1 variance from such strict application of such regulation so as to relieve
2 such difficulties or hardship; (2) where in an application or appeal
3 relating to a specific piece of property the purposes of this act would
4 be advanced by a deviation from the zoning ordinance requirements
5 and the benefits of the deviation would substantially outweigh any
6 detriment, grant a variance to allow departure from regulations
7 pursuant to article 8 of this act; provided, however, that the fact ¹that¹
8 a proposed use is an inherently beneficial use shall not be relevant to
9 a decision on a variance under this subsection and provided that no
10 variance from those departures enumerated in subsection d. of this
11 section shall be granted under this subsection; and provided further
12 that the proposed development does not require approval by the
13 planning board of a subdivision, site plan or conditional use, in
14 conjunction with which the planning board has power to review a
15 request for a variance pursuant to subsection a. of section 47 of this
16 act; and

17 d. In particular cases for special reasons, grant a variance to allow
18 departure from regulations pursuant to article 8 of this act to permit:
19 (1) a use or principal structure in a district restricted against such use
20 or principal structure, (2) an expansion of a nonconforming use, (3)
21 deviation from a specification or standard pursuant to section 54 of
22 P.L.1975, c.291 (C.40:55D-67) pertaining solely to a conditional use,
23 (4) an increase in the permitted floor area ratio as defined in section
24 3.1. of P.L.1975, c.291 (C.40:55D-4), (5) an increase in the permitted
25 density as defined in section 3.1 of P.L.1975, c.291 (C.40:55D-4),

29 height of a principal structure which exceeds by 10 feet or 10% the
30 maximum height permitted in the district for a principal structure. A
31 variance under this subsection shall be granted only by affirmative vote
32 of at least five members, in the case of a municipal board, or
33 two-thirds of the full authorized membership, in the case of a regional
34 board, pursuant to article 10 of this act.

35 If an application development requests one or more variances but
36 not a variance for a purpose enumerated in subsection d. of this
37 section, the decision on the requested variance or variances shall be
38 rendered under subsection c. of this section.

39 No variance or other relief may be granted under the terms of this
40 section, including a variance or other relief involving an inherently
41 beneficial use, without ²[an independent] a² showing that such
42 variance or other relief can be granted without substantial detriment
43 to the public good and will not substantially impair the intent and the
44 purpose of the zone plan and zoning ordinance. In respect to any
45 airport safety zones delineated under the "Air Safety and Zoning Act
46 of 1983," P.L.1983, c.260 (C.6:1-80 et seq.), no variance or other

1 relief may be granted under the terms of this section, permitting the
2 creation or establishment of a nonconforming use which would be
3 prohibited under standards promulgated pursuant to that act, except
4 upon issuance of a permit by the Commissioner of Transportation. An
5 application under this section may be referred to any appropriate
6 person or agency for its report; provided that such reference shall not
7 extend the period of time within which the zoning board of adjustment
8 shall act.

9 ¹[Except as provided hereunder, with respect to an application for
10 a variance or other relief under this section, "inherently beneficial use"
11 means a use which uniquely and peculiarly serves the public welfare at
12 a particular site. With respect to an application for a variance or other
13 relief under this section involving a health care facility, as defined
14 under section 2 of P.L.1971, c.136 (C.26:2H-2), "inherently beneficial
15 use" means a use that by its essential nature or character serves the
16 public good and promotes the general welfare.]¹
