screenings in 2015. Each year, the centers offer education and outreach programs providing sexuality and family planning education to more than 37,000 women, men, and young people throughout the State; and

WHEREAS, For 100 years, Planned Parenthood has helped lead massive changes in women’s reproductive health care, provided critical health care services to the medically underserved, and empowered millions of women, men, and young people in this country and worldwide to make informed health care decisions, transforming the way they live, learn, and work; and

WHEREAS, Planned Parenthood’s commitment to offer reproductive health care to women and provide basic health care services to the medically underserved, both in this country and around the world, has grown over the past century and is continuing to grow as the organization enters its second century; now, therefore,

BE IT RESOLVED by the General Assembly of the State of New Jersey:

1. This House commemorates the 100th anniversary of the founding of Planned Parenthood and recognizes its commitment to offer reproductive health care to women and provide basic health care services to the medically underserved, both in this country and around the world.

2. The Governor may issue a proclamation calling upon public officials and the citizens of this State to commemorate the 100th anniversary of the founding of Planned Parenthood with appropriate programs and events.

STATEMENT

This resolution commemorates the 100th anniversary of the founding of Planned Parenthood and recognizes its commitment to offer reproductive health care to women and provide basic health care services to the medically underserved, both in this country and around the world.
