16 hours, subject matter and content of courses of study.

17 For purposes of this section, “core requirements” means the

28 requirements established pursuant to subsection a. of this section. In  
29 addition, the board may adopt a formula providing a minimum  
30 number of spaying or neutering procedures that shall be deemed the  
31 equivalent of one hour of continuing veterinary education.

32 The board may reduce, in part, an application by a licensee to  
33 offset credits of continuing veterinary education pursuant to this  
34 subsection if the board finds, in its discretion, that the applicant  
35 requires continuing veterinary education in order to maintain or  
36 restore professional competence, or may deny all applications if the  
37 board finds that continuing veterinary education above the core  
38 requirements is necessary because of developments in science or  
39 technology.

40 The board may also, in its discretion and for good cause, notify a  
41 veterinarian that the veterinarian is ineligible to offset credits of  
42 continuing veterinary education pursuant to this subsection for any  
43 other reason established by regulation by the board.

3 “Volunteer veterinary services” means veterinary care provided

18 against rabies before returning the community cats to the locations  
19 where the community cats were trapped.

20 A person or entity described in paragraph (1), (2), or (3) of this  
21 subsection providing or receiving veterinary care without charge for
