ASSEMBLY, No. 3769 STATE OF NEW JERSEY 218th LEGISLATURE

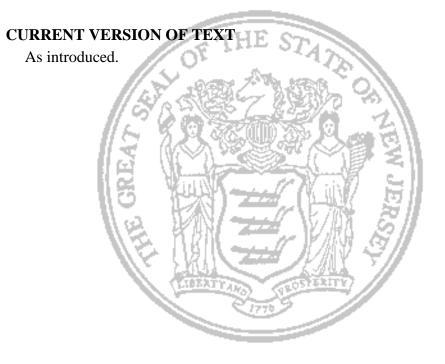

INTRODUCED APRIL 5, 2018

Sponsored by: Assemblyman ANDREW ZWICKER District 16 (Hunterdon, Mercer, Middlesex and Somerset) Assemblyman ROY FREIMAN District 16 (Hunterdon, Mercer, Middlesex and Somerset) Assemblywoman JOANN DOWNEY District 11 (Monmouth)

Co-Sponsored by: Assemblywoman McKnight, Assemblymen Benson, DiMaio, Armato and Peterson

SYNOPSIS

Requires DOH to license certain qualifying hospitals to provide full service diagnostic cardiac catheterization, primary angioplasty, and elective angioplasty services.

(Sponsorship Updated As Of: 5/17/2019)

2

1 AN ACT concerning hospital licensure to perform certain cardiac 2 procedures, amending P.L.1992, c.160, and supplementing Title 3 26 of the Revised Statutes. 4 5 **BE IT ENACTED** by the Senate and General Assembly of the State 6 of New Jersey: 7 8 1. (New section) As used in this act: 9 "Angioplasty" or "percutaneous coronary intervention" means 10 the mechanical reopening of an occluded vessel in the heart or 11 corona using a balloon-tipped catheter. 12 "Applicant hospital" means a general hospital that has entered into a collaboration agreement with a cardiac surgery center 13 licensed in New Jersey. 14 15 "C-PORT-E study" means the Atlantic Cardiovascular Patient 16 Outcomes Research Team Elective Angioplasty Study clinical trial. "Collaboration agreement" means an agreement between a 17 18 licensed cardiac surgery center and a general hospital that includes: 19 (1) written protocols for enrolled patients who require transfer 20 to, and receipt at, a cardiac surgery center's operating room within one hour of the determination of the need for such transfer, 21 22 including the emergency transfer of patients who require an intra-23 aortic balloon pump; 24 (2) regular consultation between the two hospitals on individual 25 cases, including use of technology to share case information in a 26 rapid manner; and 27 (3) evidence of adequate cardiac surgery on-call backup. "Commissioner" means the Commissioner of Health. 28 29 "Department" means the Department of Health. 30 "Elective angioplasty" means an angioplasty or percutaneous 31 coronary intervention performed on a non-emergent basis. "Primary angioplasty" means an angioplasty or percutaneous 32 33 coronary intervention performed on an acute or emergent basis. 34 35 2. (New section) a. An applicant hospital may apply to the commissioner for a license to provide full service diagnostic cardiac 36 37 catheterization services. The commissioner shall issue a license 38 pursuant to such application to any hospital that: 39 (1) is not licensed as a cardiac surgery center; 40 (2) is licensed by the department to provide low-risk 41 catheterization services; 42 (3) demonstrates the ability to provide full service diagnostic 43 catheterization services consistent with national standards of care 44 and current best practices;

EXPLANATION – Matter enclosed in **bold-faced brackets** [thus] in the above bill is not enacted and is intended to be omitted in the law.

Matter underlined <u>thus</u> is new matter.

(4) commencing in the second year of licensure pursuant to this
 subsection, and in each year thereafter, performs at least 250
 catheterizations per year, with each interventional cardiologist
 performing at least 50 catheterizations per year; and
 (5) meets such other requirements as the commissioner may

6 establish by regulation.

b. An applicant hospital may apply to the commissioner for a
license to provide primary angioplasty services. The commissioner
shall issue a license pursuant to such application to any hospital
that:

11 (1) is not licensed as a cardiac surgery center;

(2) has been licensed for at least six months pursuant to
subsection a. of this section to provide full service diagnostic
catheterization services;

(3) demonstrates the ability to provide primary angioplasty
services consistent with national standards of care and current best
practices; and

(4) meets such other requirements as the commissioner mayestablish by regulation.

c. An applicant hospital may apply to the commissioner for a
license to provide elective angioplasty services. The commissioner
shall issue a license pursuant to such application to any hospital
that:

24 (1) is not licensed as a cardiac surgery center;

(2) holds licensure to participate in the C-PORT-E study or the
Elective Angioplasty Demonstration Project, or is an applicant
hospital licensed by the department to provide primary angioplasty
services pursuant to subsection b. of this section;

(3) demonstrates the ability to provide elective angioplasty
services consistent with national standards of care and current best
practices;

(4) commencing in the second year of licensure pursuant to this
subsection, and in each year thereafter, performs a minimum of 200
elective angioplasty procedures per year, with each interventional
cardiologist performing at least 75 elective angioplasty procedures
per year; and

(5) meets such other requirements as the commissioner mayestablish by regulation.

d. The commissioner may waive any requirement for licensure
established pursuant to this section based on the applicant hospital's
special need or the applicant hospital's special experience with
cardiac and endovascular catheterizations.

43

3. (New section) Prior to performing any procedure authorized
under a license issued pursuant to section 2 of P.L., c. (C.)
(pending before the Legislature as this bill), the applicant hospital
shall furnish the following information to the patient and afford the

1 patient the opportunity to review and consider such information 2 before being asked to consent in writing to the procedure: 3 a. notice that the procedure is not being performed at a licensed 4 cardiac surgery center, and in the event that the patient requires 5 emergency cardiac surgery, the patient will be transferred to a 6 licensed cardiac surgery center; and 7 b. details concerning the applicant hospital's plan and protocols 8 for transferring patients who require emergency cardiac surgery, 9 including the name and location of the cardiac surgery center with 10 which the applicant hospital has entered into a collaboration 11 agreement. 12 The applicant hospital shall, upon request, furnish the patient with a written copy of the hospital's transfer protocols and a 13 summary of the collaboration agreement. 14 15 16 4. Section 19 of P.L.1992, c.160 (C.26:2H-7a) is amended to 17 read as follows: 19. Notwithstanding the provisions of section 7 of P.L.1971, 18 19 c.136 (C.26:2H-7) to the contrary, the following are exempt from 20 the certificate of need requirement: 21 Community-based primary care centers; 22 Outpatient drug and alcohol services; 23 Hospital-based medical detoxification for drugs and alcohol; 24 Ambulance and invalid coach services; 25 Mental health services which are non-bed related outpatient 26 services; 27 Full service diagnostic catheterization services, primary angioplasty services, and elective angioplasty services in 28 accordance with a license issued under section 2 of 29 30 P.L., c. (C.) (pending before the Legislature as this bill); Residential health care facility services; 31 32 Dementia care homes; 33 Capital improvements and renovations to health care facilities; 34 Additions of medical/surgical, adult intensive care and adult 35 critical care beds in hospitals; Inpatient special psychiatric beds used solely for services for 36 37 patients with co-occurring mental health and substance use 38 disorders; 39 Replacement of existing major moveable equipment; 40 Inpatient operating rooms; 41 Alternate family care programs; 42 Hospital-based subacute care; 43 Ambulatory care facilities; 44 Comprehensive outpatient rehabilitation services; 45 Special child health clinics; 46 New technology in accordance with the provisions of section 18

47 of P.L.1998, c.43 (C.26:2H-7d);

A3769 ZWICKER, FREIMAN

5

1 Transfer of ownership interest except in the case of an acute care 2 hospital; 3 Change of site for approved certificate of need within the same 4 county; 5 Additions to vehicles or hours of operation of a mobile intensive 6 care unit; 7 Relocation or replacement of a health care facility within the 8 same county, except for an acute care hospital; 9 Continuing care retirement communities authorized pursuant to 10 P.L.1986, c.103 (C.52:27D-330 et seq.); 11 Magnetic resonance imaging; 12 Adult day health care facilities; Pediatric day health care facilities; 13 14 Chronic or acute renal dialysis facilities; and 15 Transfer of ownership of a hospital to an authority in accordance 16 with P.L.2006, c.46 (C.30:9-23.15 et al.). 17 (cf: P.L.2017, c.94, s.1) 18 19 5. The Commissioner of Health may, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et 20 seq.), adopt such rules and regulations as shall be necessary to 21 22 implement the provisions of this act. 23 24 6. This act shall take effect immediately. 25 26 27 **STATEMENT** 28 29 This bill requires the Department of Health (DOH) to license 30 certain hospitals to provide full service diagnostic cardiac catheterization, primary angioplasty, and elective angioplasty 31 services. 32 33 Specifically, the bill provides that a hospital that is not a licensed 34 cardiac surgery center may apply to the Commissioner of Health: • For a license to provide full service diagnostic cardiac 35 36 catheterization services, provided the hospital is licensed by DOH to provide low-risk catheterization services and, 37 commencing in the second year of licensure, and in each 38 39 year thereafter, performs at least 250 catheterizations per year, with each interventional cardiologist performing at 40 41 least 50 catheterizations per year; For a license to provide primary angioplasty services, which 42 43 are angioplasty procedures performed on an acute or emergency basis, provided the hospital has been licensed to 44 provide full service diagnostic catheterization services under 45 46 the bill for at least six months; and • For a license to provide elective angioplasty services, 47 provided the hospital is licensed to provide primary 48

1 angioplasty services under the bill or was licensed to 2 participate in the Atlantic Cardiovascular Patient Outcomes Research Team Elective Angioplasty Study (C-PORT-E) 3 4 clinical trial or the State Elective Angioplasty Demonstration 5 Project, and, commencing in the second year of licensure, 6 and in each year thereafter, performs a minimum of 200 7 elective angioplasty procedures per year, with each 8 interventional cardiologist performing at least 75 elective 9 angioplasty procedures per year.

10 A hospital applying for licensure under the bill will be required 11 to enter into a collaboration agreement with a licensed cardiac 12 surgery center; the agreement is to include written protocols for 13 transferring patients requiring emergency cardiac surgery to the 14 licensed cardiac surgery center, regular consultation between the 15 hospitals on individual cases, and evidence of adequate cardiac 16 surgery on-call backup. Applicant hospitals will further be required 17 to demonstrate the ability to provide services consistent with 18 national standards of care and current best practices and to meet any 19 other requirements established by the commissioner by regulation. 20 The commissioner will be permitted to waive any requirement for 21 licensure based on the applicant hospital's special need or the 22 applicant hospital's special experience with cardiac and 23 endovascular catheterizations.

24 Before providing services authorized pursuant to a license issued 25 under the bill or requesting written consent for the procedures, a 26 hospital will be required to ensure that patients receive, and have an 27 opportunity to review, written notice providing that the procedure is 28 not being performed at a licensed cardiac surgery center, the patient 29 will be transferred to a licensed cardiac surgery center in the event 30 of an emergency, and the name and location of the cardiac surgery 31 center with which the applicant hospital has entered into a 32 collaboration agreement. The hospital is to additionally provide 33 patients, upon request, with a written copy of the hospital's transfer 34 protocols and a summary of the collaboration agreement. 35 The bill provides an exception from the certificate of need 36 requirement for diagnostic catheterization and angioplasty services 37 authorized by a license issued under the bill.

38 Angioplasty, which is also known as percutaneous coronary 39 intervention (PCI), is a procedure used to widen clogged arteries 40 and help remove blockages, restoring blood flow and potentially 41 reducing the risk of an adverse cardiac event. In 2012, the C-42 PORT-E study found that there is no increased risk of death or 43 complications from an elective angioplasty procedure performed at 44 a facility that does not have cardiac surgery capabilities, as 45 compared with a licensed cardiac surgery center.

46 It is the sponsor's belief that expanding the number of facilities
47 that are authorized to perform certain cardiac interventions,
48 consistent with studies suggesting that these procedures can safely

A3769 ZWICKER, FREIMAN 7

- 1 and routinely be performed outside of licensed cardiac surgery
- 2 centers, will improve access to high quality cardiovascular care for
- 3 patients throughout New Jersey.
