21 STATEMENT

22

23 This resolution condemns any discrimination against Asian  
24 American and Pacific Islander communities and recognizes the  
25 significant contributions that these communities make on a daily  
26 basis to the state of New Jersey and the country.

27 Asian Americans and Pacific Islanders are one of the fastest  
28 growing racial groups in New Jersey and it is imperative to build  
29 understanding and bring disparate communities in New Jersey  
30 together. New Jerseyans of Asian and Pacific Islander descent  
31 represent roughly 10 percent of the State's total populations, the  
32 third highest proportion in the country. These communities  
33 contribute nearly half a million eligible voters to the State, own  
34 roughly 81,000 firms with combined revenue of roughly \$44  
35 billion, and buying power of roughly \$57 to \$75 billion.  
36 Additionally, in the United States, over 2 million Asian Americans  
37 and Pacific Islanders are working as essential workers on the  
38 frontline of the COVID-19 pandemic in fields such as health care,  
39 law enforcement, first responders, transportation, supermarkets, and  
40 other service industries.

41 In the past year, since the start of the COVID-19 pandemic, there  
42 has been a surge in abuse against Asian American and Pacific  
43 Islander families and communities. Harassment has ranged from  
44 being spat on and verbally abused to incidents of physical assault.  
45 In New Jersey, Stop AAPI Hate reported nearly 50 incidents related  
46 to the COVID-19 pandemic of Asian American and Pacific Islander  
47 discrimination between March 19, 2020 and December 31, 2020.  
48 This is caused by the rhetoric that blames Asian people for the

1 spread of COVID-1 and continued inflammatory commentary may  
2 lead to more violence against the Asian American and Pacific  
3 Islander communities. The reported 50 incidents against individuals  
4 and communities marks an increase from the previous year. The  
5 United Nations has detailed “an alarming level” of racially  
6 motivated violence and other hate incidents against Asian  
7 Americans and Pacific Islanders. This cannot continue in the state  
8 of New Jersey and the country.

9 The State of New Jersey condemns and denounces acts of  
10 racism, violence, xenophobia, and intolerance against Asian  
11 American and Pacific Islander communities and individuals. The  
12 State additionally recognizes and promotes the contributions made  
13 by the Asian American and Pacific Islander communities  
14 throughout the State and country.
