STATEMENT

41

42 This bill increases the hourly limit of reimbursable personal care
43 assistant services under the NJ WorkAbility Program from 40 hours
44 per calendar workweek to 112 hours per calendar workweek. The
45 NJ WorkAbility Program provides full State Medicaid health
46 coverage to individuals with disabilities who are working and whose
47 earnings would otherwise make them ineligible for Medicaid. The
48 regulations (N.J.A.C.10:72-9 et seq.) governing the Program provide

1 that all services available through the NJ WorkAbility Program
2 must be provided through existing Medicaid contracts held by the
3 Division of Medical Assistance and Health Services (DMAHS) in
4 the Department of Human Services. Currently, the reimbursement
5 of personal care assistant services under such contracts is limited to
6 40 hours per calendar work week.

7 Individuals must meet the following guidelines in order to be
8 eligible for the NJ WorkAbility Program: 1) be between the ages of 16
9 and 64; 2) work part time, full time, or be self-employed and have
10 proof of employment; 3) have a permanent disability as determined by
11 the United States Social Security Administration or the Disability
12 Review Team in DMAHS; and 4) have an earned income below 250
13 percent, and an unearned income below 100 percent, of the federal
14 poverty level. An individual participating in the program must pay a
15 \$25 monthly premium in order to receive full Medicaid coverage.
