**ASSEMBLY, No. 4439**

with Assembly Floor Amendments  
(Proposed by Assemblyman ARMATO)

ADOPTED: MARCH 25, 2019

These General Assembly amendments permit, rather than require, a hotel to decline occupancy to a guest for a period of time if an accused guest is convicted of a crime in connection with an incident brought to the attention of the hotel employer.

The amendments also remove the requirement to report “inappropriate conduct.”

The amendments also correct internal references within the bill.
