SENATE, No. 2159

with Senate Floor Amendments
(Proposed By Senator KYRILLOS)

ADOPTED: JUNE 26, 1997

This amendment removes from the bill the provision that would have allowed for the annual adjustment of the maximum value of surplus property that the State could sell, or of easements that the State could grant, without legislative authorization. The annual adjustment would have been based on the rise or fall of the Consumer Price Index for this area.
