STATEMENT

26

27 This bill would appropriate \$9 million to the Department of  
28 Environmental Protection (DEP) from the "Green Acres, Farmland and  
29 Historic Preservation, and Blue Acres Bond Act of 1995," P.L.1995,  
30 c.204, for the purpose of providing State grants and low-interest loans  
31 to assist local government units to acquire, for recreation and  
32 conservation purposes, lands along or near the coast that have been  
33 damaged by storms or storm-related flooding. This sum represents the  
34 entire amount especially authorized by the bond act for post-storm  
35 acquisitions in the coastal area under the newly created coastal Blue  
36 Acres program. The sum needs to be appropriated as soon as

1 practicable so that DEP and local officials may respond quickly to  
2 acquisition opportunities that may arise after coastal storms. Under  
3 this portion of the coastal Blue Acres program, a qualifying local  
4 government unit receives a grant of 50% and a low-interest loan of up  
5 to 50% of the cost of acquisition of storm-damaged property.  
6 Properties may be acquired under the program only from willing  
7 sellers. Actual expenditure of any appropriated funds for any  
8 particular project requires the approval of the Joint Budget Oversight  
9 Committee or its successor.
