f. Upon submission of an online voter registration form pursuant to this section, the electronic voter registration system shall provide for immediate verification of both of the following:

g. Upon submission of an online voter registration form pursuant to this section, the electronic voter registration system shall automatically acknowledge that the online voter registration form has been submitted successfully, and provide instructions on how the person completing the voter registration form may follow-up on the status of the submission either online or by contacting the appropriate county commissioner of registration.

h. The Secretary of State shall employ security measures to ensure the accuracy and integrity of voter registration forms submitted electronically pursuant to this section.

i. The New Jersey Motor Vehicle Commission and the Secretary of State shall jointly develop a process and the infrastructure to allow the electronic copy of the applicant’s signature and other information required under this section that is in the possession of the commission to be transferred to the Secretary of State and to the appropriate county election officials to allow a person who is qualified to register to vote in New Jersey to register to vote under this section.

j. If an applicant cannot electronically submit the information required pursuant to subsection e. of this section, the applicant shall nevertheless be able to complete the online voter registration form electronically on the Secretary of State’s Internet website, print a paper copy of the completed form, and mail or deliver the paper copy of the completed form to the Secretary of State or the appropriate county election official. 3. Section 17 of P.L.1974, c.30 (C.19:31-6.5) is amended to read as follows:
17. a. Upon receipt of any completed registration form, the commissioner of registration shall review it, and if it is found to be in order, shall:

   (1) Send to the registrant written notification that such registrant is duly registered to vote. No registrant shall be considered a registered voter until the commissioner of registration reviews the application submitted by the registrant and deems it acceptable. If not delivered in 2 days, return to the Commissioner of Registration."

   (2) In as timely a manner as possible, enter the information provided for the registrant on the completed registration form or electronically transfer the information from an online voter registration form completed pursuant to section 1 of P.L. , c. 4. Section 1 of P.L.2005, c.145 (C.19:31-31) is amended to read as follows:

   1. a. There shall be established in the Department of State a single Statewide voter registration system, as required pursuant to section 303 of the federal "Help America Vote Act of 2002," Pub.L.107-252 (42 U.S.C. s.15483). The principal computer components of the system shall be under the direct control of the Secretary of State. The Secretary of State shall be responsible for creating the network necessary to maintain the system and providing the computer software, hardware and security necessary to ensure that the system is accessible only to those executive departments and State agencies so designated by the Secretary of
State, each county commissioner of registration, each county and
municipal clerk, and individuals under certain circumstances, as
provided for by this section. The system shall be the official State
repository for voter registration information for every legally
registered voter in this State, and shall serve as the official voter
registration system for the conduct of all elections in the State.
b. The Statewide voter registration system shall include, but
not be limited to, the following features:
(1) the name and registration information of every legally
registered voter in the State;
(2) the ability to assign a unique identifier to each legally
registered voter in the State;
(3) interactivity among appropriate State agencies so designated
by the Secretary of State, each county commissioner of registration,
each county board of elections, and each county clerk such that
these entities shall have immediate electronic access to all or
selected records in the system, as determined by the Secretary of
State, to receive or transmit all or selected files in the system and to
print or review all or selected files in the system;
(4) the ability to permit any county commissioner of registration
to enter voter registration information on an expedited basis, and to
transfer electronically voter registration information from an online
voter registration form completed pursuant to section 1 of P.L.  ,
c. (pending before the Legislature as this bill), at the time the
information is provided thereto and to permit the Secretary of State
to provide technical support to do so whenever needed;
(5) the ability to permit each municipal clerk to view or print
information in the system;
(6) the ability to permit an individual, by July 1, 2006, to verify
via the Internet whether that individual, and only that individual, is
included in the system as a legally registered voter, whether the
information pertaining to that individual required by subsection c.
of this section is correct, and if not, a means to notify the pertinent
county commissioner of registration of the corrections that must be
made and to so verify in a way that does not give one individual
access to the information required by subsection c. of this section
for any other individual;
(7) a Statewide street address index and map in electronic form
that can accurately identify the location of every legally registered
voter in this State;
(8) the ability to record and monitor all requests for mail-in
ballots; to enable the county clerk to verify the identity and
signature of each person requesting a mail-in ballot; to record the
name and address of each voter determined to be eligible to receive
a mail-in ballot for a particular election and to note when a mail-in
ballot has been transmitted to that voter by mail or hand delivery;
and to make such information available to the Secretary of State so
that a voter can be notified whether the application for such a ballot
was accepted or rejected, and the reason for the rejection, using the free-access system established by section 5 of P.L.2004, c.88 (C.19:61-5); and

(9) any other functions required pursuant to Pub.L.107-252 (42 U.S.C. s.15301 et seq.), or Title 19 of the Revised Statutes, or that may be deemed necessary by the Secretary of State.

c. The Statewide voter registration system shall include, but not be limited to, the following information for every legally registered voter in this State:

(6) previous name or address if individual re-registered due to change of name or address;
(7) ward and election district number, if either is available;
(8) (a) current and valid New Jersey driver's license number; or
(b) if the registrant has not been issued a New Jersey driver's license number, the last four digits of the registrant's social security number; or
(c) unique identifying number for any individual who has not been issued the information sought in subparagraph (a) or (b) of this paragraph;
(9) notation that a copy of one of the following documents has been submitted with the voter registration application, if required: current and valid photo identification card; a current utility bill, bank statement, government check, pay check or any other government document showing the registrant's name and current address;
(10) the method by which the individual registered and whether that person needs to provide additional identification information to vote using a voting machine instead of a provisional ballot;
(11) political party affiliation, if designated;

(13) date of registration or re-registration;
(14) name and street address of the individual assisting in the completion of the form, if the applicant for registration is unable to do so;
(15) voting participation record for ten-year period; and
(16) any other information required pursuant to Pub.L.107-252 (42 U.S.C. s.15301 et seq.), or Title 19 of the Revised Statutes, or that the Secretary of State determines is necessary to assess the eligibility of an individual to be registered to vote and to vote in this State.

5. Section 2 of P.L.2005, c.145 (C.19:31-32) is amended to read as follows:

2. a. The Statewide voter registration system shall replace all other computer or electronic-based registry files of voters and other voter registration files established and maintained by each county commissioner of registration for voter registration and election administration purposes established pursuant to the provisions of Title 19 and Title 40 of the Revised Statutes, and shall be the single system for storing and managing the official file of registered voters throughout the State. A commissioner may, however, continue to use and maintain as a supplement to the system the original and duplicate permanent registration binders and voting records and shall continue to use and maintain the signature copy registers or polling records provided for in Title 19 of the Revised Statutes.

b. Each county commissioner of registration shall be responsible for adding to, deleting from, amending and otherwise conducting on a regular basis maintenance for the files of every legally registered voter in that commissioner's county as contained in the Statewide voter registration system, pursuant to the provisions of section 303 of Pub.L.107-252 (42 U.S.C. s. 15301 et seq.) and Title 19 of the Revised Statutes. c. The [Attorney General][Secretary of State] and each county commissioner of registration shall be responsible for developing and providing the technological security measures needed to prevent unauthorized access to the Statewide voter registration system established pursuant to section 1 of P.L.2005, c.145 (C.19:31-31) and to the information for any individual on the system required by subsection c. of section 1 of that act.

d. The [Attorney General][Secretary of State], in consultation with each county commissioner of registration, shall develop minimum standards to safeguard the accuracy of the files contained in the Statewide voter registration system. Such standards shall include procedures to ensure that reasonable effort is made to remove registrants who are ineligible to vote pursuant to federal or
State law and to ensure that eligible voters are not removed in error from the system.

e. (1) The Secretary of State and the Chief Administrator of the New Jersey Motor Vehicle Commission in the Department of Transportation shall enter into an agreement to match information in the database of the Statewide voter registration system with information in the database of the commission, including social security numbers, to the extent required to enable verification of the accuracy of the information provided on applications for voter registration, and to locate and utilize for voter registration purposes the digitized signatures of licensed drivers or holders of non-driver identification cards who register to vote using an online voter registration form, as provided pursuant to section 1 of P.L. , c.
