This bill provides that during the 2020-2021 school, special education and bilingual education students may repeat the grade level in which the student was enrolled during the 2019-2020 school year, provided that the parent, guardian, or other person having legal custody of the student submits a written request before September 1, 2020.

Under the bill, the parent, guardian, or other person having legal guardian of a special education student or bilingual education student would be required to submit the written request to the superintendent of the student's school district of residence. When the parent, guardian, or other person having legal custody of a special education or bilingual education student submits the written request to the superintendent of the school district of residence, and the student will attend a school outside of the school district of residence during the 2020-2021 school year, the bill requires the superintendent to transmit the written request, as soon as practicable, to the superintendent or other chief administrative officer of the student's school of attendance.
