

**ASSEMBLY BILL NO. 3091**  
**(First Reprint)**

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I am returning Assembly Bill No. 3091 (First Reprint) with my recommendations for reconsideration.

This bill would establish an absolute ban on the issuance of marriage and civil union licenses ("marriage licenses") for people under age 18. New Jersey law currently permits the issuance of these licenses to 16 and 17 year-olds with parental consent and to persons below age 16 with both parental consent and judicial approval.

I agree that protecting the well-being, dignity, and freedom of minors is vital, but the severe bar this bill creates is not necessary to address the concerns voiced by the bill's proponents and does not comport with the sensibilities and, in some cases, the religious customs, of the people of this State.

All 50 states have established minimum ages for the issuance of marriage licenses and all 50 states have statutory exceptions. New Jersey should not depart from that norm. However, to ensure that the well-being of minors seeking to get married in our State is secured, I am recommending that this bill be amended so that a marriage license no longer be issued for a person under the age of 16.

I also would require judicial approval for the issuance of a marriage license to persons who are age 16 and 17. Judges of the Superior Court have long been charged with reviewing marriage license applications for minors under the age of 16. I have confidence that the same ethical, moral, and common sense values will be used in considering applications for marriage licenses for minors age 16 and 17.

An exclusion without exceptions would violate the cultures and traditions of some communities in New Jersey based on religious traditions. Judicial oversight would permit consideration of these factors in the 16 and 17 year old timeframe.

Finally, it is disingenuous to hold that a 16 year old may never consent to marriage, although New Jersey law permits the very same 16 year old to consent to sex or obtain an abortion without so much as parental knowledge, let alone consent. That inconsistency in logic undercuts the alleged logic of an outright ban.

Accordingly, I herewith return Assembly Bill No. 3091 (First Reprint) and recommend that it be amended as follows:
