mechanic, or any other position certified by the board of directors as a position of critical need.

For the purposes of this subsection, a person may have at most one principal residence, and the state of a person's principal residence means the state (1) where the person spends the majority of the person's nonworking time, and (2) which is most clearly the center of the person's domestic life, and (3) which is designated as the person's legal address and legal residence for voting. The fact that a person is domiciled in this State shall not by itself satisfy the requirement of principal residency hereunder.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in this State on the effective date of P.L.2011, c.70 but does not have principal residence in this State on that effective date shall not be subject to the residency requirement of this subsection while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

Any person may request an exemption from the provisions of this subsection on the basis of critical need or hardship from a five-member committee hereby established to consider applications for exemptions. The committee shall be composed of three persons appointed by the Governor, a person appointed by the Speaker of the General Assembly, and a person appointed by the President of the Senate, each of whom shall serve at the pleasure of the person making the appointment and shall have a term not to exceed five years. A vacancy on the committee shall be filled in the same manner as the original appointment was made. The Governor shall make provision to provide such clerical, secretarial, and administrative support to the committee as may be necessary for it to conduct its responsibilities pursuant to this subsection.

The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within 30 days after the receipt thereof, no exemption shall be granted and the residency requirement of this subsection shall be operative. The head of a principal department of the Executive Branch of the State government, a Justice of the Supreme Court, judge of the Superior Court, and judge of any inferior court established under the laws of this State shall not be eligible to request from the committee an exemption from the provisions of this subsection.

The exemption provided in this subsection for certain persons employed by a State college, university, or other higher educational institution, or a county or community college, other than those employed on a temporary or per-semester basis as a visiting professor, teacher, lecturer, or researcher, shall apply only to those persons holding positions that the college, university, or institution
has included in a report of those full or part-time positions as a member of the faculty, the research staff, or the administrative staff requiring special expertise or extraordinary qualifications in an academic, scientific, technical, professional, or medical field or in administration, that, if not exempt from the residency requirement, would seriously impede the ability of the college, university, or institution to compete successfully with similar colleges, universities, or institutions in other states. The report shall be compiled annually and shall also contain the reasons why the positions were selected for inclusion in the report. The report shall be compiled and filed within 60 days following the effective date of P.L.2011, c.70. The report shall be reviewed, revised as necessary, and filed by January 1 of each year thereafter. Each report shall be filed with the Governor and, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), with the Legislature, and a report may be revised at any time by filing an amendment to the report with the Governor and Legislature.

No provision of this section shall be construed as requiring an employee of, or a person hired by, a school district, charter school, or renaissance school project to comply with the residency requirement established pursuant to this subsection. Notwithstanding the provisions of this section to the contrary, a school district, charter school, or renaissance school project seeking to fill an open position shall make a good faith effort to hire a person who maintains a principal residence in this State for the open position. As used in this section, “school district” means any local or regional school district established pursuant to chapter 8 or chapter 13 of Title 18A of the New Jersey Statutes or an authority, board, body, agency, commission, or instrumentality of the district, and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

b. If any person holding any office, employment, or other position in this State shall attempt to let, farm out, or transfer office, employment, or position or any part thereof to any person, the person shall forfeit the sum of $1,500, to be recovered with costs by any person who shall sue for the same, one-half to the prosecutor and the other half to the State Treasurer for the use of the State.

c. No person shall be appointed to or hold any position in this State who has not the requisite qualifications for personally performing the duties of such position in cases where scientific engineering skill is necessary to the performance of the duties thereof.

d. Any person holding or attempting to hold an office, employment, or position in violation of this section shall be considered as illegally holding or attempting to hold the same; provided that a person holding an office, employment, or position in
this State shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency, and if thereafter the person fails to satisfy the requirement of principal residency as defined herein with respect to any 365-day period, that person shall be deemed unqualified for holding the office, employment, or position. The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against the person, upon the complaint of any officer or citizen of the State, provided that any complaint shall be brought within one year of the alleged 365-day period of failure to have the person’s principal residence in this State.

(cf: P.L.2018, c.162, s.10)

2. This act shall take effect immediately.
