STATEMENT

17

18 This bill would require the State to annually reimburse each
19 municipality for the cost of complying with the State mandate of
20 affording disabled veterans with a total exemption from property
21 taxation. The bill would require the State to cover the cost of the
22 actual taxes exempted plus the administrative costs incurred by
23 municipalities in connection with the reimbursement program.

24 Under current law, each municipality must individually make up
25 for any lost revenue resulting from a parcel of property being
26 exempted from property taxation because of its ownership by a
27 disabled veteran. This often results in an increase in taxes to other
28 property taxpayers in the municipality or a reduction in municipal
29 services. Because the number of qualifying disabled veterans varies
30 from municipality to municipality, compliance with the State policy
31 to exempt disabled veterans' property taxes impacts upon some
32 municipalities more greatly than on others resulting in inequity.
33 This bill would put an end to that inequity by having the State
34 reimburse each municipality for the cost of complying with the
35 State mandate of affording disabled veterans with a total exemption
36 from property taxation.
