AN ACT concerning open space, farmland, and historic preservation, 
establishing the Garden State Preservation Trust, supplementing 
Title 13 of the Revised Statutes, and amending various parts of the 
statutory law.

BE IT ENACTED by the Senate and General Assembly of the State 
of New Jersey:

1. (New section) Sections 1 through 41 of this act shall be known, 
and may be cited, as the "Garden State Preservation Trust Act."

2. (New section) The Legislature finds and declares that enhancing 
the quality of life of the citizens of New Jersey is a paramount policy 
of the State; that the acquisition and preservation of open space, 
farmland, and historic properties in New Jersey protects and enhances 
the character and beauty of the State and provides its citizens with 
greater opportunities for recreation, relaxation, and education; that the 
lands and resources now dedicated to these purposes will not be 
adequate to meet the needs of an expanding population in years to 
come; that the open space and farmland that is available and 
appropriate for these purposes will gradually disappear as the costs of 
preserving them correspondingly increase; and that it is necessary and 
desirable to provide funding for the development of parks and other 
open space for recreation and conservation purposes.

The Legislature further finds and declares that agriculture plays an 
integral role in the prosperity and well-being of the State as well as 
providing a fresh and abundant supply of food for its citizens; that 
much of the farmland in the State faces an imminent threat of 
permanent conversion to non-farm uses; and that the retention and 
development of an economically viable agricultural industry is of high 
public priority.

The Legislature further finds and declares that there is an urgent 
need to preserve the State's historic heritage to enable present and

future generations to experience, understand, and enjoy the landmarks
of New Jersey's role in the birth and development of this nation; that
the restoration and preservation of properties of historic character and
importance in the State is central to meeting this need; and that a
significant number of these historic properties are located in urban
centers, where their restoration and preservation will advance urban
revitalization efforts of the State and local governments.

The Legislature further finds and declares that there is growing
public recognition that the quality of life, economic prosperity, and
environmental quality in New Jersey are served by the protection and
timely preservation of open space and farmland and better management
of the lands, resources, historic properties, and recreational facilities
that are already under public ownership or protection; that the
preservation of the existing diversity of animal and plant species is
essential to sustaining both the environment and the economy of the
Garden State, and the conservation of adequate habitat for
endangered, threatened, and other rare species is necessary to preserve
this biodiversity; that there is a need to establish a program to serve as
the successor to the programs established by the "Green Acres,
Farmland and Historic Preservation, and Blue Acres Bond Act of
1995," P.L.1995, c.204, nine previous similar bond acts enacted in
various implementing laws; and that any such successor program
should support implementation of Statewide policies, goals, and
strategies concerned with and emphasizing the importance of
preserving open space, sensitive environmental areas, critical wildlife
habitat, farmland, and historic resources.

The Legislature further finds and declares that the citizens of the
State have indicated their very strong support for open space,
farmland, and historic preservation efforts not only in the past
approval of State Green Acres bond acts and numerous county and
municipal dedicated funding sources for those purposes, but most
recently in 1998 with the approval of an amendment to the New Jersey
Constitution that provides for a stable and dedicated source of funding
for those purposes for the next decade and beyond.

The Legislature therefore determines that it is in the public interest
to preserve as much open space and farmland, and as many historic
properties, as possible within the means provided by the 1998
constitutional amendment; that, in recognition of the recommendations
of the Governor's Council on New Jersey Outdoors, it is a worthy goal
to preserve one million more acres of open space and farmland in the
Garden State in the next decade to protect the quality of life for New
Jersey residents; and that, to accomplish that goal, it is also in the
public interest to create the Garden State Preservation Trust and to
enable it to raise revenue for those purposes, and to delegate to it such
other duties and responsibilities as shall be necessary to further the
purposes of the constitutional amendment and to advance the policies
and achieve the goals set forth in this preamble.

For the purpose of complying with the provisions of Article V, Section IV, paragraph 1 of the New Jersey Constitution, the trust is hereby allocated within the Department of the Treasury, but
notwithstanding that allocation, the trust shall be independent of any supervision or control by that department or by any board or officer thereof. The trust is hereby constituted as an instrumentality of the State, exercising public and essential governmental functions, no part of whose revenues shall accrue to the benefit of any individual, and the exercise by the trust of the powers conferred by this act shall be deemed and held to be an essential governmental function of the State.

b. The trust shall consist of nine voting members as follows: the Commissioner of Environmental Protection, the Secretary of Agriculture, the Secretary of State, and the State Treasurer, who shall be members ex officio; and five public members, one of whom shall be appointed by the Governor, two of whom shall be appointed by the President of the Senate and of those two so appointed no more than one shall be from the same political party, and two of whom shall be appointed by the Speaker of the General Assembly and of those two so appointed no more than one shall be from the same political party.

Action may be taken and motions and resolutions adopted by the trust at any meeting thereof by the affirmative vote of a majority of the full membership of the trust. If, within that 15-day period, the Governor returns a copy of the minutes with the Governor's veto of any action taken by the trust or any member thereof at the meeting, the action shall be null and void and of no effect. period shall be deemed extended to the next following business day.

policies established by the department, in any State fiscal year the
percentage of funding from the Garden State Green Acres Preservation
Trust Fund for such projects recommended by the department shall be
substantially equivalent to or greater than the percentage derived by
dividing the total amount allocated pursuant to P.L.1983, c.354,

(2) Any act appropriating moneys from the Garden State Green Acres Preservation Trust Fund, or from any Green Acres bond act with respect to moneys allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, shall identify the particular project or projects to be funded by those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor.

Moneys may be appropriated to a local government unit that has prepared and adopted an open space acquisition and development plan approved by the department, or to a qualifying tax exempt nonprofit organization that\footnote{1} in cooperation and with the approval of a local government unit\footnote{1} is implementing or assisting in the implementation of an open space acquisition and development plan adopted by the local government unit and approved by the department, without identifying in the act the particular project or projects to be funded, provided that the appropriation will be expended in accordance with that approved plan\footnote{1} and, with respect to Green Acres bond act moneys, the appropriation in that form is not inconsistent with the Green Acres bond act\footnote{1}.

(3) Any transfer of moneys appropriated from the Garden State
Green Acres Preservation Trust Fund, or from any Green Acres bond act with respect to moneys allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, or any change in project sponsor, site, or type that has received an appropriation from the fund or from a Green Acres bond act, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust.

b. (1) At least twice each State fiscal year, the State Agriculture Development Committee shall submit to the trust a list of projects that the committee recommends to receive funding from the Garden State Farmland Preservation Trust Fund, based upon a priority system, ranking criteria, and funding policies established by the committee pursuant to this act and the "Agriculture Retention and Development Act," P.L.1983, c.32 (C.4:1C-11 et seq.), and any rules or regulations adopted pursuant thereto. The trust shall review the list and may make such deletions, but not additions, of projects therefrom as it deems appropriate and in accordance with the procedures established for such deletions pursuant to subsection d. of this section, whereupon the trust shall approve the list. At least twice each State fiscal year: (a) the trust shall prepare, and submit to the Governor and to the President of the Senate and the Speaker of the General Assembly for introduction in the Legislature, proposed legislation appropriating moneys from the Garden State Farmland Preservation Trust Fund to fund projects on any such list; and (b) the Legislature may approve one or more appropriation acts containing a project list or lists submitted by the trust pursuant to this paragraph.

(2) Any act appropriating moneys from the Garden State Farmland Preservation Trust Fund shall identify the particular project or projects to be funded with those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor.

Notwithstanding the provisions of this paragraph to the contrary, any appropriation of moneys from the fund to pay the cost of acquisition of a fee simple title to farmland shall not be required to identify the particular project or identify its location by county or municipality, and the expenditure of those moneys shall not require the approval of the Joint Budget Oversight Committee or its successor.

(3) Any transfer of moneys appropriated from the Garden State Farmland Preservation Trust Fund, or change in project sponsor, site, or type that has received an appropriation from the fund, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust.

c. (1) At least once each State fiscal year, or at such other interval
as the New Jersey Historic Trust in consultation with the Garden State Preservation Trust deems appropriate, the New Jersey Historic Trust shall submit to the Garden State Preservation Trust a list of projects that the New Jersey Historic Trust recommends to receive funding from the Garden State Historic Preservation Trust Fund, based upon a priority system, ranking criteria, and funding policies established by the New Jersey Historic Trust pursuant to this act and P.L.1967, c.124 (C.13:1B-15.111 et al.), and any rules or regulations adopted pursuant thereto. The Garden State Preservation Trust shall review the list and may make such deletions, but not additions, of projects therefrom as it deems appropriate and in accordance with the procedures established for such deletions pursuant to subsection d. of this section, whereupon the Garden State Preservation Trust shall approve the list. At least once each State fiscal year, or at such other interval as the Garden State Preservation Trust in consultation with the New Jersey Historic Trust deems appropriate: (a) the Garden State Preservation Trust shall prepare, and submit to the Governor and to the President of the Senate and the Speaker of the General Assembly for introduction in the Legislature, proposed legislation appropriating moneys from the Garden State Historic Preservation Trust Fund to fund projects on any such list; and (b) the Legislature may approve one or more appropriation acts containing a project list or lists submitted by the Garden State Preservation Trust pursuant to this paragraph. (2) Any act appropriating moneys from the Garden State Historic Preservation Trust Fund shall identify the particular project or projects to be funded by those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor. (3) Any transfer of moneys appropriated from the Garden State Historic Preservation Trust Fund, or change in project sponsor, site, or type that has received an appropriation from the fund, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust. d. Whenever the Garden State Preservation Trust deletes a project from a list of projects that has been submitted to the Garden State Preservation Trust pursuant to subsection a., b., or c. of this section, the Garden State Preservation Trust shall, in consultation with the applicant and the department, the committee, or the New Jersey Historic Trust, as the case may be, review and reevaluate the merits and validity of the project. After completion of this review and reevaluation, if the department, committee, or New Jersey Historic Trust, as the case may be, continues to recommend funding of the project, it shall transmit its reasons therefor in writing to the Garden State Preservation Trust and place the project on the next or a
subsequent list of projects submitted to the Garden State Preservation Trust pursuant to subsection a., b., or c. of this section. The Garden State Preservation Trust shall include the project in the next proposed legislation appropriating moneys from the Garden State Green Acres Preservation Trust Fund, Green Acres bond act, Garden State Farmland Preservation Trust Fund, or Garden State Historic Preservation Trust Fund, as the case may be, that is submitted to the Governor, President of the Senate, and Speaker of the General Assembly pursuant to subsection a., b., or c. of this section, together with a written report setting forth the rationale of the Garden State Preservation Trust in recommending deletion of the project from the proposed legislation and the rationale of the department, committee, or New Jersey Historic Trust, as the case may be, in recommending retention of the project in the proposed legislation.

e. The Garden State Preservation Trust may at any time suggest projects to be considered or rejected for consideration by the department, the committee, or the New Jersey Historic Trust in the preparation of recommended project funding lists pursuant to this section.

f. Projects involving the joint effort of more than one level of government or qualifying tax exempt nonprofit organization, or the joint effort of the department, the committee, and the New Jersey Historic Trust, or any combination thereof, shall be encouraged.

g. For the purposes of efficiency and convenience, nothing in this section shall prohibit the Garden State Preservation Trust from combining the project lists, in whole or in part, of the department, committee, and New Jersey Historic Trust into one proposed appropriation bill or bills to be submitted to the Governor and Legislature for consideration and enactment into law as otherwise prescribed pursuant to this section.

h. The total amount appropriated for proposed projects pursuant to subsections a. and b. of this section in any State fiscal year shall not exceed $200,000,000.

The appraisal and appraisal data shall consider as appropriate: land values in the pinelands regional growth areas; land values in counties, municipalities, and other areas reasonably contiguous to, but outside of, the pinelands area; and other relevant factors as may be necessary to maintain the environmental, ecological, and agricultural qualities of the pinelands area.

(2) No pinelands development credit allocated to a parcel of land pursuant to P.L.1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto that is acquired or obtained in connection with the acquisition of the parcel for recreation and conservation purposes by the State, a local government unit, or a qualifying tax exempt nonprofit organization using constitutionally dedicated moneys in whole or in part may be conveyed in any manner. This subsection shall not apply to appraisals conducted for the purposes of subsection c. of this section.]

(1) For State fiscal years 2000 through 2004 only, when the department, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire lands for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the land use zoning of the lands (a) in effect at the time of proposed acquisition, and (b) in effect on November 3, 1998 as if that land use zoning is still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as
the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:
   (a) apply if the land use zoning of the lands at the time of proposed acquisition has not changed since November 3, 1998;

g. Whenever lands are donated to the State by a public utility, as defined pursuant to Title 48 of the Revised Statutes, for recreation and conservation purposes, the commissioner may make and keep the lands accessible to the public, unless the commissioner determines that public accessibility would be detrimental to the lands or any natural resources associated therewith.

h. Whenever the State acquires land for recreation and conservation purposes, the agency in the Department of Environmental Protection responsible for administering the land shall, within six months after the date of acquisition, inspect the land for the presence of any buildings or structures thereon which are or may be historic properties and, within 60 days after completion of the inspection, provide to the New Jersey Historic Preservation Office in the department (1) a written notice of its findings, and (2) for any buildings or structures which are or may be historic properties.

b. A loan by the State for lands to be acquired or developed by a local government unit for recreation and conservation purposes may include up to 100% of the cost of acquisition or development of the lands by the local government unit, shall bear interest of not more than 2% per year, and shall be for a term of not more than 30 years for an acquisition project and not more than 20 years for a development project.

c. (1) A grant by the State for lands to be acquired or developed by a qualifying tax exempt nonprofit organization for recreation and conservation purposes may include up to 50% of the cost of acquisition or development of the lands by the qualifying tax exempt nonprofit organization.
No grant shall be made to a qualifying tax exempt nonprofit organization for a development project for recreation and conservation purposes on lands owned by a local government unit unless the local government unit is a co-applicant with the qualifying tax exempt nonprofit organization or has otherwise indicated its approval in writing of the proposed development project.

To qualify to receive a grant pursuant to this subsection, the board of directors or governing body of the applying tax exempt nonprofit organization shall:

1. Demonstrate to the commissioner that the organization qualifies as a charitable conservancy for the purposes of P.L.1979, c.378 (C.13:8B-1 et seq.);
2. Demonstrate that the organization has the resources to match the grant requested;
3. Agree to make and keep the lands accessible to the public, unless the commissioner determines that public accessibility would be detrimental to the lands or any natural resources associated therewith;

5. Agree to execute and donate to the State at no charge a conservation restriction pursuant to P.L.1979, c.378 (C.13:8B-1 et seq.) on the lands to be acquired with the grant.

The local government unit or qualifying tax exempt nonprofit organization share of the cost of an acquisition of lands, if any, may be reduced (1) by the fair market value, as determined by the commissioner, of any portion of the lands to be acquired that have been donated to, or otherwise received without cost by, the local government unit or qualifying tax exempt nonprofit organization; or (2) in the case of a conveyance of the lands, or any portion thereof, to the local government unit or qualifying tax exempt nonprofit organization at less than fair market value, by the difference between the fair market value at the time of the conveyance and the conveyance price to the local government unit or qualifying tax exempt nonprofit organization.

28. (New section) The State shall not use the power of eminent domain in any manner for the acquisition of lands by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part unless a concurrent resolution approving that use is approved by both Houses of the Legislature; except that, without the need for such a concurrent resolution, the State may use the power of eminent domain to the extent necessary to establish a value for lands to be acquired from a willing seller by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part.

29. (New section) a. (1) (a) To the end that municipalities may not suffer a loss of taxes by reason of the acquisition and ownership by the State of lands in fee simple for recreation and conservation purposes or in fee simple for farmland preservation purposes, or in fee simple for farmland preservation purposes, or in fee simple for farmland preservation purposes using constitutionally dedicated moneys in whole or in part, the State shall pay annually on October 1 to each municipality in which lands are so acquired and owned, for a period of 13 years following an acquisition the following amounts: in the first year a sum of money equal to the tax last assessed and last paid by the taxpayer upon this land and the improvements thereon for the taxable year immediately prior to the time of its acquisition and thereafter the following percentages of the
amount paid in the first year: second year, 92%; third year, 84%;
fourth year, 76%; fifth year, 68%; sixth year, 60%; seventh year, 52%;
eighth year, 44%; ninth year, 36%; 10th year, 28%; 11th year, 20%;

b. In the event that land acquired by the State, a local government unit, or a qualifying tax exempt nonprofit organization for recreation and conservation purposes (or farmland preservation purposes) was assessed at an agricultural and horticultural use valuation in accordance with provisions of the "Farmland Assessment Act of 1964," P.L.1964, c.48 (C.54:4-23.1 et seq.) at the time of its acquisition by the State, local government unit, or qualifying tax exempt nonprofit organization, no roll-back tax pursuant to section 8 of P.L.1964, c.48 (C.54:4-23.8) shall be imposed as to this land nor shall this roll-back tax be applicable in determining the annual payments to be made pursuant to subsection a. of this section by the State to the municipality in which this land is located.

c. Any payments made by the State pursuant to this section shall
be paid from the General Fund but not from constitutionally dedicated
moneys.

d. All sums of money received by the respective municipalities as
compensation for loss of tax revenue pursuant to this section shall be
applied to the same purposes as is the tax revenue from the assessment
and collection of taxes on real property of these municipalities, and to
accomplish this end the sums shall be apportioned in the same manner
as the general tax rate of the municipality for the tax year preceding
the year of receipt.

e. For the purposes of this section, lands owned in fee simple by
the State for recreation and conservation purposes shall mean State
parks and forests, as defined pursuant to section 3 of P.L. 1983, c. 324
(C. 13:1L-3), State wildlife management areas, and any other lands

recreation and conservation purposes ¹ (or for farmland preservation
purposes)¹, the State shall pay annually on October 1 to each
municipality in which those lands are located the following amounts:
$2 per acre of lands so acquired and owned for any municipality for
which all lands owned in fee simple by the State or by a qualifying tax
exempt nonprofit organization for recreation and conservation
purposes ¹ (or farmland preservation purposes)¹ constitute less than
20% of the total land area of the municipality; $5 per acre of lands so
acquired and owned for any municipality for which all lands owned in
fee simple by the State or by a qualifying tax exempt nonprofit
organization for recreation and conservation purposes ¹ (or farmland
preservation purposes)¹ constitute at least 20% but less than ¹ (50%)
40%¹ of the total land area of the municipality; $10 per acre of lands
so acquired and owned for any municipality for which all lands owned
in fee simple by the State or by a qualifying tax exempt nonprofit
organization for recreation and conservation purposes ¹ (or farmland
preservation purposes)¹ constitute at least ¹ (50%) 40%¹ but less than
60% of the total land area of the municipality, and $20 per acre of
lands so acquired and owned for any municipality for which all lands
owned in fee simple by the State or by a qualifying tax exempt
nonprofit organization for recreation and conservation purposes ¹ (or
farmland preservation purposes)¹ constitute at least 60% of the total
land area of the municipality.
b. In the event payments in lieu of taxes are due and payable from the State on those lands pursuant to another law, and those payments, if made by the State, would exceed those that would be paid pursuant to this section, the payments shall be made in accordance with the other law. In no case shall payments be made to a municipality in compliance with both this section and any other applicable law.

c. Any payments made by the State pursuant to this section shall be paid from the General Fund but not from constitutionally dedicated moneys.

d. All sums of money received by the respective municipalities as compensation for loss of tax revenue pursuant to this section shall be applied to the same purposes as is the tax revenue from the assessment and collection of taxes on real property of these municipalities, and to accomplish this end the sums shall be apportioned in the same manner as the general tax rate of the municipality for the tax year preceding the year of receipt.

e. For the purposes of this section, lands owned in fee simple by the State for recreation and conservation purposes shall mean State parks and forests, as defined pursuant to section 3 of P.L.1983, c.324 (C.13:1L-3), State wildlife management areas, and any other lands owned in fee simple by the State and administered by the Department of Environmental Protection for recreation and conservation purposes.

31. (New section) Lands acquired or developed by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part shall not be conveyed, disposed of, or diverted to use for other than recreation and conservation purposes without the approval of the commissioner and the State House Commission established pursuant to R.S.52:20-1 et seq. Approval shall not be given unless the commissioner shall agree to pay an amount equal to or greater than the fair market value of the land at the time of the proposed conveyance, disposal, or diversion, as determined by the State House Commission, into the Garden State Green Acres Preservation Trust Fund; and the amount to be paid shall be determined also in accordance with the requirements of P.L.1993, c.38 (C.13:1D-51 et seq.). Moneys so returned to that fund shall be deemed wholly a part of the portion of that fund available for the acquisition by the State of lands for recreation and conservation purposes as provided pursuant to this act.

32. (New section) a. Lands acquired or developed by a local government unit or a qualifying tax exempt nonprofit organization for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part shall not be conveyed, disposed of, or diverted to a use for other than recreation and conservation purposes
without the approval of the commissioner and the State House
Commission and following a public hearing held at least one month
prior to those approvals. Approval of the commissioner and the State
House Commission shall not be given unless the local government unit
or qualifying tax exempt nonprofit organization agrees to (1) replace
the lands with lands of equal or greater fair market value and of
reasonably equivalent size, quality, location, and usefulness for
recreation and conservation purposes, as approved by the
commissioner, or (2) pay an amount equal to or greater than the fair
market value of the lands, as determined by the commission, into the
Garden State Green Acres Preservation Trust Fund. Moneys so
returned to that fund shall be deemed wholly a part of the portion of
that fund available for grants or loans to local government units or
grants to qualifying tax exempt nonprofit organizations for the
acquisition of lands for recreation and conservation purposes as
provided pursuant to this act.

b. A local government unit that receives a grant or loan for
recreation and conservation purposes pursuant to this act shall not
convey, dispose of, or divert to a use for other than recreation and
conservation purposes any lands held by the local government unit for
those purposes at the time of receipt of the grant or loan without the
approval of the commissioner and the State House Commission and
following a public hearing held by the local government unit at least
one month prior to those approvals. Approval of the commissioner
and the State House Commission shall not be given unless the local
government unit agrees to (a) replace the lands with lands of equal or
greater fair market value and of reasonably equivalent size, quality,
location, and usefulness for recreation and conservation purposes, as
approved by the commissioner, or (b) pay an amount equal to or
greater than the fair market value of the lands, as determined by the
commission, into the Garden State Green Acres Preservation Trust
Fund. Moneys so returned to that fund shall be deemed wholly a part
of the portion of that fund available for grants or loans to local
government units for the acquisition of lands for recreation and
conservation purposes as provided pursuant to this act.

c. For the purposes of this section, “fair market value” shall mean
the fair market value at the time of the proposed conveyance, disposal,
or diversion.

33. (New section) a. For lands held by a local government unit for
recreation and conservation purposes that were neither acquired nor
developed for any of those purposes with any financial assistance from
the State, and which have been included in an inventory of lands
prepared for the purposes of complying with section 32 of this act, the
local government unit may (1) change the recreation and conservation
purpose for which the lands are being used to another recreation and
conservation purpose, including but not limited to developing the lands for public outdoor recreation, or (2) construct a building or other structure on the lands for public indoor recreation, provided that the local government unit has held at least one public hearing on the proposed change in purpose or use at least 90 days prior to final approval thereof by the local government unit. Any action taken by a local government unit pursuant to this section shall not be deemed to be a conveyance, disposal, or diversion for the purposes of subsection b. of section 32 of this act.

b. The local government unit shall provide to the commissioner (1) at least 30 days advance written notice of any public hearing to be held on any such change in purpose or use, (2) within 90 days after final approval of the change in purpose or use by the local government unit, written proof that any such public hearing was held, and (3) written notice of the change in purpose or use within 90 days after it has been effected.

34. (New section) a. A local government unit may convey lands held by the local government unit for recreation and conservation purposes to the federal government, the State, another local government unit, or a qualifying tax exempt nonprofit organization, provided that (1) the lands will continue to be preserved and used for recreation and conservation purposes, (2) any restrictions on the lands when they were held by the local government unit are maintained by the new owner, and (3) at least one public hearing on the proposed conveyance is held by the local government unit at least 90 days prior to final approval thereof by the local government unit.

b. The local government unit shall provide to the commissioner (1) at least 30 days advance written notice of any public hearing to be held on any such conveyance, (2) within 90 days after final approval of the conveyance by the local government unit, written proof that any such public hearing was held, and (3) written notice of the conveyance within 90 days after it has been executed.

35. (New section) a. No lands acquired or developed by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act, P.L.1993, c.38 (C.13:1D-51 et seq.), and any other applicable law.

b. No lands acquired or developed by a county for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act, P.L.1993, c.36 (C.40A:12-13.5 et seq.), and any other applicable law.

c. No lands acquired or developed by a local government unit, other than a county, for recreation and conservation purposes using
constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act and any other applicable law.

36. (New section) A local government unit that receives a grant or loan for recreation and conservation purposes pursuant to this act shall satisfactorily operate and maintain the lands acquired or developed pursuant to the conditions of the agreement between the local government unit and the department when the grant or loan is made. In the event that the local government unit cannot or will not correct deficiencies in the operation and maintenance within a reasonable time period, the commissioner may require the repayment of all or a portion of the grant or loan amount received by the local government unit.

37. (New section) a. Moneys appropriated from the Garden State Farmland Preservation Trust Fund to the State Agriculture Development Committee for farmland preservation purposes shall be used by the committee to:

(1) Provide grants to local government units to pay up to 80% of the cost of acquisition of development easements on farmland, and to qualifying tax exempt nonprofit organizations to pay up to 50% of the cost of acquisition of development easements on farmland as provided in section 39 of this act, provided that any funds received for the transfer of a development easement shall be dedicated to the future purchase of development easements on farmland and the State's pro rata share of any such funds shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund, and provided that the terms of any such development easement to be acquired by a qualifying tax exempt nonprofit organization shall be approved by the committee;

(2) Provide grants to local government units to pay up to 80% of the cost of acquisition of fee simple titles to farmland from willing sellers only, and to qualifying tax exempt nonprofit organizations to pay up to 50% of the cost of acquisition of fee simple titles to farmland from willing sellers only as provided in section 39 of this act, which shall be offered for resale or lease with agricultural deed restrictions, as determined by the committee, and any proceeds received from a resale shall be dedicated for farmland preservation purposes and the State's pro rata share of any such proceeds shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund;

(3) Pay the cost of acquisition by the State of development easements on farmland, provided that any funds received for the transfer of a development easement shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes
of that fund; and

(4) Pay the cost of acquisition by the State of fee simple titles to farmland from willing sellers only, which shall be offered for resale or lease with agricultural deed restrictions, as determined by the committee, and any proceeds received from a resale or lease shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund.

b. Moneys appropriated from the fund may be used to match grants, contributions, donations, or reimbursements from federal aid programs or from other public or private sources established for the same or similar purposes as the fund.

38. (New section) a. All acquisitions or grants made pursuant to section 37 of this act shall be made with respect to farmland devoted to farmland preservation under programs established by law.

b. The expenditure and allocation of constitutionally dedicated moneys for farmland preservation purposes shall reflect the geographic diversity of the State to the maximum extent practicable and feasible.

c. The committee shall implement the provisions of section 37 of this act in accordance with the procedures and criteria established pursuant to the "Agriculture Retention and Development Act," P.L.1983, c.32 (C.4:1C-11 et seq.) except as provided otherwise by this act.

d. The committee shall adopt the same or a substantially similar method for determining, for the purposes of this act, the committee's share of the cost of a development easement on farmland to be acquired by a local government as that which is being used by the committee on the date of enactment of this act for prior farmland preservation funding programs.

e. Notwithstanding the provisions of section 24 of P.L.1983, c.32 (C.4:1C-31) or this act, or any rule or regulation adopted pursuant thereto, to the contrary, whenever the value of a development easement on farmland to be acquired using constitutionally dedicated moneys in whole or in part is determined based upon the value of any pinelands development credits allocated to the parcel pursuant P.L.1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto, the committee shall determine the value of the development easement by:

(1) conducting a sufficient number of fair market value appraisals as it deems appropriate to determine the value for farmland preservation purposes of the pinelands development credits;

(2) considering development easement values in counties, municipalities, and other areas (a) reasonably contiguous to, but outside of, the pinelands area, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection, and (b) in the
pinelands area where pinelands development credits are or may be utilized, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection;

(3) considering land values in the pinelands regional growth areas;

(4) considering the importance of preserving agricultural lands in the pinelands area; and

(5) considering such other relevant factors as may be necessary to increase participation in the farmland preservation program by owners of agricultural lands located in the pinelands area.

f. No pinelands development credit that is acquired or obtained in connection with the acquisition of a development easement on farmland or fee simple title to farmland by the State, a local government unit, or a qualifying tax exempt nonprofit organization using constitutionally dedicated moneys in whole or in part may be conveyed in any manner. All such pinelands development credits shall be retired permanently.

g. In determining the value of a development easement on farmland or the fee simple title to farmland under consideration for acquisition for farmland preservation purposes to be paid for using constitutionally dedicated moneys in whole or in part, any appraisal of that value conducted by or for the committee or a local government unit shall be made using the land use zoning of the farmland in effect on November 3, 1998. This subsection shall not apply to appraisals conducted for the purposes of subsection e. of this section.

(1) For State fiscal years 2000 through 2004 only, when the department, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire a development easement on farmland or the fee simple title to farmland for farmland preservation purposes using constitutionally dedicated moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the land use zoning of the lands (a) in effect at the time of proposed acquisition, and (b) in effect on November 3, 1998 as if that land use zoning is still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:
(a) apply if the land use zoning of the lands at the time of proposed
acquisition has not changed since November 3, 1998;
(b) apply in the case of lands to be acquired with federal moneys
in whole or in part;
(c) apply in the case of lands to be acquired in accordance with
subsection e. of this section;
(d) apply to projects funded using constitutionally dedicated
moneys appropriated pursuant to the annual appropriations act for
State fiscal year 2000 (now before the Legislature as Senate Bill
No. ___ of 1999 or Assembly Bill No. ___ of 1999); or
(e) alter any requirements to disclose information to a landowner
pursuant to the "Eminent Domain Act of 1971," P.L.1971, c.361
(C.20:3-1 et seq.).

h. Any farmland for which a development easement or fee simple
title has been acquired pursuant to section 37 of this act shall be
entitled to the benefits conferred by the "Right to Farm Act,"
P.L.1983, c.31 (C.4:1C-1 et al.) and the "Agriculture Retention and
(C.4:1C-11 et al.).

139. (New section) a. The committee may provide a grant to a
qualifying tax exempt nonprofit organization for up to 50% of the cost
of acquisition of (1) a development easement on farmland, provided
that the terms of any such development easement shall be approved by
the committee, or (2) fee simple title to farmland, which shall be
offered for resale or lease with an agricultural deed restriction, as
determined by the committee, and any proceeds received from a resale
shall be dedicated for farmland preservation purposes and the State's
pro rata share of any such proceeds shall be deposited in the Garden
State Farmland Preservation Trust Fund to be used for the purposes
of that fund.

b. The value of a development easement or fee simple title shall be
established by two appraisals conducted on each parcel and certified
by the committee. The appraisals shall be conducted by independent
professional appraisers selected by the qualifying tax exempt nonprofit
organization and approved by the committee from among members of
recognized organizations of real estate appraisers.

c. The appraisals shall determine the fair market value of the fee
simple title to the parcel, as well as the fair market value of the parcel
for agricultural purposes. The difference between the two values shall
represent an appraisal of the value of the parcel for nonagricultural
purposes, which shall be the value of the development easement.

d. Any grant provided to a qualifying tax exempt nonprofit
organization pursuant to this section shall not exceed 50% of the
appraised value of the development easement, or of the fee simple title
in the case of fee simple acquisitions, plus up to 50% of any costs
incurred including but not limited to the costs of surveys, appraisals, and title insurance.

e. The appraisals conducted pursuant to this section or the fair market value of land restricted to agricultural use shall not be used to increase the assessment and taxation of agricultural land pursuant to the “Farmland Assessment Act of 1964,” P.L. 1964, c. 48 (C.54:4-23.1 et seq.).

f. To qualify to receive a grant pursuant to this section, the applicant shall:

(1) demonstrate that it has the resources to match the grant requested; and

(2) in the case of the acquisition of a development easement, agree not to convey the development easement except to the federal government, the State, a local government unit, or another qualifying tax exempt nonprofit organization, for farmland preservation purposes.¹

¹[39.] 40.¹ (New section) a. The committee may acquire and permanently retire development easements on farmland.

b. The committee shall evaluate the suitability of the acquisition of a development easement based upon the eligibility criteria listed in subsection b. of section 24 of P.L. 1983, c. 32 (C.4:1C-31) and any other criteria that may be adopted by the committee.

c. Appraisals to determine the fair market value of a development easement to be acquired by the committee shall be conducted by appraisers approved by the committee and in a manner consistent with the process set forth in subsection c. of section 24 of P.L. 1983, c. 32 (C.4:1C-31).

d. Any development easement acquired by the committee shall be held of record in the name of the committee.

¹[40.] 41.¹ (New section) a. Moneys appropriated from the Garden State Historic Preservation Trust Fund to the New Jersey Historic Trust for historic preservation purposes shall be used by the New Jersey Historic Trust to provide grants to local government units or qualifying tax exempt nonprofit organizations to pay a portion of the cost of preservation of historic properties. Grants shall be awarded on a competitive basis based upon the following criteria:

(1) submission of specific plans and objectives for the preservation of the architectural and historical integrity of the project, including a statement of public benefit and the need for the work proposed;

(2) demonstration by the applicant of administrative capabilities to carry out the preservation plans required pursuant to paragraph (1) of this subsection;

(3) evidence of ability to meet the eligibility standards set forth in subsection b. of this section; and
(4) evidence that the historic property is and shall remain accessible to the public, or if it is not accessible to the public at the time of application, that it shall be made, and shall remain, accessible to the public.

b. To qualify to receive a construction grant pursuant to this section, the applicant shall:

   (1) if not in ownership in fee simple of the property, obtain a valid lease of a term acceptable to the New Jersey Historic Trust within 18 months after the date of the appropriation by law of the moneys for the grant, or the grant for the project shall lapse into the Garden State Historic Preservation Trust Fund;

   (2) certify that the property is an historic property and, if it is not listed in the New Jersey Register of Historic Places pursuant to P.L.1970, c.268 (C.13:1B-15.128 et seq.), agree to list it in that register;

   (3) demonstrate that it has the resources to match the grant requested;

   (4) agree, if requested by the New Jersey Historic Trust, to execute and donate at no charge to the New Jersey Historic Trust or another entity designated by the New Jersey Historic Trust, an historic preservation restriction pursuant to P.L.1979, c.378 (C.13:8B-1 et seq.) on the historic property; and

   (5) in the case of a qualifying tax exempt nonprofit organization, agree not to convey the historic property to any person or organization that does not have tax exempt nonprofit or governmental status without the approval of the New Jersey Historic Trust.

c. Moneys raised within two years prior to the date of enactment of this act for ongoing historic preservation projects may be used by an applicant to meet the matching requirements of this section, but moneys raised prior thereto may not be used for that purpose.

d. No grant awarded pursuant to this section may exceed $750,000.

e. Recipients of grants awarded pursuant to this section shall reflect the racial, ethnic, and geographic diversity of the State.

f. Any local government unit or qualifying tax exempt nonprofit organization awarded a grant pursuant to this section shall execute a contract between that entity and the New Jersey Historic Trust within 18 months after the date of the appropriation by law of the moneys for the grant, or the grant for the project shall lapse into the Garden State Historic Preservation Trust Fund.

g. The New Jersey Historic Trust shall establish an advisory committee composed of trustees of the New Jersey Historic Trust and other individuals with the requisite professional expertise to evaluate the grant applications submitted pursuant to this section and to advise the New Jersey Historic Trust on the merits of each application received.
h. Moneys appropriated from the fund may be used to match grants, contributions, donations, or reimbursements from federal aid programs or from other public or private sources established for the same or similar purposes as the fund.

1 New section] 41. a. The Department of Environmental Protection, the State Agriculture Development Committee, the New Jersey Historic Trust, and the Department of the Treasury shall each adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), such rules and regulations as may be necessary to implement and carry out the goals and objectives of Article VIII, Section II, paragraph 7 of the State Constitution and this act.

contracts, including any payments to be made thereunder from the
Garden State Preservation Trust Fund Account, the Garden State
Green Acres Preservation Trust Fund, the Garden State Farmland
Preservation Trust Fund, or the Garden State Historic Preservation
Trust Fund, as provided in sections 17, 19, 20, and 21 of this act, shall
be subject to and dependent upon appropriations being made from time
to time by the Legislature for the purposes of this act.

48 of the Revised Statutes, on lands acquired for recreation and
conservation purposes or for farmland preservation purposes, and
prepare and submit to the Legislature a written report of the study

1 R.S.34:15-10 is amended to read as follows:

34:15-10. In the employment of minors, this article shall be presumed to apply unless the notice be given by or to the parent or guardian of the minor. If the injured employee at the time of the accident or compensable occupational disease is a minor under 14 years of age employed in violation of the labor law or a minor between 14 and 18 years of age employed, permitted or suffered to work without an employment certificate or special permit if required by law or at an occupation prohibited at the minor's age by law, a compensation or death benefit shall be payable to the employee or his dependents which shall be double the amount payable under the schedules provided in R.S.34:15-12 and R.S.34:15-13.

The possession of such duly issued employment certificate shall be conclusive evidence for an employer that the minor has reached the age certified to therein and no extra compensation shall be payable to any minor engaged in an employment allowed by the law for the age and sex certified to in such certificate. If the certificate presented by the employee as one issued to that person shall have been really issued to another child and the real age of the employee shall be such that employment in any capacity or in the particular capacity the employee was employed by the employer was prohibited and if the employer shall show to the satisfaction of the Division of Workers' Compensation that the employer accepted the certificate in good faith as having been issued to the employee and could not have, despite reasonable diligence, discovered the fraud, in such event no extra compensation shall be paid to the employee illegally employed.

The employer alone and not the insurance carrier shall be liable for the extra compensation or death benefit which is over and above the amount of the compensation or death benefit provided under R.S.34:15-12 or R.S.34:15-13. Any provision in an insurance policy
undertaking to relieve an employer from the liability for the extra
compensation or extra death benefit shall be void.

age of 18 years of the right or rights now existing to recover damages
in a common law or other appropriate action or proceeding for injuries

As used in this section, the terms "doing public fire duty" and "who may be injured in line of duty," as applied to members of volunteer fire companies, county fire marshals or assistant county fire marshals, and the term "doing public first aid or rescue duty," as applied to active volunteer first aid or rescue squad workers, shall be deemed to include participation in any authorized construction, installation, alteration, maintenance or repair work upon the premises, apparatus or other equipment owned or used by the fire company or the first aid or rescue squad, participation in any authorized public drill, showing, exhibition, fund raising activity or parade, and to include also the rendering of assistance in case of fire and, when authorized, in connection with other events affecting the public health or safety, in any political subdivision or territory of another state of the United States or on property ceded to the federal government while such assistance is being rendered and while going to and returning from the place in which it is rendered.

Government or of another state, whether pursuant to a mutual aid
