As reported by the Assembly Appropriations Committee on May 20, 2019, with amendments.

(Sponsorship Updated As Of: 5/31/2019)
AN ACT concerning municipal land banking and online mapping,
and amending P.L.1960, c.183 and P.L.1971, c.199, and
amending and supplementing P.L.1992, c.79.

BE IT ENACTED by the Senate and General Assembly of the State
of New Jersey:

1. (New section) Sections 1 through 16 of P.L. ,
c. (C. ) (pending before the Legislature as this bill) shall be
known and may be cited as the “New Jersey Land Bank Law.”

2. (New section) The Legislature finds and declares that:
a. Difficult economic conditions coupled with the continued
high rate of foreclosures have significantly increased the number of
vacant, abandoned, and other problem properties in the State’s
municipalities, particularly its older cities;
b. The continued presence and proliferation of these vacant,
abandoned, and other problem properties in the communities of this
State has a negative effect on the public health and welfare, reduces
property values and municipal revenues, and impedes the economic
development and revitalization of the State’s municipalities,
particularly its older cities;
c. At present, many vacant, abandoned and other problem
properties, rather than being productively reused, remain vacant
despite frequent changes in ownership, and continue to have a
blighting effect on their surroundings;
d. The State’s municipalities can benefit from more effective
tools to control the inventory of vacant, abandoned, and other
problem properties, in order to both minimize the harm that they do
in their present condition and to facilitate their restoration to
productive use;
e. In order to most effectively engage the local community in
identifying problem properties, the State’s municipalities can also
benefit from the publication of interactive online mapping databases
of vacant and abandoned properties;
f. To ensure that land banking activities are conducted in an
honest and open manner, the public can also benefit from the
inclusion of properties subject to land banking agreements within
the interactive online mapping databases regardless of whether or
not such properties are vacant and abandoned; \(^2\)and\(^2\)
g. It is \(^2\)in the best interest of this State to allow
municipalities to designate single entities to act on their behalf to
acquire, maintain, and \(^2\)sell\(^2\) convey, lease and otherwise dispose
of vacant, abandoned and problem properties, in order to carry out

strategies to ensure that the reuse of these properties provides the
greatest long-term benefit to the physical, social and economic
condition of the municipality.

h. It is, therefore, appropriate to identify land banking, and
associated land banking activities, including those involving site
improvements and the preparation of property for productive reuse,
as a public purpose, and to permit a municipality to provide tax-
exempt status to properties for so long as they are held as land bank
properties.

3. (New section) As used in sections 3 through 16 of
P.L. , c. (C. ) (pending before the Legislature as this bill):

“Land bank entity” means a public land
bank entity or a non-profit land bank entity, that has entered
into a land banking agreement.

“Land bank property” means property subject to a land banking
agreement.

“Land banking agreement” means an agreement between a
municipality and a land bank entity to act on behalf of the
municipality to hold, maintain and sell, lease, or convey
property owned by the municipality and not needed for any public
purpose.

“Non-profit land bank entity” means a non-profit entity,
established pursuant to the “New Jersey Nonprofit Corporation
Act,” N.J.S.15A:1-1 et seq., that has entered into a land banking
agreement.

“Public land bank entity” means a redevelopment entity that has
entered into a land banking agreement.

“Redevelopment entity” means either:

1) A redevelopment entity designated by the municipality
pursuant to section 4 of the “Local Redevelopment and Housing
Law,” P.L.1992, c.79 (C.40A:12A-4);

2) A county improvement authority designated by the
municipality to act as a redevelopment entity pursuant to the
“county improvement authorities law,” P.L.1960, c.183 (C.40:37A-
44 et seq.) for the purpose of entering into a land banking
agreement with said entity, without regard to whether the county
improvement authority is otherwise acting as a redevelopment
entity in the municipality; or

3) The municipality itself, or one of its departments or
agencies, but only if the municipality is executing redevelopment
responsibilities directly pursuant to section 4 of P.L.1992, c.79
(C.40A:12A-4). In such cases, the designated redevelopment entity
shall not need to adopt separate ordinances or resolutions, as
appropriate, for the purpose of adopting a land banking agreement
or amendments pursuant to subsections d. and e. of section 5 of
P.L. , c. (C. ) (pending before the Legislature as this bill),
and the adoption of one ordinance to create the land banking agreement, and one ordinance for each amendment thereto shall suffice. Termination notice requirements, prescribed by section 14 of P.L. , c. (C. ) (pending before the Legislature as this bill), also shall not be necessary.

"Trust agreement” means an agreement between a municipality and land bank entity, pursuant to subsection f. of section 5 of P.L. , c. (C. ) (pending before the Legislature as this bill).

4. (New section) a. A municipality may enter into a land banking agreement with a redevelopment entity, and designate the redevelopment entity as its land bank entity.

b. A municipality may enter into a land banking agreement with a non-profit entity so long as the by-laws of the non-profit entity provide that the chief financial officer of the municipality serves on the board of the non-profit entity, ex officio.

5. (New section) a. A land banking agreement shall establish the responsibilities of the land bank entity and shall specify the terms and conditions under which the land bank entity may acquire property on behalf of the municipality, demolish and otherwise clear buildings and conduct other site improvements located on the property, maintain and secure the property, conduct other activities on the property, and, notwithstanding the provisions of the “Local Lands and Buildings Law,” P.L.1971, c.199 (C.40A:12-1 et seq.), sell, lease, or convey property held on behalf of the municipality. The land banking agreement also shall provide for such municipal oversight of the land bank entity as the municipality deems necessary and appropriate and shall establish the manner in which any costs and revenues, including proceeds of the sale or leasing of land bank property shall be distributed. The land bank entity shall not lease any land bank property for an individual term of more than 10 years. Land bank property that is sold or conveyed by a land bank entity, shall be subject to ordinances adopted pursuant to the “Municipal Land Use Law,” P.L.1975, c.291 (C.40:55D-1 et seq.), any redevelopment plan enacted pursuant to the “Local Redevelopment and Housing Law,” P.L.1992, c.79 (C.40A:12A-1 et al.), and other applicable State statutes following the sale, lease, or conveyance.

b. Prior to submission of the land banking agreement for approval by the municipal governing body, the municipality shall hold a public meeting to solicit the advice of the public on the substance and intent of the land banking agreement.

c. The ordinance comprising the land banking agreement shall include findings establishing the need for land bank activity in the municipality, the public purpose that the municipality intends the land bank entity to pursue, and the qualifications of the land bank entity.
entity to carry out the responsibilities established pursuant to P.L., c. (C.) (pending before the Legislature as this bill).

d. The land banking agreement shall be adopted by an ordinance of the governing body of the municipality and by resolution of the governing body of the land bank entity.

e. The land banking agreement may be amended at any time by ordinance of the governing body of the municipality and by resolution of the governing body of the land bank entity.

f. Through entrance into a land banking agreement, a municipality may authorize a land bank entity to hold property in trust on behalf of the municipality. The land banking agreement shall establish whether a trust agreement shall provide authorization to the land bank entity to convey property, lease property, and conduct other land banking activities without municipal authorization for each individual conveyance, and other action. If provided in the land banking agreement, each trust agreement shall provide the land bank entity with all the powers of property ownership, subject to the potential termination of the land banking agreement pursuant to section 14 of P.L., c. (C.) (pending before the Legislature as this bill).

g. A land bank entity is not subject to the requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.) in association with a land banking agreement or with contracts entered by the land bank entity in association with the land banking agreement. Public bidding is not necessary to enter into a land banking agreement, or, unless otherwise stated in the land banking agreement, for contracts entered into by the land bank entity in association with the land banking agreement.

6. (New section) Pursuant to the land banking agreement or any subsequent amendment thereto, the land bank entity may be designated by the municipality to:

a. acquire properties on its behalf through contribution, gift, grant, bequest, purchase or otherwise, whether or not the property is located in an area designated as a redevelopment area or an area in need of rehabilitation; and

b. act as its agent, or in place of its municipal officer, with respect to acquisition of property, including but not limited to purchase of tax and other liens, foreclosure of tax and other liens, and individual abandoned property takings pursuant to paragraph (2) of subsection c. of section 37 of the "New Jersey Urban Redevelopment Act," P.L.1996, c.62 (C.55:19-56) on behalf of the municipality and to acquire and hold in trust such properties on behalf of the municipality; provided, however, that nothing in this section shall authorize the use of eminent domain beyond that use already permitted by law.
7. (New section) a. For purposes of this section, a municipality, through the land banking agreement itself, or through the adoption of a separate ordinance, may sell, lease, or convey to the land bank entity, and the land bank entity may take title to, to hold in trust on behalf of the municipality any property or properties held by the municipality and not being used for any public purpose, whether or not the property is located in an area designated as a redevelopment area or an area in need of rehabilitation, without public bidding and at such prices and upon such terms as the municipality deems reasonable in accordance with parameters that may be established in the land banking agreement. Unless the terms of the land banking agreement provide otherwise, such sales, leases, and conveyances to a trust agreement with the land bank entity shall be conditioned on the municipality’s ability to regain control of the properties pursuant to subsection c. of section 14 of P.L.1992, c. (C.40A:12A-4) (pending before the Legislature as this bill).

b. Through the land banking agreement itself, or through the adoption of a separate ordinance, a municipality may assign any tax liens or other liens to the land bank entity, subject to the provisions of R.S.54:5-112 and R.S.54:5-113, except that the liens may be assigned with or without consideration and at such prices and upon such terms as the municipality deems reasonable. If an ordinance adopted pursuant to this subsection permits the land bank entity to retain a portion of the interest payments on one or more tax liens, or the proceeds from one or more sheriff’s sales or short sales, or both, then the municipality shall retain the authority to, at any time, by ordinance, restrict the amount of one or both of these funding sources that may be retained by the land bank entity following the date of adoption of the ordinance. The terms of a tax lien assignment pursuant to this subsection shall remain intact, without restriction by a subsequent ordinance, for no less than one year.

8. (New section) a. To the extent that the statute under which a redevelopment entity was established, section 4 of P.L.1992, c.79 (C.40A:12A-4) or P.L.1960, c.183 (C.40:37A-44 et seq.) in the case of a county improvement authority, confers on that entity the power to borrow funds and incur debt, the redevelopment entity may exercise those powers in furtherance of its land banking obligations subject to the conditions and limitations set forth in section 4 of P.L.1992, c.79 (C.40A:12A-4) or P.L.1960, c.183 (C.40:37A-44 et seq.).

b. To the extent that the statute under which the redevelopment entity was established, section 4 of P.L.1992, c.79 (C.40A:12A-4) or P.L.1960, c.183 (C.40:37A-44 et seq.) in the case of a county improvement authority, provides that the municipality may
guarantee its debt or other borrowing, the municipality may also

 guarantee its debt or other borrowing under the same terms and

 conditions, in furtherance of the entity’s obligations as a land bank

 entity.

c. The guaranteeing of debt and borrowing of funds permitted

 under subsections a. and b. of this section only shall be permitted so

 long as the land banking agreement itself also explicitly permits

 these actions.

9. (New section) In selling, leasing or conveying

 land bank property, unless the property is part of an area in need

 of redevelopment, a redevelopment entity shall not be subject to

 the provisions of section 9 of P.L.1992, c.79 (C.40A:12A-9), but

 shall be subject to any terms and conditions set forth in the land

 banking agreement and by the regulations of the redevelopment

 entity, adopted pursuant to section 10 of P.L. , c. (C. )

 (pending before the Legislature as this bill).

10. (New section) Within six months after designation by the

 municipality, the land bank entity shall adopt written regulations

 governing the sales, leases, and conveyances. Following entrance

 into a land banking agreement, the land bank entity may modify its

 bylaws or other governing documents to address actions taken on

 land bank property, including but not limited to, the leasing and

 conveyance of land bank property so long as such modifications

 are consistent with any provisions of the land banking

 agreement and with respect to any other matters that may be

 required by said agreement, which regulations shall be published on

 the Internet web sites of the land bank entity and the municipality,

 along with the database required pursuant to subsection c. of section

 11 of P.L. , c. (C. ) (pending before the Legislature as this

 bill).

11. (New section) a. Within six months after designation by the

 municipality, the land bank entity shall create a community

 advisory board, which shall consist of representatives of recognized

 community associations and non-profit organizations operating

 within the municipality, including those associations and organizations active in areas where the land bank

 entity anticipates holding properties.

 b. The land bank entity shall adopt policies and procedures to

 ensure that the community advisory board is provided with

 adequate information and opportunity to provide valued input into

 the decisions of the land bank entity in its capacity as a land bank

 entity.

 c. (1) In coordination with the municipality and the

 community advisory board, the land bank entity shall, within a
reasonable time, create, maintain, and make publicly available on
its Internet website, a database listing all current and former land
bank properties, each owner of record since each property became a
land bank property, and the sales price of each land bank property
that has been sold or purchased by the land bank entity on behalf of the municipality. Beginning 30 days after the date
on which a land bank entity publishes a database pursuant to this
subsection and every six months thereafter, in accordance with the
guidance provided by the Division of Local Government Services in
the Department of Community Affairs pursuant to subsection e. of
this section, the land bank entity shall periodically update those
State agencies identified by the division concerning any changes to
the database. To the extent that the database includes properties in
foreclosure proceedings, and recently-foreclosed properties
foreclosed within the six-month reporting period, the land bank
entity shall take reasonable steps to ensure that the information
provided is both accurate and consistent with any corresponding
information provided by any State agency, or by the Judiciary.

(2) In coordination with the municipality and the community
advisory board, the land bank entity is encouraged to incorporate
into the online database:
(a) a list of all vacant and abandoned properties within the
municipality;
(b) a mechanism to allow the public to offer suggestions
concerning what properties should be labeled as vacant and
abandoned; and
(c) an interactive mapping component to allow the public to
visualize the impact of land banking and the extent of vacant and
abandoned properties within the municipality.

d. On an annual basis at minimum, the community advisory
board shall report on the accuracy, integrity, accessibility, and
comprehensiveness of the database established pursuant to
subsection c. of this section. Each annual report shall be accessible
to the public through the internet website of the municipality and
the land bank entity. The fact that a land bank entity has failed to
comply with the database requirement under subsection c. of this
section shall be prominently noted in each annual report, but no
other penalty shall inure to that failure.
e. The Division of Local Government Services in the
Department of Community Affairs shall, within six months of the
effective date of P.L. , c. (C. ) (pending before the
Legislature as this bill), publish and disseminate a guidebook of
good practice for creating and maintaining databases established
pursuant to subsection c. of this section.

12. (New section) The land bank entity shall provide an annual
report to the municipal governing body and the public describing
the properties being held by it as a land bank entity and the activities that it carried out during the year as a land bank entity.

13. (New section) The land banking agreement between the municipality and a non-profit land bank entity may provide that properties sold, leased, or conveyed by the municipality to the non-profit entity held by the land bank entity in trust on behalf of the municipality pursuant to section 7 of P.L. (pending before the Legislature as this bill), or acquired by the non-profit land bank entity pursuant to section 6 of P.L. (pending before the Legislature as this bill), are held in trust by the entity on behalf of the municipality for a public purpose and shall be exempt from property taxation until or unless sold, leased, or conveyed by the entity on behalf of the municipality or used by the entity for a purpose that is not eligible for exemption from taxation.

14. (New section) a. (1) The municipality may, by ordinance, terminate the land banking agreement at any time, with or without cause, by providing the land bank entity with one year’s notice of termination from the date of the adoption of that ordinance.

b. (2) Termination of the land banking agreement, pursuant to this subsection, shall not affect the status of any transaction properly entered into by the land bank entity prior to termination.

c. (3) Within 90 days following the date of termination, the land bank entity shall convey and transfer to the municipality possession of all land bank property without consideration; provided, however, that the municipality and the entity may agree to allow the entity to retain title to possession and control over any properties that are the subject of a pending transaction by the entity until completion of the transaction, and until the end of any lease.
(3) resulting in the receipt by a director or officer of the land
bank entity, or by an associate of such person, of an improper
personal benefit.

15. (New section) A land bank entity may act as a land bank
entity for more than one municipality at the same time, subject to
the provisions of the “Uniform Shared Services and Consolidation

16. (New section) a. A municipal governing body may
provide pursuant to the land banking agreement itself, or
pursuant to a separate ordinance that an amount equaling up to
50 percent of property taxes or payments in lieu of taxes collected
on land bank properties each year a limited series of annual
payments shall be returned made by the municipality to the
land bank entity for up to 10 years following one or more
fiscal years during which a sale or conveyance of those one
or more land bank properties from the land bank entity to a private
owner. Such ordinance occurs. Each payment that a
municipality commits to making pursuant to this subsection shall be
anticipated in the municipal budget adopted for the fiscal year
during which the payment shall be made.

(2) A payment budgeted pursuant to this subsection shall be
limited by the terms of the ordinance, but this payment shall not
exceed 50 percent of property taxes or payments in lieu of taxes due
and payable in the fiscal year for all properties that had been land
bank properties within the 10 fiscal years prior to the fiscal year for
which the payment is budgeted. If a property has been conveyed by
a land bank entity more than once, then property taxes and
payments in lieu of taxes due and payable for that property shall not
be applied to increase the annual limitation established pursuant to
this paragraph.

(3) An ordinance adopted pursuant to this subsection may only
be applied to real property on which no property tax has been paid,
or payment in lieu of taxes collected, for at least two years prior to
the property becoming a land bank property. Such ordinance may
be applied to any individual sale or conveyance, any group of
sales and conveyances, or all future sales and conveyances that fit these criteria.

b. The distribution of any proceeds associated with the sales
and leasing of land bank property shall be addressed in the land
banking agreement itself and in amendments thereto. Distributions
to a land bank entity pursuant to this subsection may be made in
addition to payments provided pursuant to subsection a. of this
section. Proceeds associated with the sales and leasing of land
bank property, and all other proceeds obtained by the land bank
entity on behalf of the municipality under the ordinance, shall be maintained in one or more accounts, separate from all other accounts maintained by the entity serving as the land bank entity. The account or accounts shall be deemed to be government records and subject to the provisions of P.L.1963, c.73 (C.47:1A-1 et seq.), commonly known as the open public records act.

c. As used in this section, “conveyance” shall not be construed to include a lease.
