27 STATEMENT

28
29 This bill appropriates \$4.9 million from the "1996 Economic
30 Development Site Fund," created pursuant to the "Port of New Jersey
31 Revitalization, Dredging, Environmental Cleanup, Lake Restoration,
32 and Delaware Bay Area Economic Development Bond Act of 1996,"
33 (the act) P.L.1996, c.70, to the Department of Environmental
34 Protection for the Barnegat Bay Decoy and Baymen's
35 Museum/Tuckerton Seaport project in Ocean County. The act
36 authorizes the issuance of bonds in an aggregate principal amount of
37 \$20 million for the purposes of financing the cost of the purchase of

1 real property, equipment, and any building, construction, and  
2 miscellaneous site improvements associated with an economic  
3 development site in the Delaware River and Bay Region.

4 The museum/seaport project is designed to preserve the cultural  
5 and maritime history of the Barnegat Bay and the maritime history of  
6 the Port of Tuckerton. It is also a designation on the Coastal Heritage  
7 Trail issued by the United States Parks Service. The project would  
8 feature an education center, with exhibits to preserve the historical  
9 significance of the Port of Tuckerton, rail transportation, memorabilia  
10 and artifacts of the Barnegat Baymen and their families, and the  
11 artisanship of world-renowned decoy carvers and shipbuilders. The  
12 museum/seaport project includes the reconstruction of docks, the  
13 rebuilding of a rail spur, workshops, duck hunter shanties, decoy  
14 carving shops, blacksmith shops, a sawmill, boat works, a shipyard and  
15 a fish processing plant, among other features.

16 Completion of this museum/seaport project would significantly  
17 enhance the tourism industry in South Jersey by creating jobs and  
18 economic incentives for local businesses.
