With regard to life insurance, this term does not include 10 life insurance policies which accelerate the death benefit 11 specifically for one or more qualifying events, and which provide 12 the option of a lump-sum payment for those benefits and in which 13 neither the benefits nor the eligibility for the benefits is conditioned 14 upon the receipt of long-term care. Notwithstanding any other 15 provision contained herein, any product advertised, marketed or 16 offered as long-term care insurance shall be subject to the 17 provisions of this act.

being made on a per diem or other periodic basis without regard to
the expenses incurred during the period to which the payments
relate;

34 (2) The contract does not pay or reimburse expenses incurred 35 for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act (42 36 37 U.S.C. s. 1395 et seq.) or would be so reimbursable but for the application of a deductible or coinsurance amount. 38 The 39 requirements of this paragraph do not apply to expenses that are 40 reimbursable under Title XVIII of the Social Security Act (42 41 U.S.C. s. 1395 et seq.) only as a secondary payor. A contract shall 42 not fail to satisfy the requirements of this paragraph by reason of 43 payments being made on a per diem or other periodic basis without 44 regard to the expenses incurred during the period to which the 45 payments relate;

46 (3) The contract is guaranteed renewable, within the meaning of
47 26 U.S.C. s. 7702B(b)(1)(C);

(4) The contract does not provide for a cash surrender value or
 other money that can be paid, assigned, pledged as collateral for a
 loan, or borrowed except as provided in paragraph (5) of this
 definition;
 (5) All refunds of premiums, and all policyholder dividends or
 similar amounts, under the contract are to be applied as a reduction
 in future premiums or to increase future benefits, except that a

8 refund on the event of death of the insured or a complete surrender
9 or cancellation of the contract shall not exceed the aggregate
10 premiums paid under the contract; and

20 2. Section 6 of P.L.2003, c.207 (C.17B:27E-6) is amended to read 21 as follows:

6. a. No long-term care insurance policy or certificate shall:

(1) Be cancelled, nonrenewed or otherwise terminated on the
grounds of the age or the deterioration of the mental or physical health
of the insured individual or certificate holder; [or]

(2) Contain a provision establishing a new waiting period in the
event existing coverage is converted to or replaced by a new or other
form within the same company or affiliated company, except with
respect to an increase in benefits voluntarily selected by the insured
individual or group policyholder; [or]

31 (3) Provide coverage for skilled nursing care only or provide
32 significantly more coverage for skilled nursing care in a facility than
33 coverage for lower levels of care; or

34 (4) Decline or limit coverage based ¹solely¹ on the ¹status of the¹ insured individual ¹[being] as¹ a living organ donor; preclude an 35 insured person from donating all or part of an organ ¹[; consider the 36 37 status of a person as a living organ donor in determining the premium 38 rate for coverage of the person] as a condition of continuing to receive 39 coverage¹; or otherwise discriminate in the offering, issuance, cancellation, amount of coverage, price, or other condition of coverage 40 for an individual based solely, and without any additional actuarial 41 42 risks, on the status of the person as a living organ donor.

b. (1) No long-term care insurance policy or certificate shall use
a definition of "preexisting condition" which is more restrictive than
the following: preexisting condition means a condition for which
medical advice or treatment was recommended by, or received from a

provider of health care services, within six months preceding the
 effective date of coverage of an insured person.

3 (2) No long-term care insurance policy or certificate shall exclude
4 coverage for a loss or confinement which is the result of a preexisting
5 condition unless that loss or confinement begins within six months
6 following the effective date of coverage of an insured person.

7 (3) The definition of "preexisting condition" shall not prohibit an 8 insurer from using an application form designed to elicit the complete 9 health history of an applicant, and, on the basis of the answers on that 10 application, from underwriting in accordance with that insurer's 11 established underwriting standards. Unless otherwise provided in the 12 policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting 13 14 period described in paragraph (2) of this subsection b. expires. No long-term care insurance policy or certificate shall exclude or use 15 16 waivers or riders of any kind to exclude, limit or reduce coverage or 17 benefits for specifically named or described preexisting diseases or 18 physical conditions beyond the waiting period described in paragraph 19 (2) of this subsection b.

(4) A preexisting condition limitation shall only apply to the longterm care insurance coverage and shall not apply to any death benefit
or other life insurance benefit provided by a long-term care insurance
policy or certificate.

c. (1) No long-term care insurance policy or certificate shall be
delivered or issued for delivery in this State if that policy or certificate:

26 (a) Conditions eligibility for any benefits on a prior hospitalization27 requirement;

(b) Conditions eligibility for benefits provided in an institutionalcare setting on the receipt of a higher level of institutional care; or

30 (c) Conditions eligibility for any benefits, other than waiver of
31 premium, post-confinement, post-acute care or recuperative benefits,
32 on a prior institutionalization requirement.

(2) (a) A long-term care insurance policy or certificate containing
post-confinement, post-acute care or recuperative benefits shall clearly
label in a separate paragraph of the policy or certificate entitled
"Limitations or Conditions on Eligibility for Benefits" those
limitations or conditions, including any required number of days of
confinement.

39 (b) A long-term care insurance policy or certificate which
40 conditions eligibility for non-institutional benefits on the prior receipt
41 of institutional care shall not require a prior institutional stay of more
42 than 30 days.

d. Long-term care insurance applicants shall have the right to
return the policy or certificate within 30 days of its delivery and to
have the premium refunded if, after examination of the policy or
certificate, the applicant is not satisfied for any reason. Long-term
care insurance policies and certificates shall have a notice prominently
printed on the first page or attached thereto stating in substance that

1 the applicant shall have the right to return the policy or certificate 2 within 30 days of its delivery and to have the premium refunded if, 3 after examination of the policy or certificate, the applicant is not 4 satisfied for any reason. 5 e. (1) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation 6 7 through means which prominently direct the attention of the recipient 8 to the document and its purpose. 9 (a) The commissioner shall prescribe a standard format, including 10 style, arrangement and overall appearance, and the content of an 11 outline of coverage. 12 (b) In the case of insurance producer solicitations, an insurance producer shall deliver the outline of coverage prior to the presentation 13 of an application or enrollment form. 14 15 (c) In the case of direct response solicitations, the outline of 16 coverage shall be presented in conjunction with any application or 17 enrollment form. 18 (2) The outline of coverage shall include: (a) A description of the principal benefits and coverage provided 19 20 in the policy; 21 (b) A statement of the principal exclusions, reductions, and 22 limitations contained in the policy; 23 (c) A statement of the terms under which the policy or certificate, 24 or both, may be continued in force or discontinued, including any 25 reservation in the policy of a right to change premium. Continuation 26 or conversion provisions of group coverage shall be specifically 27 described; (d) A statement that the outline of coverage is a summary only, not 28 29 a contract of insurance, and that the policy or group master policy 30 contains governing contractual provisions; 31 (e) A description of the terms under which the policy or certificate 32 may be returned and the premium refunded; 33 (f) A brief description of the relationship of cost of care and 34 benefits; and 35 (g) A statement that discloses to the policyholder or certificate 36 holder whether the policy is intended to be a federally tax-qualified 37 long-term care insurance contract under 26 U.S.C. s. 7702B(b). f. A certificate issued pursuant to a group long-term care 38 39 insurance policy, which policy is delivered or issued for delivery in 40 this State, shall include: 41 (1) A description of the principal benefits and coverage provided 42 in the policy; (2) A statement of the principal exclusions, reductions and 43 44 limitations contained in the policy; and 45 (3) A statement that the group master policy determines governing 46 contractual provisions. g. At the time of policy delivery, a policy summary as prescribed 47 48 by the commissioner pursuant to subsection e. of this section shall be

7

1 delivered for an individual life insurance policy which provides long-2 term care benefits within the policy or by rider. In the case of direct 3 response solicitations, the insurer shall deliver the policy summary 4 upon the applicant's request, but regardless of request shall make that 5 delivery no later than at the time of policy delivery. In addition to 6 complying with all applicable requirements, the summary shall also 7 include: 8 (1) An explanation of how the long-term care benefit interacts with 9 other components of the policy, including deductions from death 10 benefits; 11 (2) An illustration of the amount of benefits, the length of benefit, 12 and the guaranteed lifetime benefits if any, for each covered person; 13 (3) Any exclusions, reductions and limitations on benefits of long-14 term care; 15 (4) A statement as to whether any long-term care inflation 16 protection option is available under this policy; 17 (5) If applicable to the policy type, the summary shall also include: 18 (a) A disclosure of the effects of exercising other rights under the 19 policy; 20 (b) A disclosure of guarantees related to long-term care costs of 21 insurance charges; 22 (c) Current and projected maximum lifetime benefits; and 23 (6) The provisions of the policy summary listed above may be 24 incorporated into a basic illustration required to be delivered in 25 accordance with regulations promulgated by the commissioner or into 26 the life insurance policy summary which is required to be delivered in 27 accordance with regulations promulgated by the commissioner. 28 h. Whenever a long-term care benefit, funded through a life 29 insurance policy by the acceleration of the death benefit, is in benefit 30 payment status, a monthly report as specified by the commissioner 31 shall be provided to the policyholder or certificate holder. The report 32 shall include: 33 (1) Any long-term care benefits paid out during the month; 34 (2) An explanation of any changes in the policy, such as death 35 benefits or cash values, due to long-term care benefits being paid out; 36 and 37 (3) The amount of long-term care benefits existing or remaining. 38 (cf: P.L.2003, c.207, s.6) 39 40 3. N.J.S.17B:30-12 is amended to read as follows: 41 17B:30-12. a. No person shall discriminate against any person or 42 group of persons because of race, creed, color, national origin or 43 ancestry of such person or group of persons in the issuance, 44 withholding, extension or renewal of any policy of life or health 45 insurance or annuity or in the fixing of the rates, terms or conditions 46 therefor, or in the issuance or acceptance of any application therefor. 47 b. No person shall use any form of policy of life or health 48 insurance or contract of annuity which expresses, directly or indirectly,

any limitation, or discrimination as to race, creed, color, national
 origin or ancestry or any intent to make any such limitation or
 discrimination.

c. No person shall make or permit any unfair discrimination
between individuals of the same class and equal expectation of life in
the rates charged for any policy of life insurance or contract of annuity
or in the dividends or other benefits payable thereon, or in any other of
the terms and conditions of such policy of life insurance or contract of
annuity.

d. No person shall make or permit any unfair discrimination
between individuals of the same class and of essentially the same
hazard in the amount of premium, policy fees, or rates charged for any
policy or contract of health insurance or in the benefits payable
thereunder, or in any of the terms or conditions of such policy or
contract, or in any other manner whatever.

16 e. (1) No person shall discriminate against any individual on the 17 basis of genetic information or the refusal to submit to a genetic test or 18 make available the results of a genetic test to the person in the issuance, withholding, extension or renewal of any hospital 19 20 confinement or other supplemental limited benefit insurance, as 21 defined by regulation of the commissioner, or in the fixing of the rates, 22 terms or conditions therefor, or in the issuance or acceptance of any 23 application therefor.

24 (2) As used in this subsection and subsection f. of this section:

25 "Genetic characteristic" means any inherited gene or chromosome, 26 or alteration thereof, that is scientifically or medically believed to 27 predispose an individual to a disease, disorder or syndrome, or to be 28 associated with a statistically significant increased risk of development 29 of a disease, disorder or syndrome.

"Genetic information" means the information about genes, gene
products or inherited characteristics that may derive from an individual
or family member.

"Genetic test" means a test for determining the presence or absence
of an inherited genetic characteristic in an individual, including tests of
nucleic acids such as DNA, RNA and mitochondrial DNA,
chromosomes or proteins in order to identify a predisposing genetic
characteristic.

38 f. No person shall make or permit any unfair discrimination 39 against an individual in the application of the results of a genetic test 40 or genetic information in the issuance, withholding, extension or 41 renewal of a policy of life insurance, including credit life insurance, an 42 annuity, disability income insurance contract or credit accident 43 insurance coverage. If the commissioner has reason to believe that 44 such unfair discrimination has occurred, including that application of 45 the results of a genetic test is not reasonably related to anticipated 46 claim experience, and that a proceeding by the commissioner would be 47 in the interest of the public, the commissioner shall, in accordance 48 with the provisions of N.J.S.17B:30-1 et seq., issue and serve upon the

9

insurer a statement of the charges. Upon a determination that the
practice or act of the insurer is in conflict with the provisions of this
subsection, the commissioner shall issue an order requiring the insurer
to cease and desist from engaging in the practice or act and may order
payment of a penalty consistent with the provisions of N.J.S.17B:30-1
et seq.

7 If, in the issuance, withholding, extension or renewal of any policy 8 of life insurance, including credit life insurance, an annuity, disability 9 income insurance contract or credit accident insurance coverage, an 10 insurer will use the results of a genetic test in compliance with this 11 subsection, the insurer shall notify the individual who is the subject of 12 the genetic test that such a test shall be required and shall obtain the 13 individual's written informed consent for the test prior to the 14 administration of the test, in accordance with the requirements of 15 P.L.1985, c.179 (C.17:23A-1 et seq.). The insurer shall also provide 16 that the physician or other health care professional designated by the 17 individual shall promptly receive a copy of the results of the test and, 18 if required, an interpretation of the test results by a qualified 19 professional, and that the individual shall state in writing whether the 20 individual elects to be informed of the results of the test.

21 g. No person shall make or permit any unfair discrimination 22 against any individual on the basis of the individual's intent to engage 23 in future lawful foreign travel in the issuance, extension or renewal of 24 any policy of life insurance or in the fixing of the rates, terms or 25 For purposes of this subsection, "unfair conditions therefor. 26 discrimination" means any decision to issue, extend, or renew a policy 27 of life insurance or the fixing of rates, terms, or conditions of a life 28 insurance policy, on the basis of the individual's intent to engage in 29 future lawful foreign travel, which is not based on sound actuarial 30 principles or actual or reasonably anticipated experience.

h. Nothing contained in this section shall be construed to require
any agent or company to take or receive the application for insurance
or annuity of any person or to issue a policy of insurance or contract of
annuity to any person.

35 i. No person shall decline or limit coverage under a policy of life or health insurance to any individual based ¹solely¹ on the individual 36 being a living organ donor; preclude an individual covered under a 37 38 policy of life or health insurance from donating all or part of an organ ¹[; consider the status of a person as a living organ donor in 39 determining the premium rate for coverage of the person under a 40 policy of life or health insurance] as a condition of continuing to 41 receive coverage¹; or otherwise discriminate in the offering, issuance, 42 43 cancellation, amount of coverage, price, or other condition of coverage 44 for an individual under a policy of life or health insurance based 45 solely, and without any additional actuarial risks, on the status of the 46 individual as a living organ donor.

1 As used in this subsection, "living organ donor" means a person 2 who has donated all or part of an organ and is not deceased. 3 (cf: P.L.2008, c.4, s.1) 4 5 4. Section 5 of P.L.2008, c.48 (C.45:9-7.5) is amended to read 6 as follows: 7 5.
