FINANCIAL INSTITUTIONS COMMITTEE

STATEMENT TO

SENATE, No. 1574

with committee amendments

STATE OF NEW JERSEY

DATED: NOVEMBER 7, 1996

The Senate State Management, Investment and Financial Institutions Committee reports favorably and with committee amendments, Senate Bill No. 1574.

This bill, as amended, provides a lender who makes commercial mortgage loans the authority to include a power of sale provision in a commercial mortgage and the holder of a commercial mortgage containing such a provision the authority to exercise this power of sale upon monetary default by the mortgagor. The use of power of sale mortgages is consistent with the common law relating to mortgage foreclosures. If a commitment is issued for a commercial mortgage in which the lender intends to include a power of sale provision, the lender is required to indicate this in the commitment. The bill provides that a mortgagor or anyone who has guaranteed the mortgagor's debt shall not be liable for any deficiency in the amount due and owing a mortgagee after a sale pursuant to this act. The bill also provides the mortgagor with the right to redeem the mortgaged property up to and including the day which is not later than 30 days after the date the mortgaged property is sold.

Upon the monetary default by the mortgagor and before exercising a power of sale, the mortgagee is required to notice a mortgagor by certified mail, return receipt requested, or by service on the mortgagor, by which notice the mortgagor is informed of the monetary default and is provided with the following information: the particular commercial mortgage under which the mortgagee intends to exercise a power of sale; the nature of the monetary default claimed; that the mortgagee has accelerated the maturity of the debt, if that is the case; the right of the debtor to cure the monetary default, the amount to be paid or other actions necessary to cure and the time by which such cure must take place; the methods by which the mortgagor's ownership of the mortgaged property may be terminated; any right to transfer the mortgaged property and the transferee's rights, if any, to cure; the circumstances under which the mortgagor's right to possession will be terminated and the consequences of such termination; the right of the

debtor to any surplus from the sale, and the information that if a mortgagor claims not to be in monetary default or claims any other valid defense to the non-judicial foreclosure by power of sale, the mortgagor has the right to commence a summary proceeding in Superior court to contest the sale. In addition, the mortgagee may record the notice of non-judicial foreclosure in the office of the county recorder which recordation will serve in a manner similar to the filing of a notice of *lis pendens*.

The bill provides that a mortgagor may cure a monetary default up to the date and time of the sale, or to the date and time for which an extension or delay is granted under the provisions of the bill. The right to cure is unlimited, except that the mortgagee has the right to take action in a court of competent jurisdiction to seek to establish whether the mortgagor is abusing that right. If the mortgagee establishes that the mortgagor is abusing the right to cure and there is no other basis for delay, the court may require the sale of the mortgaged premises no sooner than 30 days after publication of a notice of sale.

If the mortgagee executes a notice of sale, the mortgagee is required to: serve the mortgagor and other parties in interest with the notice; include in the notice of sale served on parties having an interest in the mortgaged property information which reasonably apprises that party of the nature of that party's interest in the mortgaged property, whose interest the mortgagee seeks to foreclose in the non-judicial foreclosure process; publish the notice in a paper with circulation in the county in which the property is located at least 30 days before the date of the sale; and record the notice of sale together with true copies of proofs of service, proof of publication and posting, if required, in the county recorder's office within 10 days of the date of the sale. Service of the notice of sale may be accomplished by use of the Sheriff as requested by the mortgagee and, if so requested, the Sheriff is entitled to charge the same fees for service as for the service of a summons and complaint in a Superior Court action. The date of the sale specified in the notice of sale must be not sooner than 90 days after a notice of monetary default is mailed to or served by a mortgagee to a mortgagor.

Under the bill, if the monetary default by the mortgagor is due to the loss of a tenant or tenants in the property subject to the mortgage and less than 50% of the total rentable square footage in the mortgaged premises is rented, the mortgagor may request, and is entitled to, an extension of the date of sale for a period of up to 90 days. This request has to be made in writing and sent certified mail, return receipt requested, at least 15 days before the first scheduled date of sale. A mortgagor is entitled to only one such extension per monetary default, provided that the monetary default is not due to the loss of the same tenant or tenants responsible for an earlier monetary default.

The sale shall take place in any county in which part of the

property to be sold is situated, on the date and at the time and specific place designated in the notice of sale. The sale may be conducted by an agent of the mortgagee. Any person, including the mortgagee and mortgagor, may bid at the sale. The mortgagee may require a purchaser, other than the mortgagee, to post cash or certified funds equal to 15% of the amount bid for the property. If the purchaser fails to post the required amount, the mortgagee may continue the sale and may accept the next highest bid. If the purchaser is not the mortgagee, closing shall occur no sooner than 30 days after the date the mortgaged property is sold. The purchaser has 30 days, or a longer period of time as agreed to by the mortgagee, to complete the sale by submitting an amount necessary to pay the full amount bid.

Upon completion of the sale, the mortgagee is to execute and deliver a deed, without warranty, to the purchaser. Recording of this deed constitutes a presumption of compliance with the requirements of this bill. After a period of one year from its recording, the mortgagee's deed constitutes conclusive evidence of the validity and regularity of the proceedings in favor of bona fide purchasers for value and without actual notice.

The bill provides for the recording of certain notices and proofs of service in the office of the county recorder and for fees to be charged for such recording.
