## STATEMENT TO

### ASSEMBLY, No. 1335

with committee amendments

# STATE OF NEW JERSEY

DATED: DECEMBER 6, 2018

The Assembly Education Committee reports favorably Assembly Bill No. 1335 with committee amendments.

As amended, this bill requires each board of education to provide instruction on the political, economic, and social contributions of persons with disabilities and lesbian, gay, bisexual, and transgender people in an appropriate place in the curriculum of middle school and high school students as part of the district's implementation of the New Jersey Student Learning Standards.

The bill provides that when adopting instructional materials for use in the schools of the district, a board of education must adopt inclusive instructional materials that portray the cultural and economic diversity of society including the political, economic, and social contributions of persons with disabilities and lesbian, gay, bisexual, and transgender people, where appropriate. The board of education must have policies and procedures in place in regard to the selection of these materials.

This bill is modeled on a law adopted in California, the "Fair, Accurate, Inclusive, and Respectful Education (FAIR) Act," which took effect on January 1, 2012. The bill's provisions first apply to the 2020-2021 school year.

This bill was pre-filed for introduction in the 2018-2019 session pending technical review. As reported, the bill includes the changes required by technical review, which has been performed.

As amended and reported by the committee, this bill is identical to Senate Bill No. 1569 (1R) with Assembly committee amendments, which also was reported by the committee on this same date.

1) specify that a board of education must have policies and procedures in place pertaining to the selection of the instructional materials necessary to implement the bill's requirements;

Student Learning Standards, and eliminate specific reference to the Social Studies Standards; and
