

CHAPTER 272

AN ACT establishing the Children's Health Care Coverage Program, amending P.L.1968, c.413 and supplementing Title 30 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

C.30:4I-1 Short title.

1. This act shall be known and may be cited as the "Children's Health Care Coverage Act."

C.30:4I-2 Findings, declarations relative to Children's Health Care Coverage Program.

2. The Legislature finds and declares that:

- a. Title XXI of the federal Social Security Act, which was created by Subtitle J of Title IV of the federal "Balanced Budget Act of 1997," Pub.L.105-33, established the State Children's Health Insurance Program, which allows a state, subject to certain conditions, to establish a health insurance program for low-income children.

- b. A substantial number of New Jersey's children who reside in low-income families lack health care coverage, and this lack of coverage prevents these children from obtaining needed preventive and other care on a consistent and managed basis.

- c. Because of a lack of health insurance coverage, children forgo care until conditions which were either preventable or treatable at the outset require more extensive and expensive interventions or treatment, and providing health care coverage will prevent these conditions from occurring or deteriorating in these children.

- d. Children with health care coverage have a significantly greater opportunity to stay healthy and to realize their full educational and developmental potential and become productive citizens.

- e. The Children's Health Care Coverage Program established pursuant to this act builds on New Jersey's longstanding commitment to assure access to quality health care provided in an efficient and effective manner and at a reasonable cost through the Medicaid program, services provided in certain health care facilities, and limited subsidized health insurance coverage.

- f. In addition, the Children's Health Care Coverage Program will utilize the new options permitted under federal law and State and other resources to establish the foundation for assuring health care coverage for all of New Jersey's children.

C.30:4I-3 Definitions relative to Children's Health Care Coverage Program.

3. As used in this act:

"Program" means the Children's Health Care Coverage Program established pursuant to this act.

C.30:4I-4 Children's Health Care Coverage Program established.

4. a. The Children's Health Care Coverage Program is established in the Department of Human Services. The purpose of the program shall be to provide subsidized private health insurance coverage, and other health care benefits as determined by the commissioner, to children from birth through 18 years of age within the limits of funds appropriated or otherwise made available for the program. The program shall require copayments and a premium contribution from families with incomes which exceed 150% of the official poverty level, which shall be based upon a sliding income scale. The program shall include the provision of well-child and other preventive services, hospitalization, physician care, laboratory and x-ray services, prescription drugs, mental health services, and other services as determined by the commissioner.

- b. The commissioner, in consultation with the Commissioner of Health and Senior Services, shall take such actions as are necessary to implement and operate the program in accordance with the provisions governing the State Children's Health Insurance Program in Title XXI of the federal Social Security Act, as provided in Subtitle J of Title IV of the federal "Balanced Budget Act of 1997," Pub.L.105-33.

- c. The commissioner shall by regulation establish standards for determining eligibility and other requirements for the program, including, but not limited to, premium payments and copayments, and may contract with one or more appropriate entities to assist in administering the program. The commissioner shall take, or cause to be taken, any action necessary to secure for the State the maximum amount of federal financial participation available with respect to the

program, subject to the constraints of fiscal responsibility and within the limits of available funding in any fiscal year.
