STATEMENT

23

24 This bill requires each board of education and chief school
25 administrator of a nonpublic school to provide a copy of the current
26 blueprints and maps for all schools and school grounds to local law
27 enforcement authorities. Under the bill, if a school building is
28 located in a municipality that does not have a municipal police
29 department, the copies of the blueprints and maps will be provided
30 to an entity designated by the Superintendent of State Police. The
31 bill directs a board of education and chief school administrator of a
32 nonpublic school to provide revised copies to law enforcement
33 whenever there is a change to the blueprints or maps.

34 The requirement that public schools supply law enforcement
35 officials with copies of the school's blueprints and maps is
36 contained in the "Uniform State Memorandum of Agreement
37 Between Education and Law Enforcement Officials" (MOA).
38 Current State Board of Education regulations require all school
39 districts to have a memorandum of agreement with law enforcement
40 authorities.
