35 recent federal poverty guidelines.

37 applicant shall be determined pursuant to section 3 of this act, and
38 shall be used to reimburse the applicant for a portion of his student
39 loan payments under a federal or New Jersey student loan program
40 for a maximum period of three years.

41
42 2. a. The Department of Labor and Workforce Development
43 shall designate up to five fields of employment that qualify an
44 eligible applicant for student loan reimbursement under the
45 “Succeed in New Jersey” program. Each designated field shall
46 meet at least one of the following criteria:

47 (1) the field currently has an unmet workforce need in the State;

48 or

1 (2) the field provides a public good or benefit to the citizens of
2 the State and is a low wage field.

3 b. Every three years, the Department of Labor and Workforce
4 Development shall conduct a reassessment of its designated fields
5 of employment under the criteria of subsection a. of this section.

30 awards under the “Succeed in New Jersey” program shall not
31 exceed \$10 million per year.

27 STATEMENT

28
29 This bill would establish the “Succeed in New Jersey” student
30 loan reimbursement program within the Higher Education Student
31 Assistance Authority (HESAA). The purpose of the program is to
32 alleviate the burden of student loan debt for recent college
33 graduates who are residents of New Jersey and are employed in
34 certain fields designated as eligible for the program by the
35 Department of Labor and Workforce Development. Loan
36 reimbursement under the program will be used to reimburse an
37 applicant for a portion of his student loan payments under a federal
38 or New Jersey student loan program for a maximum period of three
39 years. To be eligible to receive loan reimbursement under the
40 program, an applicant must: (1) be a resident of New Jersey and
41 have resided in the State for at least 3 months; (2) be a United
42 States citizen or eligible noncitizen; (3) have earned an
43 undergraduate degree in or after December 2014; (4) apply for the
44 program within four years of obtaining an undergraduate degree; (5)
45 have an outstanding student loan balance under a federal or New
46 Jersey student loan program; (6) be employed in one of the
47 designated fields with a primary work location in New Jersey; and

1 (7) have an income that does not exceed 500 percent of the federal
2 poverty guidelines.

3 Under the program, the Department of Labor and Workforce
4 Development will designate up to five fields of employment that
5 qualify an eligible applicant for student loan reimbursement. Each
6 field must meet at least one of the following criteria: (1) the field
7 currently has an unmet workforce need in the State; or (2) the field
8 provides a public good or benefit to the citizens of the State and is a
9 low wage field. Every three years, the department will conduct a
10 reassessment of the eligible fields of employment under the
11 program.

12 The amount of a loan reimbursement award for an eligible
13 applicant will be determined by a sliding scale based on income, as
14 follows: (1) up to \$6,000 in loan reimbursement per year for an
15 eligible applicant with an income that is less than or equal to 300
16 percent of the federal poverty guidelines; (2) up to \$4,000 in loan
17 reimbursement per year for an eligible applicant with an income
18 that is greater than 300 percent but less than or equal to 400 percent
19 of the federal poverty guidelines; and (3) up to \$2,000 in loan
20 reimbursement per year for an eligible applicant with an income
21 that is greater than 400 percent but less than or equal to 500 percent
22 of the federal poverty guidelines. The bill caps total State
23 expenditures for student loan reimbursement awards under the
24 program at \$10 million per year.

25 As a condition of continued participation in the program for a
26 maximum period of three years, a program participant must
27 maintain residency in the State and remain current with payments
28 on student loans. Participants also must submit documentation each
29 year to HESAA verifying their employment and income.

30 The bill requires HESAA to submit a report to the Governor and
31 the Legislature three years after the establishment of the "Succeed
32 in New Jersey" program and every three years thereafter. The
33 report will include information on the total number of participants
34 receiving loan reimbursement under the program; the number of
35 participants employed in each of the eligible fields under the
36 program; and the total amount of loan reimbursement awards issued
37 under the program each year.
