4 and the benefits of the deviation would substantially outweigh any
5 detriment, grant a variance to allow departure from regulations
6 pursuant to article 8 of this act; provided, however, that the fact¹ that¹
a proposed use is an inherently beneficial use shall not be relevant to
a decision on a variance under this subsection and provided that no
7 variance from those departures enumerated in subsection d. of this
8 section shall be granted under this subsection; and provided further
9 that the proposed development does not require approval by the
10 planning board of a subdivision, site plan or conditional use, in
11 conjunction with which the planning board has power to review a
12 request for a variance pursuant to subsection a. of section 47 of this
13 act; and

34 section, the decision on the requested variance or variances shall be

36 No variance or other relief may be granted under the terms of this
