26 a manner as may be prescribed by the director, except that the division
27 shall charge no fee for the alternative fuel license plate in addition to
28 fees otherwise required by law for the registration of the motor
29 vehicle.

30 b. There shall be no fee in addition to the annual fee otherwise
31 required by law for the renewal of the registration of the motor vehicle
32 that has been issued an alternative fuel vehicle license plate pursuant
33 to the provisions of this act, in each year subsequent to the year of
34 issuance. The annual fee for the renewal of the registration certificate
35 of a motor vehicle that has been issued an alternative fuel vehicle
36 license plate shall be collected by the Division of Motor Vehicles and
37 deposited in the Alternative Fuel Vehicle License Plate Fund created
38 pursuant to section 4 of this act.

39

40 4. a. There is created in the Department of Environmental

42 Fuel Vehicle License Plate Fund." There shall be deposited in the fund
43 the amount collected from private donations pursuant to subsection a
44 of section 2 of this act and all license plate fees collected pursuant to
45 section 3 of this act. Monies deposited in the fund shall be dedicated
46 for support and funding of projects and programs concerned with the

1 preservation and improvement of air quality through the promotion
2 and use of alternative fuels and alternative fuel vehicles. Monies
3 deposited in the fund shall be held in interest-bearing accounts in
4 public depositories as defined pursuant to section 1 of P.L.1970, c.236
5 (C.17:9-41), and may be invested or reinvested in such securities as
6 are approved by the State Treasurer. Interest or other income earned
7 on monies deposited in the fund, and any monies which may be
8 appropriated or otherwise become available for the purposes of the
9 fund, shall be credited to and deposited in the fund for use as set forth
10 in this act. The Department of Environmental Protection shall
11 administer the fund.

12

13 5. a. From the amounts deposited in the fund from private
14 donations, the Department of Environmental Protection annually shall
15 reimburse the Division of Motor Vehicles for all costs reasonably and
16 actually incurred, as stipulated by the director, for:

17 (1) producing, issuing, renewing, and publicizing the availability of
18 alternative fuel vehicle license plates; and

19 (2) any initial computer programming changes that may be
20 necessary to implement the alternative fuel vehicle license plate
21 program established by this act.

22 b. The Director of the Division of Motor Vehicles shall annually
23 certify to the Commissioner of Environmental Protection the average
24 cost per license plate incurred in the immediately preceding year by the
25 division in producing, issuing, renewing, and publicizing the
26 availability of alternative fuel vehicle license plates. The annual
27 certification of the average cost per license plate shall be approved by
28 the Joint Budget Oversight Committee, or its successor.

29 c. In the event that the annual cost of the program, as certified by
30 the director and approved by the Joint Budget Oversight Committee
31 or its successor, exceeds the balance in the fund from private
32 donations collected and deposited in the fund pursuant to subsection
33 a. of section 2 of this act, the director may discontinue the issuance of
34 alternative fuel vehicle license plates.

35

36 6. The Director of the Division of Motor Vehicles shall notify
37 eligible motorists of the opportunity to obtain alternative fuel vehicle
38 license plates by including a notice with all motor vehicle registration
39 renewals, and by posting appropriate posters or signs in all facilities
40 and offices of the division. The notices, posters, and signs shall be
41 designed by the Commissioner of Environmental Protection. The
42 designs shall be subject to the approval of the director, and the
43 Commissioner of Environmental Protection shall supply the division
44 with the notices, posters, and signs to be circulated or posted by the
45 division.

1 7. a. The Commissioner of Environmental Protection, the Director
2 of the Division of Motor Vehicles, and the State Treasurer shall
3 develop and enter into an interagency memorandum of agreement
4 setting forth the procedures to be followed by the departments and the
5 Division of Motor Vehicles in carrying out their respective
6 responsibilities under this act.

7 b. The Department of Environmental Protection and the
8 Department of Transportation may adopt, pursuant to the
9 "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et
10 seq.), such rules and regulations as may be necessary to implement this
11 act.

12

13 8. Sections 1, 2, 4 and 7 of this act shall take effect immediately.
14 Sections 3, 5 and 6 shall take effect on the 180th day after enactment,
15 but the Commissioner of Environmental Protection, the Director of the
16 Division of Motor Vehicles and the State Treasurer may take such
17 anticipatory acts in advance of that date as may be necessary for the
18 timely implementation of the provisions of those sections of this act
19 upon the effective date thereof.
