INTRODUCTION

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, or gender. Closely linked to such heritage are individual values, beliefs, and identities.

Realizing that no agency within the state was collecting complete data on bias incidents, a broad-based Ad Hoc committee was created to develop a comprehensive statewide reporting system. As a result of the committee’s recommendation, Attorney General Executive Directive No. 1987-3 was issued mandating all New Jersey law enforcement agencies begin reporting bias incident offenses to the Division of State Police, Uniform Crime Reporting Unit on a monthly basis effective January 1, 1988. On August 15, 1996, legislation was enacted which enhanced the state’s definition of a bias incident to include crimes that are gender or handicap-motivated.

The directive was instituted to capture vital data in an effort to identify the problem. This information permits proper evaluation of progress in preventing bias crime and assist with necessary planning for the future.

This twenty-fifth annual publication concerning bias crimes contains comparisons to the previous year’s statistics. The published statistics and graphs are the result of data submitted by the police community of New Jersey.

Hopefully, the information contained in this publication will be of value to various segments of society and serve its intended purpose.
The Honorable Chris Christie  
Governor of the State of New Jersey

Honorable Members of the Senate and  
Assembly of the State of New Jersey

Dear Governor and Members of the Legislature:

Pursuant to the Attorney General's Executive Directive 1987-3, I herewith submit for your information and review the twenty-fourth annual report on bias incidents in New Jersey. The annual report is based on the bias incident reports submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 2012.

It would have been impossible to complete this report without the cooperation of New Jersey law enforcement agencies. It is with appreciation to these dedicated public servants, and in the interest of developing strategies for identifying and addressing bias-motivated crimes, that this report is submitted.

Respectfully,

[Signature]

John J. Hoffman  
Acting Attorney General of New Jersey
