#### 26 27 28 STATEMENT

29  
30 This bill provides that the State Board of Marriage Counselor  
31 Examiners and the Professional Counselor Examiners Committee shall  
32 be responsible for establishing the content of academic and training  
33 standards for professional counselors and associate counselors. The  
34 board and committee must use the standards of appropriate  
35 professional counseling associations as a guide in establishing  
36 standards for counselor licensing. To become a licensed professional  
37 or associate counselor, an applicant would still be required to have a  
38 master's degree or doctorate from a regionally accredited institution  
39 of higher education in subject matter which is primarily counseling in  
40 content.

41 Applicants seeking to be a licensed professional counselor must  
42 currently pass the National Certified Counselor Examination. This bill  
43 allows an applicant to take either that test or the Certified  
44 Rehabilitation Counselor Examination to qualify.

45 The bill also provides for the grandfathering of applicants who meet  
46 the education and experience requirements to be licensed professional

1 counselors without a written examination, except that the board may  
2 require an oral or situational examination, or both. The board may  
3 consider an applicant's experience as a waiver of all or part of the  
4 supervised experience requirements for licensure as a professional  
5 counselor.
