AN ACT concerning medical cannabis, revising various parts of the

BE IT ENACTED by the Senate and General Assembly of the State
of New Jersey:

1. Section 1 of P.L.2009, c.307 (C.24:6I-1) is amended to read
as follows:
   1. This act shall be known and may be cited as the "New
   Jersey Jake Honig Compassionate Use Medical [Marijuana]
   Cannabis Act."
   (cf: P.L.2009, c.307, s.1)

2. Section 2 of P.L.2009, c.307 (C.24:6I-2) is amended to read
as follows:
   2. The Legislature finds and declares that:
      a. Modern medical research has discovered a beneficial use for
         marijuana cannabis in treating or alleviating the pain or other
         [symptoms] associated with certain [debilitating] medical conditions,
         as found by the National Academy of Sciences' Institute of
         Medicine in March 1999 [;].
      b. According to the U.S. Sentencing Commission and the
         Federal Bureau of Investigation, 99 out of every 100 marijuana
         cannabis arrests in the country are made under state law, rather than
         under federal law. Consequently, changing state law will have the
         practical effect of protecting from arrest the vast majority of
         seriously ill people who have a medical need to use marijuana
         cannabis [;].
      c. Although federal law currently prohibits the use of
         marijuana cannabis, the laws of Alaska, Arkansas, California,
         Colorado, Connecticut, Delaware, Florida, Hawaii, Illinois, Maine,
         Maryland, Massachusetts, Michigan, Minnesota, Montana, Nevada,
         New Hampshire, New Mexico, New York, North Dakota, Ohio,
         Oregon, Pennsylvania, Rhode Island, Vermont, and Washington,
         West Virginia, and the District of Columbia permit the use of
         marijuana cannabis for medical purposes, and in Arizona doctors
         are permitted to prescribe marijuana cannabis. New Jersey joins
         this effort for the health and welfare of its citizens [;].
      d. States are not required to enforce federal law or prosecute
         people for engaging in activities prohibited by federal law;
         therefore, compliance with this act does not put the State of New
         Jersey in violation of federal law [; and].

The requirements of this subsection shall not apply to permits issued to clinical registrants or to permits issued to the seven alternative treatment centers issued a permit pursuant to subsection a. of this section that are expressly exempt from the provisions of subsubparagraph (i) of subparagraph (a) of paragraph (2) of subsection a. of section 7 of P.L.2009, c.307 (C.24:6I-7).

industry by individuals from communities that have historically
experienced disproportionate harm under the State’s cannabis
prohibition and enforcement laws, and to have a positive effect on
those communities.\footnote{3} The commission shall conduct a disparity study
to determine whether race-based measures should be considered when
issuing permits pursuant to this section, and shall\footnote{3} incorporate the
policies, practices, protocols, standards, and criteria developed by the
Office of Minority, Disabled Veterans, and Women Medical Cannabis
Business Development pursuant to section 32 of P.L. \footnote{, c.} (C.\footnote{ })

the medical cannabis industry by persons from socially and

manufacturer permits, medical cannabis wholesaler permits, and medical cannabis dispensary permits issued on or after the effective
date of P.L. \footnote{ } (C.\footnote{ }) (pending before the Legislature as this

h. The commission shall give special consideration to any applicant that has entered into an agreement with an institution of higher education to create an integrated curriculum involving the cultivation, manufacturing, dispensing, resale, warehousing, or delivery of medical cannabis, provided that the curriculum is approved by both the commission and the Department of Education Office of the Secretary of Higher Education and the applicant agrees to maintain the integrated curriculum in perpetuity. An integrated curriculum permit shall be subject to revocation if the IC permit holder fails to maintain or continue the integrated curriculum. In the event that, because of circumstances outside an IC permit holder’s control, the IC permit holder will no longer be able to continue an integrated curriculum, the IC permit holder shall notify the commission and shall make reasonable efforts to establish a new integrated curriculum with an institution of higher education, subject to approval by the commission and the Department of Education Office of the Secretary of Higher Education. If the IC permit holder is unable to establish a new integrated curriculum within six months after the date the current integrated curriculum arrangement ends, the commission shall revoke the entity’s IC permit, unless the commission finds there are extraordinary circumstances that justify allowing the permit holder to retain the permit without an integrated curriculum and the commission finds that allowing the permit holder to retain the permit would be consistent with the purposes of P.L.2009, c.307 (C.24:6I-1 et al.), in which case the IC permit shall convert to a regular permit of the same type. The commission may revise the application and permit fees or other conditions for an IC permit as may be necessary to encourage applications for IC permits.

i. Application materials submitted to the commission pursuant to this section shall not be considered a public record pursuant to P.L.1963, c.73 1. P.L.2001, c.404]1 (C.47:1A-1 et al.), or the common law concerning access to public records) seq.) or P.L.2001, c.404 (C.47:1A-5 et al.)1.

commission, the applicant shall notify the commission, within seven
business days after receiving such notice, as to which permit it will
accept. For any permit award declined by an applicant pursuant to this
subsection, the commission shall, upon receiving notice from the
applicant of the declination, award the permit to the applicant for that
permit type who, in the determination of the commission, best satisfies
the commission’s criteria while meeting the commission’s
determination of Statewide need. If an applicant fails to notify the
commission as to which permit it will accept, the commission shall
have the discretion to determine which permit it will award to the
applicant, based on the commission’s determination of Statewide need
and other applications submitted for facilities to be located in the
affected regions.

13. (New section)  a. The commission shall issue clinical
registrant permits to qualified applicants that meet the requirements of
this section. In addition to any other requirements as the commission

(1) A member of the commission and the executive director or any other employee of the commission holding a supervisory or policy-making management position shall not make any contribution as that term is defined in “The New Jersey Campaign Contributions and Expenditures Reporting Act,” P.L.1973, c.83 (C.19:44A-1 et seq.).

(2) A member or employee of the commission shall not:

(a) use the member’s or employee’s official authority or influence for the purpose of interfering with or affecting the result of an election or a nomination for office:

(b) directly or indirectly coerce, attempt to coerce, command, or advise any person to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes; or

(c) take any active part in political campaigns or the management thereof; provided, however, that nothing herein shall prohibit a member or employee from voting as the member or employee chooses or from expressing personal opinions on political subjects and candidates.

g. For the purpose of applying the provisions of the “New Jersey Conflicts of Interest Law,” any consultant or other person under contract for services to the commission shall be deemed to be a special State employee, except that the restrictions of section 4 of P.L.1981, c.142 (C.52:13D-17.2) shall not apply to such person. Such person and any corporation, firm, or partnership in which the person has an interest or by which the person is employed shall not represent any person or party other than the commission.

§35. (New section) a. No member of the commission shall hold any direct or indirect interest in, or be employed by, any holder of, or applicant for, a medical cannabis cultivator, medical cannabis manufacturer, medical cannabis wholesaler, medical cannabis dispensary, or clinical registrant permit issued pursuant to P.L.2009, c.307 (C.24:6I-1 et al.) or in any entity that employs any certified medical cannabis handler to perform transfers or deliveries of medical cannabis for a period of two years commencing on the date that membership on the commission terminates.

b. (1) No employee of the commission may acquire any direct or indirect interest in, or accept employment with, any holder of, or applicant for, a medical cannabis cultivator, medical cannabis manufacturer, medical cannabis wholesaler, medical cannabis dispensary, or clinical registrant permit or in any entity that employs any certified medical cannabis handler to perform transfers or deliveries of medical cannabis, for a period of two years commencing at the termination of employment with the commission, except that a secretarial or clerical employee of the commission may accept such employment at any time after the termination of employment with the commission. At the end of two years and for a period of two years thereafter, a former employee who held a policy-making management
position at any time during the five years prior to termination of
employment may acquire an interest in, or accept employment with,
any holder of, or applicant for, a medical cannabis cultivator, medical
cannabis manufacturer, medical cannabis wholesaler, medical cannabis
dispensary, or clinical registrant permit or in any entity that employs
any certified medical cannabis handler to perform transfers or
deliveries of medical cannabis, upon application to, and the approval
of, the commission, upon a finding that the interest to be acquired or
the employment will not create the appearance of a conflict of interest
and does not evidence a conflict of interest in fact.

(2) Notwithstanding the provisions of this subsection, if the
employment of a commission employee, other than an employee who
held a policy-making management position at any time during the five
years prior to termination of employment, is terminated as a result of a
reduction in the workforce at the commission, the employee may, at
any time prior to the end of the two-year period, accept employment
with any holder of, or applicant for, a medical cannabis cultivator,
medical cannabis manufacturer, medical cannabis wholesaler, medical
cannabis dispensary, or clinical registrant permit or any entity that
employs any certified medical cannabis handler to perform transfers or
deliveries of medical cannabis, upon application to, and the approval
of, the commission, upon a finding that the employment will not create
the appearance of a conflict of interest and does not evidence a conflict
of interest in fact. The commission shall take action on an application
within 30 days of receipt and an application may be submitted to the
commission prior to or after the commencement of the employment.

c. No commission member or employee shall represent any
person or party other than the State before or against the commission
for a period of two years from the termination of office or employment
with the commission.

d. No partnership, firm, or corporation in which a former
commission member or employee has an interest, nor any partner,
officer, or employee of any such partnership, firm, or corporation shall
make any appearance or representation which is prohibited to the
former member or employee. 5

5 36. (New section) a. (1) No holder of, or applicant for, a
medical cannabis cultivator, medical cannabis manufacturer, medical
cannabis wholesaler, medical cannabis dispensary, or clinical
registrant permit issued pursuant to P.L.2009, c.307 (C.24:6I-1 et al.)
or any entity that employs any certified medical cannabis handler to
perform transfers or deliveries of medical cannabis shall employ or
offer to employ, or provide, transfer, or sell, or offer to provide,
transfer, or sell any interest, direct or indirect, in any medical cannabis
cultivator, medical cannabis manufacturer, medical cannabis
wholesaler, medical cannabis dispensary, or clinical registrant permit
holder to any person restricted from such transactions by the
provisions of sections 33 through 35 of P.L., c. (C.) (pending before the Legislature as this bill).

(2) In addition to any civil penalty imposed pursuant to subsection c. of this section, the commission may deny an application, or revoke or suspend a permit holder’s permit, for committing a violation of this subsection.

b. (1) A member or employee of the commission who makes or causes to be made a political contribution prohibited under subsection f. of section 34 of P.L., c. (C.) (pending before the Legislature as this bill) is guilty of a crime of the fourth degree, but notwithstanding the provisions of subsection b. of N.J.S.2C:43-3, a fine not to exceed $200,000 may be imposed.

(2) A member or employee of the commission who willfully violates any other provisions in sections 33 through 35 of P.L., c. (C.) (pending before the Legislature as this bill) is guilty of a disorderly persons offense.

c. The State Ethics Commission, established pursuant to the "New Jersey Conflicts of Interest Law," P.L.1971, c.182 (C.52:13D-12 et seq.), shall enforce the provisions of sections 33 through 36 of P.L., c. (C.) (pending before the Legislature as this bill), and upon a finding of a violation, impose a civil penalty of not less than $500 nor more than $10,000, which penalty may be collected in a summary proceeding pursuant to the "Penalty Enforcement Law of 1999," P.L.1999, c.274 (C.2A:58-10 et seq.). If a violation also represents a crime or disorderly persons offense as set forth in subsection b. of this section, the State Ethics Commission shall also refer the matter to the Attorney General or appropriate county prosecutor for further investigation and prosecution.

hold employment with the holder of, or applicant for, a casino
license if, in the judgment of the State Ethics Commission, the Joint
Legislative Committee on Ethical Standards, or the Supreme Court,
as appropriate, such employment will not interfere with the
responsibilities of the person and will not create a conflict of
interest, or reasonable risk of the public perception of a conflict of
interest, on the part of the person;

[(2)] (b) an employee who is terminated as a result of a
reduction in the workforce at the agency where employed, other
than an employee who held a policy-making management position

conflict of interest, or reasonable risk of the public perception of a
conflict of interest, on the part of the employee. In no case shall the
restrictions of this subsection apply to a secretarial or clerical
