STATEMENT

This bill authorizes the New Jersey Economic Development
Authority (authority) to provide grants during periods of emergency
declared by the Governor, such as the declaration regarding the
Coronavirus disease 2019, and for the duration of economic
disruptions due to the emergency. The bill gives the authority the
power to offer grants for the planning, designing, acquiring,
constructing, reconstructing, improving, equipping, and furnishing
of a project, including, but not limited to, grants for working capital
and meeting payroll requirements, upon such terms and conditions
as the authority deems reasonable, during such period of time. The
bill also extends the uses of the economic growth account in the
Economic Recovery Fund to the planning, designing, acquiring,
constructing, reconstructing, improving, equipping, and furnishing
by small and medium-size businesses and not-for-profit
corporations of certain projects, including, but not limited to, grants
for working capital and meeting payroll requirements, upon such
terms and conditions as the authority deems reasonable, during such periods of time.

Further, the bill provides that, for projects that were approved by the authority under the Grow New Jersey Assistance Program, if the Governor declares an emergency, then the chief executive officer of the authority has the discretion to grant a business documentation submission extension for the duration of the emergency and the board of the authority, upon recommendation of the chief executive officer, may grant two additional six-month extensions; provided that (i) the extensions are due to the economic disruption cause by the emergency; (ii) the project is delayed due to unforeseeable acts related to the project beyond the eligible business's control and without its fault or negligence; (iii) the eligible business is using best efforts, with all due diligence, to proceed with the completion of the project and the submission of the certification; and (iv) the eligible business has made, and continues to make, all reasonable efforts to prevent, avoid, mitigate, and overcome the delay.
