13 STATEMENT

14
15 This bill allows members of religious corporations to hold, either
16 solely or in part, meetings by means of remote communication
17 during a state of emergency.

18 Pursuant to current law, meetings of members are required to be
19 held at a physical location, with no provision for members to
20 participate by alternative means during a state of emergency. Under
21 this bill, remote communication of meetings will be permitted if a
22 state of emergency is declared by the Governor. During the state of
23 emergency, a meeting of members may be held by means of remote
24 communication to the extent that the board of trustees authorize and
25 adopt guidelines and procedures governing such a meeting.

26 The bill will also provide that members are deemed present if
27 participating in a meeting by means of remote communication,
28 regardless of whether the meeting is held solely by means of remote
29 communication or in part.

30 In times of crisis, remote meetings can offer broader accessibility
31 to members and increase member participation. It also provides
32 religious corporations with the flexibility that they may need to
33 respond to any challenges that may occur because of a state of
34 emergency declaration.
