on gasoline (which excludes aviation gasoline), gasoline equivalents and liquefied petroleum gas is converted to a cents-per-gallon rate based on the retail price of gasoline before the imposition of State and federal tax. The 12.5 percent tax on diesel fuel, diesel fuel equivalents and kerosene (other than aviation grade kerosene), is converted to a cents-per-gallon rate based on the retail price of number 2 diesel before tax.

Initially, the diesel and kerosene rate will be zero; on and after January 1, 2017 it will be 70 percent of the 12.5 percent rate, and on and after July 1, 2017 it will be taxed at the 12.5 percent rate. These cents-per-gallon rates can be adjusted quarterly, but cannot fall below the rates determined for the quarter beginning July 1, 2016.

The bill provides a cap for the total tax on highway fuel, under the petroleum products gross receipts tax and the motor fuel tax. The State Treasurer and the Legislative Budget and Finance Officer calculate an amount based on actual sales data from FY2016 as if taxed at the new tax rates; the 2016 motor fuel tax collections of highway fuel, plus the four cents per gallon petroleum products tax now in effect, plus the 23 cents per gallon new imposition under the petroleum products tax. This is the highway fuel cap amount.

Each 2017 through 2026 the Treasurer, using U.S. Energy Administration projections for gasoline price and consumption in New Jersey and other data, determines what tax rate should be imposed under the petroleum products tax on highway fuel so that the revenues from the motor fuels tax on highway fuel, the 4 cent
per gallon petroleum tax and the percentage rate petroleum tax will result in the State receiving the highway fuel cap amount for the fiscal year, and the new rate takes effect on October 1. The bill also has a “true-up” provision: if the rate is too high and the State overcollects, then in the next year the rate must be adjusted down to account for the overcollection, and if the State undercollects then the rate is increased to account for the undercollection.

The 7 percent tax on fuel oil is converted to a cents-per-gallon rate based on the pretax retail price of number 2 fuel oil. These rates can be adjusted quarterly, but cannot fall below the rates determined for the quarter beginning July 1, 2016.

Initially, the highway fuels will be subject to an additional cents-per-gallon rate of four cents. On and after July 1, 2017 the additional rate on diesel fuel and kerosene will be raised to eight cents per gallon.

Aviation fuel will be subject to a 4 cents per gallon tax, and taxation of common carriers in interstate and foreign commerce will be limited to the “burnout” portion, both of which are identical to practice under current law.

The bill increases the New Jersey gross income tax pension and retirement income exclusions fivefold over four years. This is intended to reduce the capacity of the State’s personal income tax to diminish the after-tax retirement income available to retired taxpayers in this State.

Generally under current law, taxpayers with $100,000 or less of annual income, who are at least 62 years old, may claim a pension and retirement income exclusion of up to $20,000 for joint filers, $15,000 for individuals, and $10,000 for married but filing separately.

This bill increases the personal income tax’s pension and retirement income exclusion to $100,000 for joint filers, $75,000 for individuals, and $50,000 for married but filing separately. The bill phases in the five-fold exclusion increase over four years as follows:

Currently, the pension and retirement income exclusions are not allowed to a taxpayer who has gross income of more than $100,000 for the taxable year. For taxable years beginning on or after January 1, 2021, the bill allows a taxpayer with income of more than $100,000 but not over $125,000 to exclude 50 percent of the amount of pension and retirement income otherwise allowed and a taxpayer with more than $125,000 but not more than $150,000 of gross income to exclude 25 percent of the amount otherwise allowed.
The bill establishes a three-member review council, composed of the State Treasurer, the Legislative Budget and Finance Officer, and a third public member selected by both. The review council will report to the Governor and the Legislature by January 15, 2020, on the council’s consensus estimate of the increase or decrease in State revenues caused by each section of this bill during the three prior fiscal years compared to the estimates at the time of enactment.

The review council will monitor the actions of the Legislature on an ongoing basis for interference with the implementation of the provisions of the bill. If implementation is impeded, (by, for example, delaying a phase-in of an increased tax exclusion, freezing a scheduled rate reduction, or repealing one of the bill’s provisions), the council will certify this interference to the Director of the Division of Taxation. This certification triggers the cessation of imposition of one of the components of the petroleum products gross receipts tax, and collection of that part of the tax ends.
