STATEMENT

This bill requires candidates for President and Vice-President of the United States to submit their federal income tax returns to the Division of Elections in the Department of State for at least the five most recent taxable years for which the candidate has filed such a return with the Internal Revenue Service. Under the bill, each candidate would also submit written consent to the division for the public disclosure of the income tax returns. The bill requires a candidate for President or Vice-President of the United States to file the income tax returns and written consent for disclosure with the division no later than 50 days before the general election. The division would then post the income tax returns on its Internet website no later than seven days after the candidate has filed the income tax returns with the division. The bill requires the division, in consultation with the Attorney General, to redact any information contained in the income tax returns that the division deems necessary before the division posts the income tax returns on its website.
