SYNOPSIS
Maintains property tax exemption for certain nonprofit hospitals and their nursing homes; requires these hospitals to pay community service contributions to host municipalities; establishes Nonprofit Hospital Community Service Contribution Study Commission.

CURRENT VERSION OF TEXT
Introduced Pending Technical Review by Legislative Counsel.
AN ACT concerning the property tax status of certain nonprofit hospitals and their nursing homes, supplementing chapter 48 of Title 40 and chapter 4 of Title 54 of the Revised Statutes, and amending R.S.54:4-3.6.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. (New section) a. The owner of property used as an acute care hospital, which property is exempt from taxation pursuant to R.S.54:4-3.6 and section 3 of P.L. , c. (C. ) (pending before the Legislature as this bill), shall, except as otherwise provided under this section, annually be assessed a community service contribution to the municipality in which the licensed beds of the exempt acute care hospital are located and, in the case of a satellite emergency care facility, to the municipality in which such facility is located, which contributions shall be remitted to the municipalities to which the community service contributions are assessed.
   b. The annual community service contribution required pursuant to subsection a. of this section shall be equal to $2.50 a day for each licensed bed at the exempt acute care hospital property in the prior tax year, except that in the case of a satellite emergency care facility the contribution shall be equal to $250 a day in the prior tax year for each such facility; provided, however, that the amount shall be reduced by the amount of any payments remitted to the municipality in which the licensed beds of the exempt acute care hospital or in which the satellite emergency care facility, as the case may be, are located pursuant to a voluntary agreement operative in the prior tax year between the owner and the municipality to compensate for public safety services provided that benefit the occupants and premises of the exempt acute care hospital property. For tax year 2017 and each tax year thereafter, the per day amount used to calculate an annual community service contribution for an acute care hospital and a satellite emergency care facility shall increase by two percent over the prior tax year. The Commissioner of Health shall promulgate annually the per day amount to apply for each tax year. The annual community service contribution shall be payable in equal quarterly installments. The first installment shall be payable on February 1, the second installment on May 1, the third installment on August 1, and the fourth installment on November 1.
   c. The obligation to remit a community service contribution pursuant to subsection a. of this subsection is legal, valid, and

EXPLANATION – Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted in the law.

Matter underlined thus is new matter.
binding. If an annual community service contribution installment is not paid as and when due pursuant to subsection b. of this section, the unpaid balance shall constitute a municipal lien on the acute care hospital property after 30 days, and shall be enforced and collected in the same manner as unpaid property taxes.

d. A municipality that receives a community service contribution pursuant to subsection a. of this section, or a payment under a voluntary agreement that reduces the amount of such contribution pursuant to subsection b. of this section, shall forthwith upon receipt remit five percent of the contribution or voluntary payment, as the case may be, to the county in which the municipality is located.

e. The proceeds from a community service contribution, and any interest accrued on any unpaid balance thereof, collected pursuant to this section, shall be used solely to fund police or fire protection; first aid, emergency, rescue, or ambulance services; any other public safety purpose; or to reduce the property tax levy.

f. An owner required to remit a community service contribution pursuant to subsection a. of this section may, by February 1, apply to the New Jersey Health Care Facilities Financing Authority in the Department of Health for the issuance of a certificate exempting the owner from that requirement for the current tax year for exempt property used as an acute care hospital, including a satellite emergency care facility, in a municipality, if that acute care hospital or satellite emergency care facility, as the case may be, is in financial distress or at risk of being in financial distress. At the same time such an application is made, the applicant owner shall provide notice to the chief financial officer of the municipality in which the acute care hospital or satellite emergency care facility that is the subject of the application is located.

An application pursuant to this subsection shall include the audited financial results for the acute care hospital or satellite emergency care facility from the prior tax year or other relevant financial records and proof that notice of the application was provided to the chief financial officer of the municipality in which the acute care hospital or satellite emergency care facility that is the subject of the application is located. If audited financial results from the prior tax year are not available by February 1, a certification of the chief financial officer of the acute care hospital or satellite emergency care facility shall be submitted by that date, and audited financial results shall be submitted within 15 days of such results being completed.

The authority shall issue a determination on an application submitted pursuant to this subsection by April 1, or within 60 days of receipt of the audited financial results if such results are submitted after February 1. In making such determination, the authority may consider factors including, but not limited to,
whether the acute care hospital or satellite emergency care facility had a negative operating margin in the prior tax year based on the audited financial results from that tax year, whether the owner is not in full compliance with the financial terms of any bond covenants related to the acute care hospital or satellite emergency care facility, the overall financial health of the hospital system if the acute care hospital or satellite emergency care facility is part of a hospital system responsible for the debts and liabilities of the acute care hospital or satellite emergency care facility, or whether the acute care hospital or satellite emergency care facility is a safety net hospital or facility.

If the authority determines that an acute care hospital or satellite emergency care facility that is the subject of an application submitted pursuant to this subsection is in financial distress or at risk of being in financial distress, the authority shall grant the application and issue a certificate exempting the owner from the community service contribution otherwise required for the acute care hospital or satellite emergency care facility to the municipal tax collector of the municipality otherwise owed the contribution. A certificate issued pursuant to this paragraph shall be valid for the current tax year.

If the authority denies an application, any community service contribution owing shall bear interest from the original payment date pursuant to subsection b. of this section.

g. The Commissioner of Health, in consultation with the New Jersey Health Care Facilities Financing Authority in the Department of Health and the Director of the Division of Local Government Services in the Department of Community Affairs, shall, by January 1, 2017, adopt regulations necessary to effectuate the provisions of this section pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), which shall include specific guidelines for what constitutes being in financial distress or at risk of being in financial distress for purposes of qualifying for an exemption certificate pursuant to subsection f. of this section.

h. As used in this section:

“Acute care hospital” means a hospital, other than a hospital the property of which is exempt from taxation pursuant to R.S.54:4-3.3, which maintains and operates organized facilities and services as approved and licensed by the Department of Health for the diagnosis, treatment, or care of persons suffering from acute illness, injury, or deformity and in which all diagnosis, treatment, and care are administered by or performed under the direction of persons licensed to practice medicine or osteopathy in the State of New Jersey; and includes all land and buildings that are used in the delivery of health care services by such hospital and its medical providers; for the management, maintenance, administration, and security of such hospital and its medical providers; as a satellite
emergency care facility of such hospital; or as a nonprofit nursing home owned by such hospital or its subsidiary.

“Licensed bed” means one of the total number of acute care beds and nursing home beds, if any, for which an acute care hospital is approved for patient care by the Commissioner of Health.

“Medical provider” means an individual or entity which, acting within the scope of a licensure or certification, provides health care services, and includes, but is not limited to, a physician, physician assistant, psychologist, pharmacist, dentist, nurse, paramedic, respiratory care practitioner, medical or laboratory technician, ambulance or emergency medical worker, orthotist or prosthetist, radiological or other diagnostic service facility, bioanalytical laboratory, health care facility, and further includes administrative support staff of the individual or entity.

“Owner” means an association or corporation organized as a nonprofit pursuant to Title 15 of the Revised Statutes or Title 15A of the New Jersey Statutes exclusively for hospital purposes that owns an acute care hospital.

“Satellite emergency care facility” means a facility, which is owned and operated by an acute care hospital, and which provides emergency care and treatment for patients.

2. (New section) a. There is established, in but not of the Department of Health, a commission to be known as the Nonprofit Hospital Community Service Contribution Study Commission. The commission shall consist of nine members as follows: the Commissioner of Health, ex officio; two members of the Senate to be appointed by the President of the Senate, who shall not both be of the same political party; two members of the Assembly to be appointed by the Speaker of the Assembly, who shall not both be of the same political party; two members, appointed by the Governor, who are mayors of municipalities receiving community service contributions pursuant to section 1 of P.L. , c. (pending before the Legislature as this bill); and two members, appointed by the Governor, who are chief executive officers of nonprofit hospitals assessed community service contributions pursuant to section 1 of P.L. , c. (pending before the Legislature as this bill). Each member may designate a representative to attend meetings of the commission, and each designee may lawfully vote and otherwise act on behalf of the member who designated that individual to serve as a designee. The members shall serve for terms of three years, commencing on the date of appointment, and may be reappointed. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments.

b. The members shall be appointed within 60 days following the effective date of P.L. , c. (pending before the Legislature as this bill). The commission shall organize as soon as
practicable after the appointment of its members and shall select a
chair and a treasurer from among its members, and a secretary who
need not be a member of the commission. The presence of five
members of the commission shall constitute a quorum. The
commission may conduct business without a quorum, but may only
vote on the issuance of the report required to be submitted to the
Governor and the Legislature pursuant to subsection e. of this
section, and on any recommendations, when a quorum is present.

c. All commission members shall serve without compensation,
but shall be eligible for reimbursement of necessary and reasonable
expenses incurred in the performance of their official duties within
the limits of funds appropriated or otherwise made available to the
commission for its purposes.

d. The commission may meet and hold public hearings at the
place or places it designates during the sessions or recesses of the
Legislature.

e. The commission shall study the implementation of P.L. ,
c. (C. ) (pending before the Legislature as this bill) and shall
issue a report to the Governor and the Legislature, pursuant to
section 2 of P.L.1991, c.164 (C.52:14-19.1), every three years from
the effective date of P.L. , c. (C. ) (pending before the
Legislature as this bill); provided, however, that the initial report
shall be issued within one year following the effective date. The
report shall include an analysis of the financial impact of P.L. ,
c. (C. ) (pending before the Legislature as this bill) on both
nonprofit hospitals assessed community service contributions
thereunder and the municipalities receiving such contributions, the
adequacy of the amount of the community service contributions,
and an analysis of the administration and equity of these
contributions. The report shall include any recommendations that
the commission determines would improve the administration,
equity, or any other aspect of the nonprofit hospital community
service contribution system established by P.L. , c. (C. )
(pending before the Legislature as this bill), and shall include an
assessment of the adequacy of the amount of the community service
contributions.

3. (New section) a. Property, including land and buildings,
used as an acute care hospital, which is owned by an association or
corporation organized as a nonprofit association or corporation
pursuant to Title 15 of the Revised Statutes or Title 15A of the New
Jersey Statutes exclusively for hospital purposes, shall be exempt
from taxation, provided that, except in the case of a lease to or use
by a profit-making medical provider for medical purposes, if any
portion of the property is leased to a profit-making organization or
otherwise used for purposes which are not themselves exempt from
taxation, that portion shall be subject to taxation and the remaining
portion only shall be exempt from taxation. If any portion of an
acute care hospital is leased to or otherwise used by a profit-making medical provider for medical purposes, that portion shall be exempt from taxation.

b. The owner of property used as an acute care hospital exempt from taxation pursuant to subsection a. of this section shall be assessed a community service contribution pursuant to section 1 of P.L. (pending before the Legislature as this bill).

c. As used in this section:

“Acute care hospital” means a hospital which maintains and operates organized facilities and services as approved and licensed by the Department of Health for the diagnosis, treatment, or care of persons suffering from acute illness, injury, or deformity and in which all diagnosis, treatment, and care are administered by or performed under the direction of persons licensed to practice medicine or osteopathy in the State of New Jersey; and includes all land and buildings that are used in the delivery of health care services by such hospital and its medical providers; for the management, maintenance, administration, and security of such hospital and its medical providers; as a satellite emergency care facility of such hospital; or as a nonprofit nursing home owned by such hospital or its subsidiary.

“Medical provider” means an individual or entity which, acting within the scope of a licensure or certification, provides health care services, and includes, but is not limited to, a physician, physician assistant, psychologist, pharmacist, dentist, nurse, paramedic, respiratory care practitioner, medical or laboratory technician, ambulance or emergency medical worker, orthotist or prosthetist, radiological or other diagnostic service facility, bioanalytical laboratory, health care facility, and further includes administrative support staff of the individual or entity.

“Satellite emergency care facility” means a facility, which is owned and operated by an acute care hospital, and which provides emergency care and treatment for patients.

4. (New section) For tax years 2014 and 2015, property that would have been exempt from taxation pursuant to R.S.54:4-3.6 and section 3 of P.L. (pending before the Legislature as this bill), had P.L. (pending before the Legislature as this bill) been effective in those tax years, shall not be assessed as omitted property pursuant to P.L.1947, c.413 (C.54:4-63.12 et seq.). This section shall apply to the omitted assessment of such property that is the subject of litigation that is pending or that may be subject to appeal before the county board of taxation, the tax court, or any other court on or after the effective date of P.L. (pending before the Legislature as this bill).

5. R.S.54:4-3.6 is amended to read as follows:
54:4-3.6. The following property shall be exempt from taxation under this chapter: all buildings actually used for colleges, schools, academies or seminaries, provided that if any portion of such buildings are leased to profit-making organizations or otherwise used for purposes which are not themselves exempt from taxation, said portion shall be subject to taxation and the remaining portion only shall be exempt; all buildings actually used for historical societies, associations or exhibitions, when owned by the State, county or any political subdivision thereof or when located on land owned by an educational institution which derives its primary support from State revenue; all buildings actually and exclusively used for public libraries, asylum or schools for adults and children with intellectual disabilities; all buildings used exclusively by any association or corporation formed for the purpose and actually engaged in the work of preventing cruelty to animals; all buildings actually and exclusively used and owned by volunteer first-aid squads, which squads are or shall be incorporated as associations not for pecuniary profit; all buildings actually used in the work of associations and corporations organized exclusively for the moral and mental improvement of men, women and children, provided that if any portion of a building used for that purpose is leased to profit-making organizations or is otherwise used for purposes which are not themselves exempt from taxation, that portion shall be subject to taxation and the remaining portion only shall be exempt; all buildings actually used in the work of associations and corporations organized exclusively for religious purposes, including religious worship, or charitable purposes, provided that if any portion of a building used for that purpose is leased to a profit-making organization or is otherwise used for purposes which are not themselves exempt from taxation, that portion shall be subject to taxation and the remaining portion shall be exempt from taxation, and provided further that if any portion of a building is used for a different exempt use by an exempt entity, that portion shall also be exempt from taxation; all buildings actually used in the work of associations and corporations organized exclusively for hospital purposes, provided that, except in the case of an acute care hospital as provided in section 3 of P.L. 1988, c. 15 (pending before the Legislature as this bill), if any portion of a building used for hospital purposes is leased to profit-making organizations or otherwise used for purposes which are not themselves exempt from taxation, that portion shall be subject to taxation and the remaining portion only shall be exempt; all buildings owned or held by an association or corporation created for the purpose of holding the title to such buildings as are actually and exclusively used in the work of two or more associations or corporations organized exclusively for the moral and mental improvement of men, women and children; all buildings owned by a corporation created under or otherwise subject to the provisions of Title 15 of the Revised
Statutes or Title 15A of the New Jersey Statutes and actually and exclusively used in the work of one or more associations or corporations organized exclusively for charitable or religious purposes, which associations or corporations may or may not pay rent for the use of the premises or the portions of the premises used by them; the buildings, not exceeding two, actually occupied as a parsonage by the officiating clergymen of any religious corporation of this State, together with the accessory buildings located on the same premises; the land whereon any of the buildings hereinbefore mentioned are erected, and which may be necessary for the fair enjoyment thereof, and which is devoted to the purposes above mentioned and to no other purpose and does not exceed five acres in extent; the furniture and personal property in said buildings if used in and devoted to the purposes above mentioned; all property owned and used by any nonprofit corporation in connection with its curriculum, work, care, treatment and study of men, women, or children with intellectual disabilities shall also be exempt from taxation, provided that such corporation conducts and maintains research or professional training facilities for the care and training of men, women, or children with intellectual disabilities; provided, in case of all the foregoing except for an acute care hospital, the buildings, or the lands on which they stand, or the associations, corporations or institutions using and occupying them as aforesaid, are not conducted for profit, except that the exemption of the buildings and lands used for charitable, benevolent or religious purposes shall extend to cases where the charitable, benevolent or religious work therein carried on is supported partly by fees and charges received from or on behalf of beneficiaries using or occupying the buildings; provided the building is wholly controlled by and the entire income therefrom is used for said charitable, benevolent or religious purposes; and any tract of land purchased pursuant to subsection (n) of section 21 of P.L.1971, c.199 (C.40A:12-21), and located within a municipality, actually used for the cultivation and sale of fresh fruits and vegetables and owned by a duly incorporated nonprofit organization or association which includes among its principal purposes the cultivation and sale of fresh fruits and vegetables, other than a political, partisan, sectarian, denominational or religious organization or association. The foregoing exemption shall apply only where the association, corporation or institution claiming the exemption owns the property in question and is incorporated or organized under the laws of this State and authorized to carry out the purposes on account of which the exemption is claimed or where an educational institution, as provided herein, has leased said property to a historical society or association or to a corporation organized for such purposes and created under or otherwise subject to the provisions of Title 15 of the Revised Statutes or Title 15A of the New Jersey Statutes.

As used in this section ["hospital":]
“Acute care hospital” means the same as that term is defined in section 3 of P.L. , c. (C. ) (pending before the Legislature as this bill).

“Hospital purposes” includes acute care hospitals, health care facilities for the elderly, such as nursing homes; residential health care facilities; assisted living residences; facilities with a Class C license pursuant to P.L.1979, c.496 (C.55:13B-1 et al.), the "Rooming and Boarding House Act of 1979"; similar facilities that provide medical, nursing or personal care services to their residents; and that portion of the central administrative or service facility of a continuing care retirement community that is reasonably allocable as a health care facility for the elderly.

(cf: P.L.2011, c.171, s.4)

6. This act shall take effect on January 1, 2016, except that section 4 of the bill shall apply to tax years 2014 and 2015 only.

STATEMENT

This bill maintains the property tax exempt status of a nonprofit hospital with for-profit medical providers on site as long as the hospital remains organized as a nonprofit institution under State law, and requires these nonprofit hospitals to pay an annual community service contribution to their host municipalities. The clarified property tax exemption under the bill extends to the portions of hospital property used for medical purposes, and the community service contributions are required to be used to offset the costs of public safety services, such as police and fire safety services, or to reduce the property tax levy. Any voluntary payments made by a nonprofit hospital for the same purpose of offsetting public safety costs will count towards the obligation to provide a community service contribution.

Nonprofit nursing homes owned by a nonprofit hospital would be subject to the same property tax exempt status as the hospital under the bill, and the number of nursing home beds of such a nursing home would be factored into the amount of a community service contribution owed by the hospital.

The bill requires municipalities to provide five percent of a nonprofit hospital community service contribution, or voluntary payment that counts against such contribution, to the county in which the municipality is located to offset public safety services expenses borne by the county which benefit the hospital.

The bill also permits a nonprofit hospital to apply to the New Jersey Health Care Facilities Financing Authority for an exemption from a community service contribution if the hospital or its satellite emergency care facility is in financial distress or at risk of being in financial distress. Notice of such an application is required to be
provided to the municipality in which the hospital or satellite
emergency care facility that is the subject of the application is
located.

Hospitals owned by the State or any political subdivision thereof
are not subject to the community service contribution required by
the bill.

The bill also establishes a permanent commission, known as the
Nonprofit Hospital Community Service Contribution Study
Commission, to study and issue a report, every three years, on the
community service contribution system created by the bill. The
initial report is due within one year of the effective date. The report
may include any recommendations on how to improve the
administration, fairness, or any other aspect of this system, but is
required to include an assessment of the adequacy of the amount of
the community service contributions.

Lastly, the bill prohibits the assessment of a nonprofit hospital as
an omitted property for tax years 2014 and 2015.
