STATEMENT

This bill permits a licensee or registrant who sells less than 60
stock-keeping units per month of an alcoholic beverage to retailers
in this State to petition the Director of the Division of Alcoholic
Beverage Control (ABC) to file only an initial current price list no
later than December 15th preceding the year in which the alcoholic
beverage will be sold. The bill grants the director the authority to
change the December 15th filing date or establish multiple filing
dates during the first year following the bill’s effective date.
Currently, ABC requires a current price list to be filed monthly
regardless of the number of stock-keeping units of an alcoholic
beverage sold per month.

Under the bill, a price list filed by a licensee or registrant who
continues to sell less than 60 stock-keeping units per month remains
in effect until the licensee or registrant files an amendatory current
price list. If the alcoholic beverages listed or the price of alcoholic
beverages change, the licensee or registrant is to file with the
director an amendatory current price list no later than the 15th day
of the month preceding the month in which the change will take
effect.
The bill further requires the director to permit electronic filing of an initial or amendatory price list within 18 months following the bill’s enactment.

Finally, the bill removes from current law a provision requiring the holder of a limited brewery license or distillery license to provide a tour of the facility when selling the brewery’s or distillery’s respective products for consumption on the licensed premises.
