SYNOPSIS
Authorizes DOBI to establish State-based exchange for certain health insurance plans and coordinate with Department of Human Services.

CURRENT VERSION OF TEXT
Substitute as adopted by the Senate Commerce Committee.
AN ACT concerning health insurance and supplementing Title 17B of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. a. There is established in the Department of the Treasury a nonlapsing revolving fund to be known as the “Health Insurance Exchange Trust Fund.” This fund shall be the repository for monies collected pursuant to subsection c. of this section, any federal financial participation available, and other monies received as grants or otherwise appropriated for the purposes of supporting health insurance outreach and enrollment efforts through an exchange. The monies in the fund shall be used only for the purpose of supporting the exchange through initial start-up costs associated with establishment of the exchange, exchange operations, outreach, enrollment, and other means of supporting the exchange.

b. The State Treasurer shall be the custodian of the fund and all disbursements from the fund shall be made by the State Treasurer upon vouchers signed by the Commissioner of Banking and Insurance. The monies in the fund shall be invested and reinvested by the Director of the Division of Investment in the Department of the Treasury to the same extent that other trust funds that are in the custody of the State Treasurer are invested and reinvested, in the manner provided by law. Interest received on the monies in the fund shall be credited to the fund.

c. The commissioner may apply a monthly assessment to each health benefits plan offered by a carrier. The assessment shall be paid by the carrier and deposited into the fund and shall be used only for the purpose of supporting the exchange through initial start-up costs associated with establishment of the exchange, exchange operations, outreach, enrollment, and other means of supporting the exchange. The assessment may be applied at a rate of:

(1) .5 percent of the total monthly premium charged by a carrier for each health benefits plan during any period that the State is on a federally-facilitated exchange;

(2) 1 percent of the total monthly premium charged by a carrier for each health benefits plan during any period that the State is on a State-based exchange using the federal platform; or

(3) 3.5 percent of the total monthly premium charged by a carrier for each health benefits plan during any period that the State is on a State-based exchange. The commissioner shall have the discretion to adjust this rate to ensure that the State-based exchange is fully funded, but in no case shall the assessment be applied at a rate that exceeds 5 percent of the total monthly premium charged by a carrier.
The commissioner shall notify carriers of their assessment rate for the subsequent year at least 45 days prior to the date that carriers are required to file their rates with the department.

d. Any unexpended balance in the fund at the end of a year shall be available for expenditure by the commissioner in the subsequent year. The commissioner shall consider any unexpended balance from a previous year when calculating the assessment pursuant to subsection c. of this section.

2. a. Notwithstanding any other law to the contrary, the Department of Banking and Insurance shall have the authority to operate a State-based exchange and coordinate the operations of the exchange with the operations of the New Jersey Individual Health Coverage Program and the New Jersey Small Employer Health Benefits Program, including reorganization of the boards, as the commissioner deems appropriate. The department’s authority to regulate the insurance market shall be separate and distinct from the department’s duty to oversee exchange operations, to ensure the best interests of and protection for consumers of the State. The department shall also have the authority to coordinate the operations of the exchange with the operations of the State Medicaid program established pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and the NJ FamilyCare Program established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.).

b. The Commissioner of Banking and Insurance shall, in consultation with the Commissioner of Human Services, examine whether federal financial participation is available for the exchange as a State administrative expenditure necessary for the proper and efficient administration of the State Medicaid plan. If the commissioner, in consultation with the Commissioner of Human Services, finds that federal financial participation is available and practicable, the commissioners shall, in consultation with one another, secure the maximum federal financial participation available.

c. The Commissioner of Banking and Insurance shall have the authority to require that plans offered on the exchange conform with standardized plan designs that provide for standardized cost-sharing for covered health services.

3. a. The Commissioner of Banking and Insurance shall present a report to the Governor, and to the Legislature pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), no later than January 1, 2022, which contains the commissioner’s findings and recommendations, including such recommendations for administrative or legislative action as the commissioner deems appropriate, and the status of any decisions or efforts pursuant to subsection a. of section 2 of this act to coordinate the operations of the exchange with:
(1) the New Jersey Individual Health Coverage Program established pursuant to P.L.1992, c.161 (C.17B:27A-2 et seq.) and the New Jersey Small Employer Health Benefits Program established pursuant to P.L.1992, c.162 (C.17B:27A-17 et seq.); and

(2) the operations of the State Medicaid and NJ FamilyCare programs.

b. The Commissioner of Banking and Insurance and the Commissioner of Human Services shall present a report to the Governor, and to the Legislature pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), no later than January 1, 2022, which contains an evaluation of the actions of those departments in securing federal financial participation pursuant to subsection b. of section 2 of this act, including details on any grants or federal funding matches which were evaluated, any applications for grants or funding that were made, any applications that were denied, and any funding that was or may be received.

4. The Department of Banking and Insurance shall adopt rules and regulations pursuant to the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.), to effectuate the purposes of this act.

5. This act shall take effect on January 1, 2020, except the commissioner may take any anticipatory administrative action in advance as shall be necessary for the implementation of this act.
