"Quasi-governmental agency" means any association,
commission, agency, authority, organization, public-private entity,
or any other entity, in which one or more public agencies exercise

approval of, a public agency primarily for the purpose of assisting
that public agency or any labor organization or any contractor
providing goods or services to a public agency except as otherwise
provided by this subsection. However, nothing contained herein
shall affect the application of P.L.1963, c.73 (C.47:1A-1 et seq.) to
entities that otherwise fall within the definition of “public agency.”
The term shall not mean a volunteer fire company or a volunteer
fire department established pursuant to N.J.S.40A:14-68, or a

4. Section 3 of P.L.1963, c.73 (C.47:1A-3) is amended to read
as follows:

3. a. Notwithstanding the provisions of P.L.1963, c.73
(C.47:1A-1 et seq.) as amended and supplemented, where it shall
appear that the record or records which are sought to be inspected,
copied, or examined shall pertain to an investigation in progress by
any public agency, the right of access provided for in P.L.1963,
c.73 (C.47:1A-1 et seq.) as amended and supplemented may be
denied if the inspection, copying or examination of such record or
records shall be inimical to the public interest; provided, however,
that this provision shall not be construed to allow any public agency
to prohibit access to a record of that agency that was open for
public inspection, examination, or copying before the investigation
commenced. Whenever a public agency, during the course of an
investigation, obtains from another public agency a government
record that was open for public inspection, examination or copying
before the investigation commenced, the investigating agency shall
provide the other agency with sufficient access to the record to
allow the other agency to comply with requests made pursuant to
P.L.1963, c.73 (C.47:1A-1 et seq.).

b. Notwithstanding the provisions of P.L.1963, c.73 (C.47:1A-
1 et seq.), as amended and supplemented, records containing the
following information concerning a criminal investigation shall be
available to the public within 24 hours or as soon as practicable, of
a request for such information:

where a crime has been reported but no arrest yet made,
information as to the type of crime, time, location and type of
weapon, if any;

if an arrest has been made, information as to the name, address
and age of any victims unless there has not been sufficient
opportunity for notification of next of kin of any victims of injury
and/or death to any such victim or where the release of the names of
any victim would be contrary to existing law or court rule. In
deciding on the release of information as to the identity of a victim,
the safety of the victim and the victim's family, and the integrity of
any ongoing investigation, shall be considered;

if an arrest has been made, information as to the defendant's
name, age, residence, occupation, marital status and similar
background information and, the identity of the complaining party
unless the release of such information is contrary to existing law or
court rule;
information as to the text of any charges such as the complaint, accusation and indictment unless sealed by the court or unless the release of such information is contrary to existing law or court rule; information as to the identity of the investigating and arresting personnel and agency and the length of the investigation; information of the circumstances immediately surrounding the arrest, including but not limited to the time and place of the arrest, resistance, if any, pursuit, possession and nature and use of weapons and ammunition by the suspect and by the police; and information as to circumstances surrounding bail, whether it was posted and the amount thereof.

Notwithstanding any other provision of this subsection, if the custodian of a government record asserts that part of a particular record is exempt from public access pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented, the custodian shall redact from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record. If the custodian of a government record redacts information from a copy of the record, the custodian shall provide the requestor with a redacted version of the document and one affidavit or certified statement for the entire request that states the date of the record, the originator or author of the record, the subject matter or title of the record, the number of pages with redactions, and the specific statutory provision or other lawful basis for each such redaction. The custodian shall redact any such information by deleting or obscuring only that information and shall not alter in any manner the space in the government record formerly occupied by such redacted information. This provision shall only apply to documents redacted on or after the effective date of P.L. , c. (pending before the Legislature as this bill).

Notwithstanding any other provision of this subsection, where it shall appear that the information requested or to be examined will jeopardize the safety of any person or jeopardize any investigation in progress or may be otherwise inappropriate to release, such information may be withheld. This exception shall be narrowly construed to prevent disclosure of information that would be harmful to a bona fide law enforcement purpose or the public safety. Whenever a law enforcement official determines that it is necessary to withhold information, the official shall issue a brief statement explaining the decision.

(cf: P.L.2001, c.404, s.5)

5. Section 6 of P.L.2001, c.404 (C.47:1A-5) is amended to read as follows:

6. a. The custodian of a government record shall permit the record to be inspected, examined, and copied by any person during regular business hours; or in the case of a municipality having a population of 5,000 or fewer according to the most recent federal
decennial census, a board of education having a total district
enrollment of 500 or fewer, or a public authority having less than
$10 million in assets, during not less than six regular business hours
over not less than three business days per week or the entity's
regularly-scheduled business hours, whichever is less; unless a
government record is exempt from public access by: P.L.1963, c.73
(C.47:1A-1 et seq.) as amended and supplemented; any other
statute; resolution of either or both houses of the Legislature;
regulation promulgated under the authority of any statute or
Executive Order of the Governor; Executive Order of the Governor;
Rules of Court; any federal law; federal regulation; or federal order.
Prior to allowing access to any government record, the custodian
thereof shall redact from that record any information which
discloses the social security number, credit card number, personal
debit card number, personal bank account information, unlisted
telephone number, or driver license number of any person; except
for use by any government agency, including any court or law
enforcement agency, in carrying out its functions, or any private
person or entity acting on behalf thereof, or any private person or
entity seeking to enforce payment of court-ordered child support;
except with respect to the disclosure of driver information by the
New Jersey Motor Vehicle Commission as permitted by section 2 of
P.L.1997, c.188 (C.39:2-3.4) or the disclosure of driver information
to any insurer or insurance support organization, or a self-insured
entity, or its agents, employees, or contractors, for use in
connection with claims investigation activities, antifraud activities,
rating or underwriting; and except that a social security number
contained in a record required by law to be made, maintained or
kept on file by a public agency shall be disclosed when access to
the document or disclosure of that information is not otherwise
prohibited by State or federal law, regulation or order or by State
statute, resolution of either or both houses of the Legislature,
Executive Order of the Governor, rule of court or regulation
promulgated under the authority of any statute or executive order of
the Governor. Except where an agency can demonstrate an
emergent need, a regulation that limits access to government
records shall not be retroactive in effect or applied to deny a request
for access to a government record that is pending before the agency,
the council or a court at the time of the adoption of the regulation.
If the custodian of a government record redacts information from
a copy of the record, the custodian shall provide the requestor with
a redacted version of the document and one affidavit or certified
statement for the entire request that states the date of the record, the
originator or author of the record, the subject matter or title of the
record, the number of pages with redactions, and the specific
statutory provision or other lawful basis for each such redaction.
The custodian shall redact any such information by deleting or
obsuring only that information and shall not alter in any manner
the space in the government record formerly occupied by such redacted information. This provision shall only apply to documents redacted on or after the effective date of P.L. ___ , c. (pending before the Legislature as this bill).

b. (1) A copy or copies of a government record may be purchased by any person upon payment of the fee prescribed by law or regulation. Except as otherwise provided by law or regulation and except as provided in paragraph (2) of this subsection, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be $0.05 per letter size page or smaller, and $0.07 per legal size page or larger. If a public agency can demonstrate that its actual costs for duplication of a government record exceed the foregoing rates, the public agency shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or other overhead expenses associated with making the copy except as provided for in subsection c. of this section. A public agency may charge the fee for each copy made in the process of responding to a government record request made during the redaction process.

Access to electronic records and non-printed materials shall be provided free of charge, but the public agency may charge for the actual costs of any needed supplies such as computer discs.

(2) No fee shall be charged to a victim of a crime for a copy or copies of a record to which the crime victim is entitled to access, as provided in section 1 of P.L.1995 , c.23 (C.47:1A-1.1).

(3) If a public agency maintains the record in an electronic format or medium that can be electronically mailed without charge to the requestor, it shall make the requestor aware and allow for delivery of the record in such format or medium. The requestor shall have seven business days to respond to the custodian, otherwise the request is deemed fulfilled. A requestor who requests the duplication of a government record in the form of printed matter after being apprised of its existence in an electronic format or medium may be charged a special service charge as provided in subsection c. of this section.

When a requestor has not specified his or her chosen method for receipt of records and if the government record is on the public agency website, the custodian shall advise the requestor to obtain the record from the agency website as long as the custodian provides the website address, identifies each responsive document and the specific location on the website of each identified responsive document. If the requestor prefers to purchase copies from the public agency, he or she shall be permitted to purchase such copies from the records custodian, in accordance with the provisions of this act, P.L.1963, c.73 (C.47:1A-1 et seq.) and may be charged a special service charge as provided in subsection c. of
this section. The requestor shall have seven business days to respond to the custodian specifying that he or she prefers to purchase the copies, otherwise the request may be deemed fulfilled.

If a public agency maintains a government record in a format or medium that can be inspected without charge to the requestor, it shall inform the requestor of the place and time that the record will be available for inspection in such format or medium. If the requestor prefers to purchase copies from the public agency, the requester shall be permitted to purchase such copies from the records custodian, in accordance with the provisions of this act, P.L.1963, c.73 (C.47:1A-1 et seq.). The requestor shall have seven business days to respond to the custodian specifying that he or she prefers to purchase the copies, otherwise the request may be deemed fulfilled.

c. Whenever the nature, format, medium, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this section is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, or whenever a requestor requests duplication in printed form of a record maintained in an electronic format or on an agency’s website as provided in paragraph (3) of subsection b. of this section, the public agency may charge, in addition to the actual cost of duplicating the record, a special service charge. A special service charge shall be reasonable and shall be based upon the actual direct cost of providing the copy or copies; provided, however, that special service charge rates, in the case of a municipality, for the duplication of particular records when the actual cost of copying exceeds the foregoing rates shall be established in advance by ordinance. When a request is for a commercial purpose, the public agency may charge, in addition to the actual cost of duplicating the record, a special administrative charge. A special administrative charge shall be reasonable and related to ongoing operational expenses, and shall be for expenditures eligible for inclusion in the special administrative charge based upon the criteria and parameters set forth by the Government Records Council.

For purposes hereof, the actual, direct costs shall mean those expenditures that an agency actually incurs in searching for and duplicating documents to respond to a request, which includes basic rate of pay for the employee. Direct costs shall not include overhead expenses such as costs of space and heating or lighting the facility in which the records are stored. The requestor shall have the opportunity to review and object to the charge prior to it being incurred. During such review, the public agency shall provide the requestor, without charge, a detailed breakdown of how the special
service charge was assessed including, at a minimum, reasonable
estimates categorizing the hours needed to identify, copy or prepare
for inspection, and to produce and return the requested documents,
and the number of pages to be produced. Special service charges
shall not be assessed for requests for budgets, bills, vouchers,
contracts and public employee salary and overtime information
unless the request is deemed voluminous.

d. A custodian shall permit access to a government record and
provide a copy thereof in the medium or format requested if the
public agency maintains the record in that medium or format. If the
public agency does not maintain the record in the medium or format
requested, the custodian shall either convert the record to the
medium or format requested or provide a copy in some other
meaningful medium or format. If a request is for a record: (1) in a
medium or format not routinely used by the agency; (2) not
routinely developed or maintained by an agency; or (3) requiring a
substantial amount of manipulation or programming of information
technology, the agency may charge, in addition to the actual cost of
duplication, a special charge that shall be reasonable and shall be
based on the cost for any extensive use of information technology,
or for the labor cost of personnel providing the service, that is
actually incurred by the agency or attributable to the agency for the
programming, clerical, and supervisory assistance required, or both.

e. Immediate access ordinarily shall be granted to budgets,
bills, vouchers, contracts, including collective negotiations
agreements and individual employment contracts, and public
employee salary and overtime information for the current, prior, and
upcoming fiscal year. Immediate access shall mean by the close of
business or 5 P.M., whichever is earlier, unless otherwise provided
by law or regulation. If the request is received at noon or if
received after noon, the request shall be fulfilled by noon the
following day, unless otherwise provided by law or regulation.

f. The custodian of a public agency shall adopt a form for the
use of any person who requests access to a government record held
or controlled by the public agency. The form shall provide space
for the name, address, and [phone] telephone number of the
requestor and a brief description of the government record sought.
The form shall also include space for a commercial requestor to
certify that the information will be used for a commercial purpose.
The form shall include space for the custodian to indicate which
record will be made available, when the record will be available,
and the fees to be charged. The form shall also include the
following: (1) specific directions and procedures for requesting a
record; (2) a statement as to whether prepayment of fees or a
deposit is required; (3) the time period within which the public
agency is required by P.L.1963, c.73 (C.47:1A-1 et seq.) as
amended and supplemented, to make the record available; (4) a
statement of the requestor's right to challenge a decision by the
(5) space for the custodian to list reasons if a request is denied in whole or in part; (6) space for the requestor to sign and date the form; (7) space for the custodian to sign and date the form if the request is fulfilled or denied. The custodian may require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the information thus requested will cost in excess of $5 to reproduce.

If a request for information is made in writing on a document other than the form adopted by the public agency and the request contains the requisite information prescribed in this subsection, the custodian shall treat the request as if made on the form adopted by the public agency. The document shall also indicate and provide criminal background information, similar to what is required on an adopted government record request form.

A response on any form providing criminal background information on the requestor, whether in the affirmative or negative, shall be confidential and shall be redacted prior to disclosure of any such request. If a requestor does not provide criminal background information, the custodian shall attempt to contact the requestor to obtain such information, and shall not deny the request for failure to provide such information unless attempts are made by the custodian to obtain such information and the requestor refuses or cannot be contacted.

g. A request for access to a government record shall be in writing and hand-delivered, mailed, transmitted electronically, including by electronic mail, transmitted by facsimile when no more than four pages in length, or otherwise conveyed to the appropriate custodian. A request that is intended for a commercial purpose shall be certified to that fact in the request. The public agency may require a requestor to state whether the requested records are for a commercial purpose, but the agency shall not require the requestor to provide the exact purpose of the commercial use. A custodian shall promptly comply with a request to inspect, examine, copy, or provide a copy of a government record. If a record is missing or damaged, or the custodian is unable to comply with or denies a request for access, the custodian shall indicate the specific basis therefor on the request form and promptly return it to the requestor. The custodian shall sign and date the form and provide the requestor with a copy thereof. If the custodian of a government record redacts information from a copy of the record, the custodian shall provide the requestor with
a redacted version of the document and one affidavit or certified
statement for the entire request that states the date of the record, the
originator or author of the record, the subject matter or title of the
record, the number of pages with redactions, and the specific
statutory provision or other lawful basis for each such redaction.
The custodian shall redact any such information by deleting or
obscuring only that information and shall not alter in any manner
the space in the government record formerly occupied by such
redacted information. This provision shall only apply to documents
redacted on or after the effective date of P.L. , c. (pending before
the Legislature as this bill).

If the government record requested is temporarily unavailable
because it is in use or in storage, the custodian shall so advise the
requestor and shall make arrangements to promptly make available
a copy of the record. If a request for access to a government record
would substantially disrupt agency operations, the custodian may
deny access to the record after attempting to reach a reasonable
solution with the requestor that accommodates the interests of the
requestor and the agency.

h. Any officer or employee of a public agency who receives a
request for access to a government record shall forward the request
to the custodian of the record or direct the requestor to the
custodian of the record.

In the case of a municipality, a custodian, in response to a
request for access forwarded by another officer or employee or
received directly by the custodian, may direct any officer or
employee of that municipality having custody of a record to act on
the custodian’s behalf and make the record available for inspection,
examination, copying, or the purchase of copies. Such direction
shall not relieve the custodian of any responsibility under P.L.1963,
c.73 (C.47:1A-1 et seq.), as amended and supplemented.

i. Unless a shorter time period is otherwise provided by
statute, regulation, or executive order, a custodian of a government
record shall grant access to a government record or deny a request
for access to a government record as soon as possible, but not later
than seven business days after receiving the request, including the
business day on which the request was received by the records
custodian, if received by noon, provided that the record is currently
available and not in storage or archived. In the event a custodian
fails to respond within seven business days after receiving a
request, the failure to respond shall be deemed a denial of the
request, unless the requestor has elected not to provide a name,
address or telephone number, or other means of contacting the
requestor. If the requestor has elected not to provide a name,
address, or telephone number, or other means of contacting the
requestor, the custodian shall not be required to respond until the
requestor reappears before the custodian seeking a response to the
original request. If the government record is in storage or archived,
the requestor shall be so advised within seven business days after
the custodian receives the request. The requestor shall be advised
by the custodian when the record can be made available. If the
record is not made available by that time, access shall be deemed
denied.

A request received after 12 p.m. shall be deemed as received on
the next business day.

j. A custodian shall post prominently in public view in the part
or parts of the office or offices of the custodian that are open to or
frequented by the public a statement that sets forth in clear, concise
and specific terms the right to appeal a denial of, or failure to
provide, access to a government record by any person for
inspection, examination, or copying or for purchase of copies
thereof and the procedure by which an appeal may be filed.

The custodian of a public agency that has a website shall, at a
minimum, prominently post on the website the name, mailing
address, electronic mailing address, telephone number, and
facsimile number for the custodian of records as well as a statement
that information submitted to the agency, including home addresses,
may be considered a government record and available for public
review.

k. The files maintained by the Office of the Public Defender
that relate to the handling of any case shall be considered
confidential and shall not be open to inspection by any person
unless authorized by law, court order, or the State Public Defender.

l. A public agency shall adopt policies and procedures to
ensure that records exempt from disclosure are not inadvertently or
deliberately disclosed by the use of technology.

A public agency shall adopt procedures to have computer
systems and computer applications collect, but not disclose,
information exempt from access but maintained as electronic
records.

Public agencies shall notify the public that the information
provided on official forms may be disclosed, unless otherwise
exempt by law.

(cf: P.L.2014, c.19, s.3)

6. Section 7 of P.L.2001, c.404 (C.47:1A-6) is amended to read
as follows:

7. A person who is denied access to a government record by
the custodian of the record, at the option of the requestor, may:
institute a proceeding to challenge the custodian's decision or
seek injunctive relief by filing an action in Superior Court which
shall be heard in the vicinage where it is filed by a Superior Court
Judge who has been designated to hear such cases because of that
judge's knowledge and expertise in matters relating to access to
government records; or
in lieu of filing an action in Superior Court, file a complaint with
the Government Records Council established pursuant to section 8
of P.L.2001, c.404 (C.47:1A-7). If the Government Records
Council does not render a decision within the time period
established pursuant to subsection b. of section 8 of P.L.2001, c.404
(C.47:1A-7), the requestor may institute a proceeding to challenge
the custodian’s decision by filing an action in Superior Court. That
court proceeding shall be deemed filed as of the date of filing of the
proceeding before the Government Records Council and shall
render the proceedings pending before the Government Records
Council withdrawn.

The right to institute any proceeding under this section shall be
solely that of the requestor. Any such proceeding shall proceed in a
summary or expedited manner. The public agency shall have the
burden of proving that the denial of access is authorized by law. If
it is determined that access has been improperly denied, the court or
agency head shall order that access be allowed. A requestor who
prevails in any proceeding shall be entitled to a reasonable
attorney's fee award. However, in actions involving a record
required by law to be made, maintained or kept on file and that does
not exist at the time of the request, the prevailing requestor shall not
be entitled to an attorney's fee award if both: (1) the failure to
make, maintain, or keep the record is due to mere negligence or no
fault on the part of the public entity; and (2) the requestor was
informed in writing by formal certification or affidavit by the
records custodian prior to the filing of the complaint that the record
does not exist or no longer exists, the specific efforts taken to obtain
the record and why the record could not be produced. Under
appropriate circumstances, the rules of court and section 1 of
P.L.1988, c.46 (C. 2A:15-59.1), shall apply for frivolous causes of
action.

(cf: P.L.2001, c.404, s.7)

7. Section 8 of P.L.2001, c.404 (C.47:1A-7) is amended to read
as follows:

8. a. There is established in, but not of, the Department of
Community Affairs a Government Records Council. The council
shall consist of [the Commissioner of Community Affairs or the
commissioner's designee, the Commissioner of Education or the
commissioner's designee, and three] four public members appointed
by the Governor, with the advice and consent of the Senate, not
more than two of whom shall be of the same political party, one of
whom shall have experience with the news media, one of whom
shall be a member of the Municipal Clerks’ Association of New
Jersey, one of whom shall be a member of the New Jersey Press
Association, and one of whom shall have experience with State
government as a public records custodian; and three members
appointed by the Governor, one upon the recommendation of the
Senate President, one upon the recommendation of the Speaker of the General Assembly, and one upon the joint recommendation of the Senate President and Speaker of the General Assembly, no more than two of whom shall be of the same political party. The [three public] members appointed by the Governor shall serve [during the term of the Governor making the appointment and] until the appointment of a successor. [A public member shall not hold any other] Upon the effective date of P.L., c. (C.) (pending before the Legislature as this bill), two members shall serve for a term of four years, two members shall serve for a term of three years, three members shall serve for a term of two years. No member while serving shall be an officer with the New Jersey Press Association, the New Jersey State League of Municipalities, the Municipal Clerks’ Association of New Jersey, or a substantially similar organization.

No member while serving as a member of the council shall be able to hold a State or local elected or appointed office or employment [while serving as a member of the council] unless it relates to the experience required for serving as a member of the council. A [public] member shall not receive a salary for service on the council but shall be reimbursed for reasonable and necessary expenses associated with serving on the council and may receive such per diem payment as may be provided in the annual appropriations act. A member may be removed by the Governor only for cause upon notice and opportunity to be heard. Vacancies among the [public] members shall be filled in the same manner in which the original appointment was made. [The members of the council shall choose one of the public members to serve as the council’s chair] The Governor shall appoint one of the seven members to serve as the chair of the council, and, once appointed, that member shall serve on the council and be chair of the council from the date of appointment until the end of the term of office of the member or until a successor is appointed and qualified. The chair may be removed by the Governor only for cause upon notice and opportunity to be heard. The council may employ an executive director and such professional and clerical staff as it deems necessary and may call upon the Department of Community Affairs for such assistance as it deems necessary and may be available to it. The terms of the members serving on the effective date of P.L., c. (C.) (pending before the Legislature as this bill) are terminated as of that effective date.

b. The Government Records Council shall:

[establish an informal mediation program to facilitate the resolution of disputes regarding access to government records;] receive, hear, review and adjudicate a complaint filed by any person concerning a denial of access to a government record by a records custodian;
render a decision on all disputes and complaints within 150

calendar days of the filing of the complaint;

issue advisory opinions, on its own initiative, as to whether a
particular type of record is a government record which is accessible
to the public;

prepare guidelines and an informational pamphlet for use by
records custodians in complying with the law governing access to
public records;

prepare an informational pamphlet explaining the public’s right
of access to government records and the methods for resolving
disputes regarding access, which records custodians shall make
available to persons requesting access to a government record;

prepare lists for use by records custodians of the types of records
in the possession of public agencies which are government records;

make training opportunities available for records custodians and
other public officers and employees which explain the law
governing access to public records; [and]

post the recommendations that the Government Records Council
will consider for each case online twenty-four hours before the
meeting, to the extent known;

have paper copies available at the meeting at which the case will
be heard, with any changes or additions that were not present when
the information was posted online; and

operate an informational website and a toll-free helpline staffed
by knowledgeable employees of the council during regular business
hours which shall enable any person, including records custodians,
to call for information regarding the law governing access to public
records and allow any person to request mediation or to file a
complaint with the council when access has been denied;

In implementing the provisions of subsections d. and e. of this
section, the council shall: act, to the maximum extent possible, at
the convenience of the parties; utilize teleconferencing, faxing of
documents, e-mail and similar forms of modern communication;
and when in-person meetings are necessary, send representatives to
meet with the parties at a location convenient to the parties.

c. At the request of the council, a public agency shall produce
documents and ensure the attendance of witnesses with respect to
the council’s investigation of any complaint or the holding of any
hearing. Each party shall have the opportunity to provide to the
council any documents or information necessary for the
adjudication of the case.

d. Upon receipt of a written complaint signed by any person
alleging that a custodian of a government record has improperly
denied that person access to a government record, the council shall
offer the parties the opportunity to resolve the dispute through
mediation pursuant to section 13 of P.L. __, c. (C. ___) (pending
before the Legislature as this bill). Mediation shall enable a person
who has been denied access to a government record and the
custodian who denied or failed to provide access thereto to attempt
to mediate the dispute through a process whereby a neutral
mediator, who shall be trained in mediation selected by the
council, acts to encourage and facilitate the resolution of the
dispute. Mediation shall be an informal, nonadversarial process
having the objective of helping the parties reach a mutually
acceptable, voluntary agreement. The mediator shall assist the
parties in identifying issues, foster joint problem solving, and
explore settlement alternatives.

e. If any party declines mediation or if mediation fails to
resolve the matter to the satisfaction of all parties, the council shall
initiate an investigation concerning the facts and circumstances set
forth in the complaint. The council shall make a determination as
to whether the complaint is within its jurisdiction or frivolous or
without any reasonable factual basis. If the council shall conclude
that the complaint is outside its jurisdiction, frivolous or without
factual basis, it shall reduce that conclusion to writing and transmit
a copy thereof to the complainant and to the records custodian
against whom the complaint was filed. Otherwise, the council shall
notify the records custodian against whom the complaint was filed
of the nature of the complaint and the facts and circumstances set
forth therein. The custodian shall have the opportunity to
answer the complaint by presenting the board with a
signed and dated affidavit containing the same information provided
to the complainant pursuant to subsection a. of section 6 of
P.L.2001, c.404 (C.47:1A-5), if applicable, and any other statement
or information concerning the complaint which the custodian
wishes. The complainant shall have an opportunity to offer a brief
reply affidavit that addresses any claims or defenses in the
custodian’s answer. The complainant shall not set forth therein any
new allegations that do not address the custodian’s claims or
defense. If the council is able to make a determination as to a
record’s accessibility based upon the complaint and the
custodian’s response thereto answer, and the complainant’s reply,
it shall reduce that conclusion to writing and transmit a copy thereof
to the complainant and to the records custodian against whom the
complaint was filed. If the council is unable to make a
determination as to a record’s accessibility based upon the
complaint and the custodian’s response thereto answer, and
the complainant’s reply, the council shall conduct a hearing on the
matter in conformity with the rules and regulations provided for
hearings by a State agency in contested cases under the
seq.), insofar as they may be applicable and practicable. The
council shall, by a majority vote of its members, render a decision
as to whether the record which is the subject of the complaint is a
government record which must be made available for public access
pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.) as amended and supplemented. If the council determines, by a majority vote of its members, that a custodian has knowingly and willfully denied access or been grossly negligent, as defined by section 12 of P.L.2001, c.404 (C.47:1A-11), and violated P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented, and is found to have unreasonably denied access under the totality of the circumstances, the council may impose the penalties provided for in section 12 of P.L.2001, c.404 (C.47:1A-11). A decision of the council may be appealed to the Appellate Division of the Superior Court. A decision of the council shall not have value as a precedent for any case initiated in Superior Court pursuant to section 7 of P.L.2001, c.404 (C.47:1A-6). All proceedings of the council pursuant to this subsection shall be conducted as expeditiously as possible.

f. The council shall not charge any party a fee in regard to actions filed with the council. The council shall be subject to the provisions of the "Open Public Meetings Act," P.L.1975, c.231 (C.10:4-6), except that the council may go into closed session during that portion of any proceeding during which the contents of a contested record would be disclosed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney’s fee.

g. The council shall not have jurisdiction over the Judicial or Legislative Branches of State Government or any agency, officer, or employee of those branches.

h. The council shall make available on its website a searchable index of its opinions.

8. Section 11 of P.L.2001, c.404 (C.47:1A-10) is amended to read as follows:

11. Notwithstanding the provisions of P.L.1963, c.73 (C.47:1A-1 et seq.) or any other law to the contrary, the personnel or pension records of any individual in the possession of a public agency, including but not limited to records relating to any grievance filed by or against an individual, shall not be considered a government record and shall not be made available for public access, except that:

an individual’s name, title, position, educational and training background, salary, payroll record, length of service, date of separation and the reason therefor, work address and work telephone number, job description, and the amount and type of any pension received shall be a government record;

personnel or pension records of any individual shall be accessible when required to be disclosed by another law, when disclosure is essential to the performance of official duties of a person duly authorized by this State or the United States, or when authorized by an individual in interest; [and]
records pertaining to the factual basis for the final administrative
determination of a disciplinary action, including a disciplinary
action that is the result of an internal affairs investigation by a
public safety agency, in which an employee is suspended, demoted,
discharged, or resigned not in good standing, if it was due to the
conviction of a crime, shall be a government record, except that
specific factual details of incidents involving sexual harassment,
sexual assault, domestic violence or rape by or against a public
employee, and the identity of the victim of the misconduct alleged,
may be deleted or excised if disclosure would violate any
individual’s reasonable expectation of privacy so long as the agency
provides a statement that such information is being deleted or
excised pursuant to this particular exception;
records pertaining to settlements of lawsuits or claims involving
public agencies, public officials or employees shall be a
government record, except that specific factual details of incidents
involving sexual harassment, sexual assault, domestic violence or
rape by or against a public employee, and the identity of the victim
of the misconduct alleged, may be deleted or excised if disclosure
would violate any individual’s reasonable expectation of privacy so
long as the agency provides a statement that such information is
being deleted or excised pursuant to this particular exception. No
public agency shall be liable for damages, pursuant to this
subsection, for releasing settlements of lawsuits or claims involving
public agencies, public officials or employees, entered into before
the effective date of P.L.2001, c.404 (pending before the Legislature as
this bill). The public agency shall make reasonable efforts to notify
the affected parties of the release of the documents; and
factual or statistical data [contained in information] which
disclose conformity with specific experiential, educational or
medical qualifications required for government employment or for
receipt of a public pension, but not including any detailed medical
or psychological information, shall be a government record.
Nothing in this section exempts disclosure of disciplinary
records otherwise required by law to be disclosed or made public.
(cf: P.L.2001, c.404, s.11)

9. Section 12 of P.L.2001, c.404 (C.47:1A-11) is amended to
read as follows:
12. a. A public official, officer, employee or custodian who
[knowingly and willfully] violates P.L.1963, c.73 (C.47:1A-1 et
seq.), as amended and supplemented, and is found [to have
unreasonably] grossly negligent by having denied access or is
found to have willfully denied access under the totality of the
circumstances, shall be subject to a civil penalty of $1,000 for an
initial violation, $2,500 for a second violation that occurs within 10
years of an initial violation, and $5,000 for a third violation that
occurs within 10 years of an initial violation. No public official,
officer, employee or custodian shall be subject to a civil penalty for any unavailable record that is required by law to be made, maintained or kept on file unless the unavailability of the record is a result of the willful actions or gross negligence of such person.

A requestor who is found to have intentionally failed to certify that a records request is for commercial purposes shall be subject to a civil penalty of $500.

Penalties may be imposed by the courts or the Government Records Council. A penalty imposed pursuant to P.L.1963, c.43 (C.47:1A-1 et seq.) shall be paid by the individual found to have committed the violation out of the individual’s personal funds.

Under no circumstances shall public funds, or contributions as defined in subsection b. of section 3 of P.L.1973, c.83 (C.19:44A-3) of “The New Jersey Campaign Contributions and Expenditures Reporting Act", be used to pay a penalty or to reimburse a person who has paid, or will pay, a penalty for the cost of that penalty.

[This penalty] These penalties shall be collected and enforced in proceedings in accordance with the "Penalty Enforcement Law of 1999," P.L.1999, c.274 (C.2A:58-10 et seq.), and the rules of court governing actions for the collection of civil penalties. The Superior Court shall have jurisdiction of proceedings for the collection and enforcement of the penalty imposed by this section.

Appropriate disciplinary proceedings may be initiated against a public official, officer, employee or custodian against whom a penalty has been imposed.

For the purposes of this act, P.L.1963, c.73 (C.47:1A-1 et seq.), “grossly negligent” shall mean engaging in conduct involving a gross deviation from the acceptable standards of conduct from the duties and responsibilities imposed by this act that a reasonable person would have observed in the actor’s situation.

(cf: P.L.2001, c.404, s.12)

10. Section 14 of P.L.2001, c.404 (C.47:1A-13) is amended to read as follows:

14. The Commissioner of Community Affairs shall include in the annual budget request of the Department of Community Affairs [s] the request submitted by the Government Records Council for sufficient funds to effectuate the purposes of section 8 of P.L.2001, c.404 (C.47:1A-7).

(cf: P.L.2001, c.404, s.14)

11. (New section) Any authority contained herein to exempt records from public access by regulation or Executive Order of the Governor shall be expressly limited to the designation of specific records that are exempt from access pursuant to any exemptions set forth in this act, P.L.1963, c.73 (C.47:1A-1 et seq.), and shall not be construed as a grant or delegation of authority to exempt records from public access not otherwise exempt by the provisions this act.
12. (New section) a. In exceptional circumstances, and notwithstanding any other law or rule or regulation to the contrary, whenever there is filed a verified petition to the Superior Court of the county in which the request for government records was made under P.L.1963, c.73 (C.47:1A-1 et seq.) alleging that a requestor has sought records thereunder for the sole purpose to harass a public agency, the court may issue a protective order limiting the number and scope of requests the requestor may make or such other relief as it deems appropriate, including referral of the matter to mediation. The court may issue the protective order if it finds that the requestor has sought records under P.L.1963, c.73 (C.47:1A-1 et seq.) for the sole purpose to harass the public agency as the term harass is defined in N.J.S.2C:33-4. The petition shall be accompanied by a declaration of facts by the public agency withholding the records demonstrating that it has complied with P.L.1963, c.73 (C.47:1A-1 et seq.) and has made a good faith effort to reach an informal resolution of the issues relating to the records request. The requestor shall have notice and an opportunity to answer the allegations set forth in the petition submitted by the public agency. The public agency shall have the burden of proof by clear and convincing evidence. The court’s consideration of a public agency’s petition for relief shall proceed in a summary or expedited manner and shall include a formal hearing whenever the interest of justice so requires. If the custodian of a public agency determines that responding to a record request will substantially disrupt agency operations, the custodian may deny access to the record after attempting to reach a reasonable solution with the requestor that accommodates the interests of the requestor and the agency, as set forth in subsection g. of section 6 of P.L.2001, c.404 (C.47:1A-5).

b. The order specified in subsection a. of this section may limit, or in appropriate circumstances, eliminate, the public agency’s duty to respond to government records requests from the requestor in the future.

c. Upon entry of an order pursuant to this section, the order of the court shall be immediately reviewable by petition to the Appellate Division of the Superior Court. A party shall, in order to obtain review of the order, file a petition within 20 days after service upon him or her of a written notice of entry of the order, or within further time not exceeding an additional 20 days as the court may for good cause allow. If the notice is served by mail, the period within which to file the petition shall be increased by five days. A stay of an order or judgment shall not be granted unless the petitioning party demonstrates that it will otherwise sustain irreparable damage and probable success on the merits. Any person who fails to obey the order of the court shall be cited to show cause why he or she is not in contempt of court.
13. (New section) The Office of Dispute Settlement, in the Office of The Public Defender, shall be available to mediate a dispute over records requests when both requestor and public agency consent thereto. However, mediation shall not alter the responsibility of the custodian to respond and provide documents within the timeframes set forth in this act, P.L.1963, c.73 (C.47:1A-1 et seq.).

14. (New section) a. Notwithstanding the provisions of any other law to the contrary, the State Treasurer, in consultation with the Chief Technology Officer, shall design and develop, maintain and operate a single, searchable Internet website that is accessible to the general public without charge for access, and that includes data or information concerning each of the following:

annual State bonded indebtedness, as determined by the State Treasurer and as may be available within the central accounting system, which shall include but not be limited to: the amount of the total original obligation stated in terms of principal and interest; the term of the obligation; the source of funding for repayment of the obligation; the amount of principal and interest previously paid to reduce the obligation; the remaining balance of the obligation; data or information related to refinancing of the obligation; the cited statutory or constitutional authority to issue such bonds; the specific names of firms or individuals serving as bond counsel; and the names of the banks assisting in the sale of bonds;

annual State liabilities for pension and post-retirement medical benefits, as determined by the State Treasurer and as may be available within the central accounting system; and any other data or information determined to be necessary and appropriated by the State Treasurer.

b. The data and information posted on the Internet website may be periodically updated, but shall not be subject to removal.

The data and information required to be posted on the Internet website that is based on or otherwise derived from data or information made available from the central accounting system or the State payroll system shall be made available on the Internet website as soon as practicable, but not later than 45 days after the last day of the preceding State fiscal year.

The State Treasurer shall not be required to provide data or information on the Internet website of the kind that is not available in the central accounting system or the State payroll system on the date the Internet website is first made available to the public.

The State Treasurer shall be entitled to receive from each State agency any assistance and information the State Treasurer determines to be necessary and appropriate to compile the data and information necessary to design and develop, maintain and operate the Internet website.

The State Treasurer shall not be required to disclose or otherwise make available on the Internet website data or information that is determined by the State Treasurer to be private, personal, or confidential in accordance with State or federal law, rules, or regulations.

c. Notwithstanding the provisions of the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the State Treasurer may adopt immediately upon filing with the Office of Administrative Law such rules and regulations as the State Treasurer determines to be necessary and appropriate to design and develop, maintain and operate the Internet website and
to compile data and information in accordance with this section, which rules and regulations shall be effective for a period not to exceed 360 days following the effective date of P.L. , c. (pending before the Legislature as this bill) and may thereafter be amended, adopted, or readopted by the State Treasurer in accordance with P.L.1968, c.410 (C.52:14B-1 et seq.).

4. a. A Chief Data Officer shall be appointed by the Chief Technology Officer, after consultation with the State Treasurer. The Chief Data Officer, in cooperation with the State Treasurer, shall be responsible for overseeing and implementing a unique, dedicated open data website and any additional or existing open data websites linked thereto by an agency. c. - make and publish guidelines that may be used by local units of government to identify best practices in the design of a single, searchable local public finance Internet website;
