December 17, 2018

To: NJAIRE Member Companies

NJAIRE 2019 ANNUAL LETTER TO MEMBER COMPANIES

The purpose of this 2019 NJAIRE Annual Letter is to inform you of new developments in the New Jersey Automobile Insurance Risk Exchange (NJAIRE). Such developments may include any changes in the reporting requirements, assessments per exposure, or any other information pertinent to company data submissions or financial transactions. Also included are schedules of financial and statistical requirements (Exhibits 1 & 2) outlining your company's responsibilities for the upcoming year.

NJAIRE requirements are diverse and probably involve several individuals from your company. Each individual will need to know certain information in this letter to carry out his or her responsibilities. Please make an effort to ensure that the information contained in this letter reaches all of the necessary individuals. This letter is available online on the NJAIRE website in the News Section at www.njaire.org.

Reporting Requirements Reminder

Reportable Claimant Determination Form - Effective January 1, 2012 all members are required to utilize and maintain a copy of the NJAIRE Reportable Claimant Determination Form (Procedure Manual Exhibit 2) for all paid Bodily Injury claimants, in either paper or electronic form. Members will be required to furnish this information to the NJAIRE auditors during the compliance audit process. An Excel (.xls) version of the form is included for your convenience (Attachment 1). In addition, on January 30, 2014, NJAIRE released an alternate version of the form in .pdf format. The form has built-in logic that should assist members in reducing the number of inaccurate forms completed. A copy of that version is also included (Attachment 3). Both the .xls and .pdf forms are available for download on the NJAIRE website.

NJAIRE Assessment Per Exposure

For accident year 2019, an assessment of $70 per zero dollar exposure will be used statewide, as recommended by the NJAIRE Actuarial Committee and approved by the NJAIRE Board of Directors.

Educational Webinars

NJAIRE will continue to offer educational webinars. Information regarding registration will be provided to members in advance.

A recording of the most recent webinar is available on the NJAIRE website.
**NJAIRE Plan of Operations**

A revised NJAIRE Plan of Operation is available on the NJAIRE website. The revisions were approved by the New Jersey Department of Banking and Insurance on May 4, 2018.

**Wire Transactions**

NJAIRE is equipped to receive payments by wire transfer/ACH. If your company wishes to make its payments via wire transfer, contact ISO for instructions.

**Closing out of Accident Year 2009**

The final reporting of claimants for accident year 2009 will be the fourth quarter of 2018. The final evaluation of this year will take place in the Thirty Fourth Annual Cash Settlement, evaluated as of 3/2019. Resubmissions for accident year 2009 will be allowed until August 2, 2019. **Please note: any submissions for accident year 2009 or prior for account quarters subsequent to the fourth quarter of 2018, and any resubmissions for accident year 2009 received after August 2, 2019 will not be accepted.**

**Audits**

In 2019, member company compliance audits will continue to be performed and conducted by AIPSO. Any company that has been audited and had reporting errors that require correction will be notified in a separate letter.

**Financial Transactions**

For accident year 2019, the financial transactions based on the Form #4 experience will be carried out using a provisional assessment of $70 per zero dollar exposure.

As in the past, you will receive your company's Compiled Figures Reports to help you calculate your monthly payment charges. In order to calculate the monthly payments, divide the calculated assessment charges from Form #4 by three and round to the nearest dollar (see Exhibit 1). **Each member company is required by statute to submit the appropriate monthly payments to NJAIRE in a timely manner. Failure to do so will result in a 10% per annum late penalty.**

**Call Forms**

For your convenience, this package includes an Excel (.xls) version of the Form #4 call form (Attachment 2) for use in your submissions. The call form is also available on the NJAIRE website.

Members are permitted to use facsimiles of the call form as long as all relevant control information is contained. Completed call forms should be emailed (njairecentralprocessor@iso.com), faxed (201-748-1494), or mailed to the NJAIRE Central Processor at this address:

ISO - NJAIRE Central Processor  
Attn: Michael McAuley  
545 Washington Boulevard  
Jersey City, NJ 07310
**Statement of Compliance**

A Statement of Compliance must be completed by your company’s Chief Financial Officer (CFO), or an Officer responsible for NJAIRE reporting, and mailed to ISO by March 31, 2019 (see Exhibit 3). It must be filed by all companies authorized to write private passenger automobile insurance in New Jersey or those having or had in-force policies for years 2009 to present, whether or not quarterly statistics have been submitted to NJAIRE. It should be prepared on company letterhead. The completed Statement of Compliance can be submitted using the same options listed in the 'Call Forms' section above. An electronic version can also be found on the NJAIRE website.

You are required to send in a Statement of Compliance annually. Please refer to the Procedure Manual for more information.

**NJAIRE Website**

NJAIRE reporting information will continue to be available on the internet at [www.njaire.org](http://www.njaire.org). The website includes NJAIRE related forms (in electronic format), the NJAIRE Plan of Operation, Procedure Manual, contact information, frequently asked questions, information regarding Board of Directors meetings and an updated news section. The website also includes a section regarding webinars, with presentations by: NJAIRE General Manager providing an overview of NJAIRE, NJAIRE compliance auditor – AIPSO and two presentations by the Central Processor – ISO, one from the general session and one focused solely on the Annual Cash Settlement (ACS).

**On August 24, 2015, NJAIRE introduced a new Members Only section.** Currently, this section provides the NJAIRE Annual Report of Operations, and the NJAIRE Annual Meeting of Members Minutes, the latest tort threshold verification contacts, and the latest quarterly monitoring report. The monitoring report provides industry aggregate data reported for all accident years open for reporting. Log in information can be obtained by contacting an NJAIRE representative at ISO.

**Company – Person to Contact**

It is important to provide ISO, as the NJAIRE Central Processor, the contact information for a person with an understanding of the workings of, and the company’s responsibilities to NJAIRE. As a result, we ask that you complete the attached Company Response Form (Exhibit 4) with the current contact information for the proper knowledgeable person with regards to NJAIRE. **If there is more than one person involved with the various aspects of NJAIRE, please provide information for all relevant parties. Please include the e-mail addresses of all contacts.** The people identified on this form will receive all relevant NJAIRE mailings, including both statistical information and financial transaction information.

Additionally, NJAIRE maintains a list of contacts for the purposes of tort threshold verification. Please complete the attached Tort Threshold Contact Form (Exhibit 5) and send to an NJAIRE contact at ISO by February 15, 2019.
**Null Reporters**

The NJAIRE Response form (Exhibit 6) is for companies which are authorized to write private passenger automobile insurance in New Jersey but expect to have no data to report for Account Year 2019. If you have no data to report, a copy of the form must be filed annually.

The form has two response boxes. Box 1 should be checked if your company expects to report no data for the 2019 account period. Box 2 should be used if during the year you find that you have data to report. If you already report data, you do not have to fill out this form.

Please note that this form must be received by ISO by February 15, 2019. Quarterly statistics will be expected if this form is not submitted. Failure to submit quarterly statistics on schedule will result in late submission charges of $50 per working day.

**Electronic Compiled Figures Report (CFR)**

NJAIRE will continue offering all members the option to receive the quarterly CFR electronically via email rather than in hard copy. If you haven’t already taken advantage of this offering, please complete the request form (Exhibit 7) and return to the ISO listed contact. If you’ve already submitted a request or do not wish to partake in the offering, you do not have to complete the form.

**Electronic Annual Cash Settlement (ACS) Reports**

NJAIRE will continue offering all members the option to receive all ACS reports electronically via email rather than in hard copy. If you haven’t already taken advantage of this offering, please complete the request form (Exhibit 8) and return to the ISO listed contact. If you’ve already submitted a request or do not wish to partake in the offering, you do not have to complete the form.

If you have any questions or concerns about any items listed above, please do not hesitate to contact me. For further contact information, visit the NJAIRE website at www.njaire.org
