PROCEEDINGS – FIRST SESSION

Friday, September 13, 2019         1:00 p.m.
Wildwood Convention Hall – Wildwood, New Jersey

PRESIDENT ORDWAY: Good afternoon, Chiefs, Delegates, Alternates, Life Members and guests.

I call the 142nd Convention of the New Jersey State Firemen’s Association to order.

The exits are to my right and left and in the rear to your right and left. Should there be a need to use them, please take directions from the dais. Please shut off all pagers, cell phones or place them on vibrate. Any one who is hearing impaired can pick up a hearing device at the rear of the hall.

We will now have the invocation from Chaplain Dan Schafer.

Would everyone please rise.

REVEREND SCHAFER: August 28th, the day before my wedding anniversary, I went to Deborah. And I needed some body work. Still working on it.

You all need to go there. You all need to be checked because we need you.

Maybe next year we will have some who went there and their lives were spared. Five Firefighters that I referred there are alive today because they went to Deborah.

Maybe I will have you raise your right hand and repeat after me, I will – oh, they are doing it. Raise your hand and repeat after me, I will, to the best of my ability, take care of my body, my soul and my spirit, I will go to Deborah and get fixed what’s broke, so help me God.

Almighty God, we begin this Convention in a troubled country; trouble not only for our politicians, but trouble for our Police Officers and Firefighters.

And we ask You that You would give great wisdom to those that lead this day, that it will be a time of refreshment, that it will be a time of making decisions that will make a difference in our lives.

So be with us. May Your blessing be upon all that is done in Your Holy name.

Amen.
PRESIDENT ORDWAY: We will now have the presentation of colors. Wildwood Fire Department Honor Guard, please present the colors.

(Colors are presented by the Wildwood Fire Department.)

PRESIDENT ORDWAY: Pledge of Allegiance will be led by Vice President Hankins and the National Anthem will be sung by Gloucester County Executive Committeeman Glenn Roemmich.

(Pledge of Allegiance led by Vice President Hankins.)

(National Anthem sung by Executive Committeeman Glenn Roemmich.)

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Wildwood Fire Department Honor Guard, please retire the colors.

(Wildwood Fire Department retires the colors.)

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Please be seated.
At this time, I would like to announce that all nouns and pronouns in the masculine gender will be construed to include the female gender.

PRESIDENT ORDWAY: We will now have the introduction of elected officials.

The Governor is not here so we will move on.
Congressman Van Drew is not here so we will move on.
Assemblyman Anthony Bucco.

ASSEMBLYMAN BUCCO: Thank you, Mr. President.
Good afternoon, brother and sister Firefighters. It is truly an honor to speak with you this afternoon.

In addition to serving in the legislature, I have had the honor and the privilege of serving as a Member of the Boonton Fire Department for almost 40 years.

I know my Department is seated here today and want to say that it is a privilege to serve with you and the rest of you all here today.

I’d also be remiss not to mention that just two days ago was the 18th anniversary of the 9/11 attacks, where hundreds of selfless Firefighters just like you gave their lives in order to save countless others.

Let’s take a moment to remember the First Responders who lost their lives that day, as well as those who fought or continue to fight illness and disease as a result of their heroic efforts at Ground Zero.

(A moment of silence is observed.)

ASSEMBLYMAN BUCCO: Thank you.

As a member of the legislature, I take pride in supporting legislation and policies that protect the interests of Paid and Volunteer Firefighters and First Responders. Like legislation that was recently enacted, the Bill Ricci World Trade Center Rescue Recovery and Clean-Up Operations Act, which I was proud to co-sponsor.

This new law, which was named after Lieutenant Bill Ricci, a professional Firefighter from Clifton, provides disability coverage for those First Responders who were part of the recovery efforts. This coverage was long overdue.

As a Life Member of this organization and having sat where you sit today, the next words I’m about the speak may be the best you hear today. I intend to be very brief.

CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: As many of you are aware, this last year there was an attempt to shift $33 million of our Relief Funds to plug holes in the state budget.

Thanks to your efforts and the efforts of several other legislators, including Assemblyman Parker Space, who also serves as a Volunteer Firefighter in Sussex County, we were able to convince the Governor to reverse his decision. We made sure the Governor heard us loud and clear, find the funding somewhere else.
CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: Any attempt to shift, move or raid our Relief Funds is simply unacceptable and will be met with absolute unlaboring resistance.

CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: As a result of this recent attempt to raid our funds, I have prepared legislation that would amend our state constitution to place the Association’s Relief Funds in a lock box.

CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: This legislation, ACR 232, has bipartisan support and would prevent this or any future administration from diverting our funds for any other state purpose.

I understand that there was recently a question raised on the impact this legislation may have on the funding for our Firemen’s Home. Let me be perfectly clear that this legislation does not in any way impact the distribution of funds to the Firemen’s Home. It simply protects the funds to ensure they can’t be diverted for any other purpose.

I would never –

CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: Thank you.

I would never support legislation that impacted the distribution of funds as it relates to the operation of the Home.

I’m here today to ask for your help in moving this legislation forward.

Since this legislation proposes a constitutional amendment, it requires not only approval of the legislature, but an affirmative vote of those voting in a statewide general election. This will not be an easy task. So, please, reach out to your individual legislators and ask them to support this measure and join me as a co-sponsor of this legislation.

CONVENTION BODY: (Applause.)

ASSEMBLYMAN BUCCO: These funds are and should only be dedicated to support you and your families in a time of need and for the operation of the Firemen’s Home. So let’s protect them now and forever. Your sacrifice and the sacrifices of your families deserves nothing less.

If you have any questions on what you can do to help, you can contact me directly or you can contact the State Association. I have been working with them closely on this legislation. And we continue to hope that we will be able to get this legislation on the floor in the lame duck period.
This is important. We can’t ignore it. It’s only a matter of time until this or another governor makes another attempt.

Thank you for your dedication and sacrifice. The state owes each of you a large debt of gratitude for your selfless service.

Please be safe. Since I’ve been down here for a few weekends, I don’t have to tell you to enjoy the weekend. And may God bless you and your families.

Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Next please welcome our good friend, Wildwood’s Mayor, Ernie Troiano, Jr.

CONVENTION BODY: (Applause.)

MAYOR TROIANO: Thank you, Mr. President.

Executive Committeemen, fellow brother and sister Firefighters, welcome.

On behalf of North Wildwood Mayor Patrick Rosenello, Wildwood Crest Mayor, Don Cabrera, West Wildwood Mayor, Chris Fox and myself, we want to thank you, very much for coming and choosing to come to Wildwood once again.

We want to make a personal thank you to each and every one of you for your service to your community and to the state. A special shout-out to all our U.S.A.R. and Task Force Members who at the drop of a dime are called to – hopefully never to this state – but to go and help and aid those who are in need. And we thank you for your service. Thank each and every one of you for your service.

Special note: Request, if interested: Every year we have a Stair Climb to commemorate the falling of the Towers. Each year we have held it on Lincoln and New Jersey Avenue at our high-rise facility, an 11-story building. We go up one side and down the other counts as one. We do it ten times – I’m sorry, we do it 11 times. All the monies generated goes to the National Fallen Firefighters. Just locally we’ve collected over $50,000.

I offer a challenge to each and every one of you to join us this Sunday, if you’d like, at eight o’clock. And if this 68 year-old guy can do it every year, I’m sure a lot of you can also.

I want to thank each and every one of you for coming here. Have a great time.

And by the way, if there’s any problems, see my Chief. He’s retiring at the end of the year. He’s got more time than he knows what to do with.

Thank you everyone. Have a great time.

On a personal note, Mr. President, I wish you nothing but the best. You’ve done a tremendous job so far, and many, many years to come.

PRESIDENT ORDWAY: Thank you.

Next we will have the Wildwood Fire Department Chief and Cape May Executive Committeeman, Chief Dan Speigel.
CHIEF SPEIGEL: Thank you, Mr. President.

Between the Chaplain and the Mayor, they took half my speech away.

It’s an honor and a privilege to welcome our Chiefs, Delegates, Life Members, Alternates and guests to this year’s Convention.

I will be quick and mention only a few items.

Once again to reiterate what the Mayor mentioned we are holding the 9/11 Stair Climb this Sunday. You can visit the National Fallen Firefighters Foundation website to register.

There’s also going to be a fundraising event at noon to 4 p.m. at Mudhen Brewery at Rio Grande Avenue. So on your way out of town, please stop by. A portion of the proceeds will be donated to the National Fallen Firefighters Foundation.

As the Chaplain also mentioned, I encourage everyone to visit our friends at Deborah. They are located here in Meeting Room 3, who have partnered with Donna Buscio in the Captain Buscio program. This is a great totally free – which is usually a good thing – program in which everyone in this room should take full advantage of. And after everyone followed the Chaplain’s lead, I’m sure you will.

Please don’t forget to visit our friends from the National Fallen Firefighters Foundation. They have a table out in the lobby. They also have a tent out front. The money raised from donations goes directly back to helping the families of our Fallen brothers and sisters.

As a note, the fireworks that were scheduled for this evening have been cancelled due to the weather.

In closing, I thank you for continuing to choose the city of Wildwood as your host for our State Convention. I appreciate all that you do for us and the communities that you protect.

I would also like to thank my wife Andrea and my daughter Sydnee for being here today as I make my last welcoming address. As the Mayor alluded to, December 31st I will be retiring after 28 years of service to the city.

I wish you all a safe and productive Convention. May God bless you, God bless our troops and God bless America.

Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Chief, I would like to present this trophy to you from the New Jersey State Firemen’s Association for best appearing overall Fire Department in the parade tomorrow.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: At this time, I’d like to introduce the past Executive Officers and Executive Committeemen. Please hold your applause to the end.
First and foremost is our President Emeritus and former President Ernest Greenwald, Sr.

We also have Joe Paolo, past President.
H. Leigh Peterson, past President.

PRESIDENT ORDWAY: We also have with us today Chaplain Dan Schafer, Chaplain Anthony Saranchak, and from the Board of Managers, Chairman Cassmiro De Laurentis, Jr.

Our next speaker and guest is John Siciliano, Executive Director of the Wildwood Convention Center.

MR. SICILIANO: Good afternoon, everyone.

On behalf of the Wildwood Tourism Authority and the New Jersey Sports and Exposition Authority, it is again my pleasure to welcome you and our pleasure to host the 2019 New Jersey State Firemen’s Convention here in the Wildwoods.

2019 represents the 45th consecutive year the New Jersey State Firefighters have held their meeting in the Wildwoods. And we are extremely happy to be able to say that. And we are very proud to be able to be such a large part of the history of this organization.
We appreciate you selecting the Wildwoods as your convention site. And we do acknowledge the economic impact that you make on us while you are here.

You know, each and every year we meet, we plan with your Convention Committee and we partner with your organization to provide these facilities for your use.

Not just as a thank you for choosing the Wildwoods as your convention site, but also as an acknowledgment of all the work that you do all year long in your communities and everything that you do and that you are called upon to do.

So from the Tourism Authority and from the State of New Jersey Sports Authority, we will guarantee that we will remain committed to your organization, to provide whatever your needs are to make this Convention the best that it can be. And I guarantee you that we will do that for many more years to come.

So thank you.

CONVENTION BODY: (Applause.)

MR. SICILIANO: And if I could just ask you for one more minute and ask Rob Ordway – Rob, as a token of our appreciation from the Wildwoods to you to congratulate you on a successful year. Wish you the best and thank you for your support of the Wildwoods.

PRESIDENT ORDWAY: Thank you, very much.

MR. SICILIANO: Thank you.

So, again, thank you all for being here.

Have a great Convention, a great parade tomorrow, and a safe trip home.

Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Next we have Rich Mikutsky, New Jersey Director of Fire Safety.

MR. MIKUTSKY: Good afternoon. Thank you.

It’s a pleasure to be here once again.

First I want to start by thanking President Ordway and Vice President Hankins and the entire Board for the communication that we have, the working relationship that we have. We enjoy working well together and we plan to do it in the future.

So thank you.

The Division of Fire Safety is thriving and growing. We have been very fortunate this year to be able to backfill a number of positions that we had lost that were vacant. And we have also been able to start filling and adding positions to the Division, all with the goal of keeping New Jersey safe.
There are many issues we are dealing with across the state. We have a number of hot topics. I just want to touch on a few of them just so you know what the Division is doing and some of the key issues that we are involved with.

First of all, Junior Firefighter legislation. Something that is very important to the Fire Service here in New Jersey because we want the Juniors to be able to move up and get into their ranks as full-time Firefighters. So we are working very strongly and closely with the New Jersey legislature in New Jersey on Firefighter – Junior Firefighter legislation.

The rules that will allow them to do what they need to do and to learn what they need to learn will be promulgated by the Division and we will be able to push that forward. So those classes and that learning process will be under the direction of the New Jersey Division of Fire Safety.

CONVENTION BODY: (Applause.)

MR. MIKUTSKY: Incident Management Level I certification. This is a topic that we have been very involved in over the past number of months.

In order to be a first level Incident Manager, you need to have the certifications. We are finding more and more that there are incidents where people who are in charge of fire scenes do not have that.

We are a very litigious society. The liability if something goes wrong, if you don’t have your certification, it is going to come back on to you and to the municipality. So we are enforcing that, those rules, for Incident Management Level I.

If you are a Chief Officer, Company Officer, get the certifications, get the training that you need to so you can safely run a fire scene in an incident.

Some of the numbers that we have going out this year in New Jersey, to date we have had 50 fatalities due to fire. And we are only into September.

Something that we look at very closely. We do some mapping. We try to come up with the reasons why. We had a number of issues early in the year where those fatalities were seniors. And they were multiple fatalities. Are they not getting out of the house? Trying not to leave one another? We are looking at all these things and we are trying to come up with reasons and the game plan as to how to reduce those numbers.

Under the supervision of our Code Enforcement Bureau Chief, Chief Kilmer, our code inspectors inspect over 18,000 inspections every year. We cover approximately 90 municipalities across the state, which we are the L.E.A., plus all of the state properties and buildings. So our Code Enforcement Unit is working non-stop to keep New Jersey safe.

Our office of Fire Department Preparedness, they are the ones out in the streets with each and every one of you on the incidents of mutual aid and large fires. They are doing a yeoman’s job at keeping coordination and units moving around.

Our Arson Investigation Unit; 165 investigations for the year. And I’m proud to say that now every one of our investigators have their own canine. So we are able to get out and do a thorough investigation with the help of a canine.
Community risk reduction statewide. With Fire Prevention Week coming up in less than three weeks, we are going to have a roll out of some new programs we are trying again. The goal is to keep New Jersey safe.

Many issues that we are dealing with across the state. But without input from you, the boots in the street, we have a hard time knowing exactly, getting a pulse on what’s going on.

So it’s important. It’s incumbent upon you. Reach out to us, let us know what your wants are, your concerns, your thoughts. You are the ones that are going to help us keep New Jersey safe.

Listen, I just want to say in closing, enjoy the Convention, be safe, and we well see you next year.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Next we have Ronald Stokes, President of the New Jersey State Fire Chiefs Association.

MR. STOKES: Mr. President, Executive Board, thank you for inviting the New Jersey State Fire Chiefs Association to your meeting.

Few points about us: We are the Chiefs organization that represents both Career Chiefs and Volunteer Chiefs, up and coming Chiefs and retired Chiefs.

Recently we opened up our ranks to Line Officers. We think the information from the New Jersey State Fire Chiefs Association is a valid thing to give to our Line Officers and you can become a Member of our organization.

We offer scholarships, valor awards; we have a great newsletter that comes out; we have an e-mail that comes out that has so much information.

And for the last four years now, we have been running a class on Thursday mornings, and it’s been very successful, but it’s free to our Members. Can’t beat that.

Please join our organization and God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Next is Elisa Fantozzi, President of the New Jersey State Exempt Firemen’s Association.

CONVENTION BODY: (Applause.)

MS. FANTOZZI: Thank you, Mr. President.

Good afternoon, everyone.

It’s always an honor to be here and to serve the State of New Jersey and this Association for 39 years as a Volunteer Firefighter.

On August 30th for the first time in Exempt history, our preConvention meeting was held at the Boonton Firemen’s Home. The Board of Managers and staff were very accommodating, gracious and easy to work with. And I thank them for their hospitality.
Prior to the meeting, myself, Treasurer John Leo Fedorka and his wife Linda visited with the Guests during their Friday barbecue. After the barbecue, the Exempt Association treated the Guests to their favorite ice cream sundaes.

At our 133rd Convention on August 31st in Boonton, a By-law change was approved. Article VIII, Section 3, the annual dues and incorporation fees of this Association shall be set by the Executive Committee and payable by April 15th. If annual dues and/or incorporation fees are not paid by the 15th, the Member Association shall be considered delinquent. Delegates from delinquent Associations shall not be seated at our Annual Convention, the Exempt Convention, and this Convention, of the New Jersey State Firemen’s Association.

So, please, remember to send in your dues, Sam.

As I enter my second year as President, we will soon be making changes to our web site, Convention journal and Memorial Service. We have already added a fourth scholarship to the three we already have. And we will be discussing adding assistance to several of our committees.

Currently we are looking for a tech person to help us transition into the ever-changing social media.

But these things can only be accomplished with your help. This is your Exempt Association and we ask you to get involved to help us move forward into the next generation of Exempt Firefighters.

Thank you for your time. Have a great weekend, a productive convention. Be safe and, as always, God bless.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: I actually skipped over the last speaker.

Robert Burns, President of the New Jersey Fire Museum and Fallen Firefighters Memorial.

MR. BURNS: President Ordway, thank you and the officers of the New Jersey State Firemen’s Association for inviting me to address you today, and all those Chiefs, Officers, Delegates, guests, and Fire representatives gathered here today.

The New Jersey Fire Museum and Fallen Firefighters Memorial is doing well. We are making good progress in establishing a permanent home for the Memorial and Museum. Discussions continue on this issue and we are confident this will soon become a reality.

Also we continue to work closely with the legislature and other agencies to secure appropriate funding to assure that this will be a premier facility.

But we need your support. Pass the word about our temporary Memorial and amazing collection of Fire fighting artifacts. Please help us financially by joining the organization or donating to our restoration fund. Pavers to be placed around the Memorial are also available for purchase.

During the Convention, we have a table set up in the entrance hallway and tents set up at the bottom of the stairway right outside the main doors.
On September 29th, we are holding an open house at our facility near Exit 7A on the Turnpike. Please come and visit then.

Flyers are available at both of our locations here today and tomorrow.

Most of all, please pass the word to your friends, your organizations, and anyone with an interest in Firefighting history.

Thanks for your time. Have a great weekend here in the Wildwoods.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Our next two speakers you have heard referred to already, couple of times this afternoon.

One took a tragedy and turned it into a benefit for every single one of you out here, a free benefit that is just there for you to take to help you.

I’d like to introduce Donna Buscio, founder of the Gift from Captain Buscio, and Doctor Garcia.

CONVENTION BODY: (Applause.)

MS. BUSCIO: Thank you, very much, President Ordway, Delegates, Executive Committee Members and guests.

It is an honor to be here today.

I founded A Gift from Captain Buscio obviously because of the tremendous loss that I felt could easily have been prevented. Hindsight is great, but it doesn’t have to be for you.

I also founded this program because of the invaluable service and sacrifice you and your family bravely endure for our communities. That is reason enough.

It has been 19 years. We have many facilities that I’m very excited to say we are extending, which Dr. Garcia will provide you with more detail about.

I encourage young Firefighters to get out there and get your baseline.

I’m a teacher off duty today so I have to talk about tests. I know when you think about having some clinical testing, anxieties run through your mind, what I don’t know won’t hurt me, I have enough stress in my life, I don’t need to find out what else could go wrong.

I’m going to ask you to flip the coin on that and think about the last time you took a challenge. The last time you took a test or a challenge of any sort, how you felt when you succeeded. How great it feels to walk out of the test and know that you are doing great.

And maybe you’re a little more conscientious about your health. Maybe it’s a good reminder to stick with things in moderation.

I hope that you will take advantage of the program. If you have in the past, I hope you continue to.
Some Firefighters are under the impression that the testing is so comprehensive that they are good for a couple years. Well, that’s not the case, unfortunately. A lot of things can happen in a year.

So please accept the gift this year and every year.

I’d also like to talk to you about communication. As I have always told you, quality of this program is of utmost importance to me because this is a gift from Captain Buscio. That is our family name and its quality is paramount to me. And I count on that quality being maintained through communication with you.

Our web site is captainsgift.com. My e-mail address, dbuscio@aol.com, is on that site. If you incur any problems or have questions or concerns, please don’t feel hesitant to contact me because I count on your feedback to keep it the great program that it has been.

I would just like, before I pass the mic along to Dr. Garcia, who has been with the program for many years and has been very instrumental in its growth and success, I would just like to thank you for your participation through the years.

So let’s spread the word because you should be here. And, God, I know he made you swear about Deborah, but we do have other sites. Speaking of –

CONVENTION BODY: (Applause.)

DR. GARCIA: All right, guys, good afternoon.

I always stand up here and I pretty much say more or less the same thing. So this time around I’m going to do things a little bit differently.

First and foremost, if you guys don’t already know, Deborah does offer the program down in Browns Mills, cardiopulmonary does offer the program more up North in locations of Newark, Paramus, and Secaucus. And we are also very proud to introduce the opening of our Lakewood office very soon coming the summer of next year.

So for those of you that have not taken the opportunity to participate in the program, you really don’t have an excuse.

But I am about to do something that we are not supposed to do. I’m about to violate pretty much everybody’s H.I.P.A.A. rights in this room right now. Because throughout the day, today we have had many success stories stop by our booth just to thank us, to give us a hug, to take pictures, to simply have your own children come up and thank us for saving your parent’s lives.

And that means volumes to me because that shows that what we started out to do is working. And is only working because you guys are participating.

So for those of you that are not too shy, for those of you that understand that it’s okay to once in a while have your H.I.P.A.A. rights violated, I’m going to ask that any of you that have participated in the program and are one of our success stories that has been that patient that we either discovered a cancer, that we have discovered what we all have come to call the widow maker, that we have all discovered even something as minor as a scratch, right, and because of the reason that’s why you are sitting here today. Because of that reason now you are part of the zipper club and your family has you a little bit longer.
So for those of you that again are not too shy, I want you to stand up so that your colleagues can see who our success stories are.

CONVENTION BODY: (Applause.)

DR. GARCIA: Come on, don’t be shy. I know there are a lot more of you in here.

Wait. Wait. Don’t sit down. Give me one more second.

Now, I want for those of you that are doubtful, that are questioning why should I go, right, I have been putting it off for so long, please, look at these people that are standing and ask them why you should go. Ask their children why you should go. Ask their parents why you should go. Ask their friends why you should go. Because for those reasons is why they are here.

And we want all of you guys to still be here to be able to enjoy your retirement, to be able to enjoy the fruits of your labor.

So I encourage you, please, take advantage of this program. It’s here for a reason. All it’s going to cost you is some time. And that’s the only thing that we don’t have.

Thank you.

CONVENTION BODY: (Applause.)

MS. BUSCIO: If I could add one more thing, last year there was legislation passed. It was called the Transparency Cost Containment Act, which affected our billing practices or lack of need for billing practices for A Gift From Captain Buscio. We would like our program to be grandfathered from this legislation. And we ask all of you and your union leaders to help us succeed in this effort.

Thank you, very much.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: I know I went through the program. It is a couple of hours. But it’s well worth it to find out where you are healthwise so you can get help for yourself should you need it.

Our next speaker is Lewis Clark, Jr., Director of Marketing, Deborah Heart and Lung Center.

MR. CLARK: Good afternoon.

It’s difficult to follow Donna and Dr. Garcia. And Deborah definitely has been a part of the Captain Buscio program.

And just like Dr. Garcia said, the first thing I’d like to do is thank you for having Deborah here. We are proud to be your health partner. We do have screenings going on. Rough number count about 250 people have come through. Definitely a lot more than 250 out here, so please stop by. We will be here tomorrow as well.
Heart disease is one of those diseases that’s a silent killer. I usually don’t talk about this, but it’s my first time so I’m going to take a few minutes. My father died of a heart attack. No signs. No symptoms. Fell over overnight.

I look at myself, 44-years old, that’s one of those things that you never know when it can happen. No signs. No symptoms.

As Dr. Garcia pointed out, many of you have come through that Captain Buscio program.

Five years ago at Deborah we began to expand our hospital, not only in Browns Mills, but moving outside that market to other locations.

Last year we opened up two additional locations, one in the Burlington County area and one in Ocean County. So it gives us a total of seven locations beyond the Browns Mills location.

So access to care, from Deborah’s perspective, we are making it easier and easier for individuals to get health care access.

Last year we began a program and a partnership with Cooper University Health Care for our veterans and our military folks. That’s one of the biggest barriers that we see today, is our veterans, our retirees getting access to health care.

We actually brought the group here this year, first time we’ve done that, they are called Hero Care Connect. Their program runs with Deborah and also Cooper University. Those individuals, their family members, we believe there should be no barriers for them to get access to care.

We do partner with TRICARE, we partner with the Veteran Affairs Department at the state and national level, the federal level. So we have a lot of processes and protocols to cut through that red tape.

So if you are a veteran, you are a retiree, you are a family member of one of those individuals, stop by, talk to us. We have helped expedite processes and gotten people care beyond just the heart and lung. We have about 75 different specialities that we help get you access to.

And so if you are one of those individuals and you need health care access, come talk to us. Hero Care Connect is that program.

And we thank you for what you do every day.

Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Our next speaker is Seth Statler of the National Fallen Firefighters Foundation.

CONVENTION BODY: (Applause.)

MR. STATLER: Thank you, very much, President Ordway. And thanks to all of you for making a Member of the Maryland Fire Service so welcome in Wildwood.

All of us with the National Fallen Firefighters Foundation are very grateful for the strong and consistent support that we get from the State Association and from all of you.
As many of you know, the United States Congress created the Foundation to lead a nation-wide effort to remember America’s Fallen Firefighters. Our mission includes managing the Memorial at the National Fire Academy and running the Annual Memorial Weekend, providing resources year round to survivors in rebuilding their lives, and working within the Fire Service community to reduce Firefighters’ death and injuries.

I am especially proud of our scholarship program that has awarded more than $4 million to surviving children and spouses, including many folks here in New Jersey.

There are so many ways that we benefit from your support. We could not do what we do without the thousands of volunteers that help us year after year, your donations large and small also make a huge difference. Whether it’s a large corporate check or a few bucks dropped into our boots here at the Convention.

And I can’t be back here in Wildwood without thanking Chief Speigel, Captain Graule and their team for the funds raised at the Annual Stair Climb. I’m not quite 68, but I will be out there climbing again this Sunday and hope to see many of you there.

I suspect that many of you have been to Emmitsburg. But if you have not, I invite you to visit our National Memorial Park just south of Gettysburg in the shadows of the peaceful Catoctin Mountains.

We reach an important milestone this fall since we will finally complete what we call Project Roll Call, a national effort to honor every American Firefighter who has died in the Line of Duty all the way back to Ben Franklin, the father of the Fire Service.

Today as we gather, a huge team is in Emmitsburg laying bricks for every lost hero that are being organized by state and date of death.

When completed in a few weeks in time for this year’s Memorial, this will be our only Memorial in this country that honors all Firefighters lost in the Line of Duty. And I thank all of you who contributed to this important effort. The New Jersey section will include 176 bricks.

We will gather on October 5th and 6th to honor the 119 Firefighters whose names are being added to the Memorial wall, including 69 that died in 2018.

For the first time the list will include Firefighters who were lost to cancer from states where their type of cancer was recognized as presumptive.

I am so proud that our Board by a unanimous vote adopted this new policy to help pressure those states around our country that had not yet changed their state policy to recognize the terrible toll that cancer takes on our brothers and sisters.

We are also pushing for a national policy, even as we lead efforts to educate the Fire Service and significantly reduce the future incidence of cancers.

Even if you can’t be with us in Emmitsburg, you can honor the Fallen through our Light the Night program by participating in Bells Across America, or by simply making sure that all of your friends and neighbors understand why our flags are at half staff on that Sunday.
I want to close by reading the names of the New Jersey Firefighters that we will honor at this year’s National Memorial Service on October 6. Together we must ensure that these folks are never forgotten.

Gene M. Dannenfelser, Camden County Fire Marshals Office.
Natalie Nicole Dempsey, Mizpah Volunteer Fire Company.
Pasquale Peter DiBenedetto, Englishtown Fire Department.
Michael G. Galay, Green Knoll Fire Company No.1.
Thomas D. Miserendino, Beachwood Volunteer Fire Company No. 1.

Thanks again for helping the National Fallen Firefighters Foundation honor these true American heroes.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: One note to you and all your Departments, if you do have a Line of Duty death, don’t assume that the federal P.S.O.B. is notifying the National Fallen Firefighters. You should contact them if you have a Line of Duty death to make sure they will be included in the program the following year.

Next we will have the report of the Credential Committee, Brian Van Hook, Chairman.

MR. VAN HOOK: Good afternoon, brother and sister Firefighters to the 142nd Convention in Wildwood.
This is the Credential Report: Session One, September 13th, 2019.
Life Members: 4,577.
Delegates: 2,290.
Alternates: 128.
With a total of 6,995.
Respectfully submitted, Brian Van Hook.
Okay, I was ordered by the President to read them again for anybody who is taking records.
Life Members: 4,577.
Delegates: 2,290.
Alternates: 128.
With a total of 6,995.
Thank you.

PRESIDENT ORDWAY: Thank you.

CONVENTION BODY: (Applause.)
PRESIDENT ORDWAY: I ask that you please remember that number, 6,995, and when he does the report tomorrow morning, we will see how many people had a very rough night tonight and had a problem getting here in the morning.

Next we will have the Reading of the Minutes of the 2018 Convention. Microphone number two.

MR. WILL: Good afternoon. Can you hear me?

PRESIDENT ORDWAY: Yes.

MR. WILL: My name is Bill Will. I’m a Life Member of the Township of Hamilton Firemen’s Relief Association.

I would make a motion that the transcript of 2018 at the Convention in the Red Book, which I have in my hand, be accepted by the Convention without reading.

PRESIDENT ORDWAY: Is there a second to that motion?

CONVENTION BODY: (Many seconds.)

PRESIDENT ORDWAY: Many seconds. All in favor?

CONVENTION BODY: (Chorus of ayes.)

PRESIDENT ORDWAY: Ayes have it.

Thank you.

Communications; Secretary Pelaia.

SECRETARY PELAIA: None.

PRESIDENT ORDWAY: Officers reports; Treasurer Barry Osborn.

Secretary’s Report

First and Foremost as I complete my first year as your Secretary, I would like to thank the Officers, Office Staff and you the members of this great Association for your help, assistance and encouragement in making this job easier and more efficient.

During this past year, the officers and staff worked diligently to streamline operations and to make things easier for the local associations. We continue to improve our website and digitize and simplify many of our forms.

I am happy to report that we processed 1575 applications for membership, we had 331 members achieve Life Membership and 351 members received their qualification last year. Unfortunately we had 874 members answer their last alarm, may they rest in peace.

I would like to remind everyone that our office stands ready to answer any question that our members may have. You can contact us by either telephone or email. Our phone number and email addresses are located on our website www.njsfa.com.

In closing I would like to say that it has been an honor to serve all of our members and I hope that you have the confidence in me to continue to serve you in the future.

Respectfully submitted,

Thomas J. Pelaia
Secretary

Visit us on the web at www.njsfa.com
PRESIDENT ORDWAY: President's remarks. Chiefs, Delegates, Life Members and guests, the Officers of the Executive Committee of the New Jersey State Firemen’s Association would like to welcome everyone to our 142nd Annual Convention.

Over the past year, our Officers, along with the Executive Committee, continue to move the Association forward in a very positive and effective manner.

We currently have four programs to assist our Members: The Health Care program continues to be a success with our Members. We currently have over 50 Firefighters participating in the program. Effective July 1, 2019 the maximum monthly reimbursement was increased to $1,000. This program is available to any Member who is receiving care from a licensed caregiver working with a licensed health care firm. The Firefighter can be receiving that care at home, an adult day care facility, a rehab facility or a long-term care facility.

On July 1, 2019, the Burial Benefit was raised to $12,000 and the Line of Duty to $36,000.

We ask that you start the paperwork as soon as you hear of a Member’s passing, even if that Member’s passing was a number of years ago. Once approved, the benefit payment will be prorated and paid based on the allowable amount at the date of the Member’s passing.

Relief applications are available to all Members. And should a need suddenly occur in their lives, they should be allowed to fill them out. Completed applications with supporting documentation are reviewed by the Local Association for approval. Surviving spouses of qualified Members are also eligible to receive the benefit.

In addition, if there is additional need, special Relief and supplemental Relief forms should be filled out and submitted to the State Office for approval.

Once approved by the Advisory Committee, the State Office will issue a check for the approved special Relief amount and a notice will be sent to the Local Association on the approved amount that they may pay towards the supplemental Relief request.

As always, supporting documentation must be submitted with the applications. Please remember that surviving spouses of qualified Members are still eligible for the Relief benefit as long as they have not remarried.

At some point in your life, you may find yourself needing the type of services offered by the New Jersey Firemen’s Home. I doubt there is a better facility in New Jersey or the entire Northeast. Contact the Firemen’s Home or any of the county Managers to the Home for information on the application process to become a Guest of the Home.

The New Jersey State Firemen’s Home has been funded and will continue to be funded by the State Association.

New applications for Membership have been sent to all Local Relief Associations to begin using. Starting January 1, 2020, only the new applications will be accepted and processed.
The physical on the application is now good for one year from the date of the physical. And the physical can be administered by and signed by a New Jersey licensed physician, physicians assistant or a nurse practitioner.

A qualifying certificate is issued to Members who have completed a minimum 84 months’ service at the required qualifying percentage. Once you receive your certificate, you or your surviving spouse are eligible for Association benefits for the balance of your life.

Effective this year and moving forward that qualifying percentage has been reduced to 25 percent and the platoon system calculation has been removed. This change is for State Association calculations only and does not affect any Local requirements that you might have in your Department for such things as L.O.S.A.P., Member in good standing, clothing allowance, Line Officer, Chief requirements, et cetera.

We have no control over your Local Municipal Department or Company requirements. The change is strictly for attaining a certificate of qualifying with our Association.

All the field examinations were completed in the spring and Relief applications were collected and reviewed in the State Office and returned to the Local Association. This practice has allowed the State Office to assure that the proper additional documentation is attached to the applications.

Everyone is reminded that for Relief to be paid, need must be demonstrated and fully documented.

Our web site www.NJSA.com continues to be updated with additional information and forms.

We have held five workshops in various counties this year and additional workshops will be scheduled in the fall. Although the workshops are geared towards the Local Officers and Trustees, anyone may attend.

Our new office building located at 1711 Highway 34 South in Wall Township has been completed and its central location in the state is a great improvement. All mail should be addressed to the Wall Township location and not our former address. Our full address and current phone numbers can be found on the web site which I mentioned just before.

In closing I would like to thank our standing Office administrative staff, Beth, Britney, Denise, and Jennifer. And if you are one of the secretaries who has contacted them, you know exactly what I mean. That Office runs well because of them.

When we have problems, it’s usually when one of the Officers up here sticks their nose into something they really shouldn’t and they don’t let the girls do their jobs.

Please, if you get a chance tomorrow morning, thank the girls that are working registration, the manual registration.

Please remember to keep in your prayers our sick and departed brother and sister Firefighters, their family members, the members of our Armed Forces stationed around the world, and all of our Police, Fire and E.M.S. First Responders.
Have a safe and enjoyable weekend, a safe trip home. And may God bless America.

Thank you.

PRESIDENT ORDWAY: Thank you, Tom.
At this time, I would ask each candidate if they wish to say a few words.
I think I hear a resounding “no” from the dais.
Report of the Resolution Committee, Mr. Larry Wood.

MR. WOOD: Thank you, Mr. President.
We have a resolution from the Firemen’s Relief Association of Manchester Township, Ocean County.
Resolution of Manchester Township Relief Association, Ocean County.
Shall the Resolution of the Manchester Township Firemen’s Relief Association, Ocean County, proposing that the Compendium Committee consider revisions/changes/amendments to Article XI of the Constitution and By-laws of the New Jersey State Firemen’s Association be approved.
The Resolution specifically requests the Compendium Committee to consider adding theft or malfeasance against a Fire Department/Fire Company as a disqualifying offense warranting forfeiture of Membership and loss of benefits for them and their family.
Alternatively, the Resolution specifically requests the Compendium Committee to consider adding a provision that individuals convicted of theft or malfeasance against a Fire Department/Fire Company be required to submit Relief applications and/or Burial Claims to the State Association for review; and, barring such individuals from having any contact with the Local F.R.A. connected to that Fire Department/Fire Company.
Resolution submitted by the Manchester Township Firemen's Relief Association (526)

Whereas: It has come to the attention of this association that in some instance's members have been convicted or found guilty of crimes committed against their fire company / department, or municipality.

Whereas: The local fire company can revoke or terminate all ties with the convicted member at the fire department level.

Whereas: Currently there is no mechanism to revoke or terminate a Qualified or Life Member of the New Jersey Firemen's Association after they have been found or plead guilty to committing a crime against their brother and sister firefighters within their fire company/ department.

Whereas: A local association would be required to have contact with the convicted person and process applications for relief and reimburse convention expenses to life members who have attended convention after being found guilty of victimizing other members of the association.

Therefore: The membership of the Manchester Township Firemen's Relief Association requests that the Compendium Committee address this issue and amend the Compendium to provide a vehicle where victims of crimes, or disorderly persons offences are not forced to have contact with their offenders. Or provide a process where a convicted member can be removed from the state or local relief association.

PRESIDENT ORDWAY: Thank you, Larry.
Mr. Cavallo, comments.

COUNSEL CAVALLO: Thank you.

The Resolution Committee is not taking a position on this resolution. We are leaving it to those of you who vote to vote as you deem fit tomorrow.

Thank you.

PRESIDENT ORDWAY: Basically, just as an explanation, the resolution is talking about someone who steals from your Fire Company or Fire Department as opposed to the Relief Association.

Our thinking is if you throw that Member out or that Member is removed from your Department, why should you have to deal with them in the Relief Association. If you had a Relief meeting, you would have to let them back in the Firehouse, et cetera. And we just didn’t think that was right.

So that’s why this resolution was put on the ballot so that we can remove those people.

Before we have the Benediction, a reminder that registration and voting will start at 7 a.m. tomorrow. And we will open tomorrow morning’s Session with our annual Memorial Service at 10 a.m. I will apologize now for any mistakes, errors or omissions from the roll call of our honored Members.

Also, out on the Boardwalk a pair of glasses was found, black glass frames with red templates. And also a Delegate’s card, Dustin M. Overs was found on the Boardwalk also if you want to pick them up.

I ask Chaplain Anthony Saranchak for the Benediction.

Could you please hold on till we do the Benediction? Please.

REVEREND SARANCHAK: Let us pause for a moment, bring ourselves into God’s presence.

Let’s be thankful for the many things that God has given us and provided for us.

We thank You, God, for the many organizations and individuals that help support our Firefighters during the year.

We thank You, God, for the Association’s new headquarters office so that its Officers and staff can better complete their duties and responsibilities.

We are thankful for the retirement Home for the Firefighters and for the new construction and expansion to provide more medical care and better service.

We are thankful for the completion of a state Memorial to honor and remember those that made the ultimate sacrifice in the Line of Duty.

We are thankful for the National Fallen Firefighters Foundation for its efforts to honor and remember those lost.
And for its Everyone Goes Home program and First Responder Center for Excellence Program to help complete more awareness and research. First Responder Center for Excellence last week in Denver had its first ever conference to bring together medical professionals, counselors, Fire Departments and researchers to better increase awareness and knowledge not only of our physical health, but mental health and the challenges Firefighters face each day.

And let us be thankful for each individual here for the efforts and their talents that they bring to this Association.

Let us go forth tonight in peace and strength, deepen old friendships and acquaintances and to make some new connections and bonds to better serve what we do.

We thank You, God, send us forth with peace and strength.

May God bless us and protect us now and forever.

Amen.

PRESIDENT ORDWAY: That conclude the First Session. It is now closed.
And we will recess until 10 a.m. tomorrow morning.

(Convention’s First Session Proceedings adjourned at 2:10 in the afternoon.)
PRESIDENT ORDWAY: I call the Second Session of the 142nd Convention of the New Jersey State Firemen’s Association to order.

The exits are to my right and left and in the rear to your right and left. Should there be a need to use them, please take direction from the dais.

Please shut off all pagers and cell phones or place them on vibrate.

Anyone whose hearing is impaired can pick up a hearing device at the rear of the hall.

At this time, we will begin our Memorial Service.

Would the Cape Atlantic Irish Pipe Brigade please lead the Wildwood Fire Department Honor Guard in for the Posting of the Colors and Memorial Service.

(Colors are presented accompanied by the Cape Atlantic Pipe Brigade.)

REVEREND SCHAFTER: Right after last year, I received this note: My name is Scott. I’m a brother for the Fire Service.

Although we have never met, I have gathered much inspiration from your invocations and convocations at the Convention.

I have an unusual inquiry. One year ago I was diagnosed with pancreatic cancer. By the grace of God I have survived beyond the doctors’ expectations. Although I’m still in the fight, realistic medical prognosis is not favorable.

As I look ahead, I feel the need to accomplish some important pre-planning; part of the plans include funeral service arrangements.

Reverend Dan, would you consider providing ministry for me and attending and speaking at my funeral? If this is something you could consider, my wife and I would desire to meet with you to discuss it further.

Never got to meet with Scott. Ended up doing his funeral.

Every one of these Memorial Services touch everybody in here. Probably Scott’s brothers and sisters are here. I didn’t mention his last name.

We are very grateful to have the opportunity to pray at this moment. Almighty God, for Scott and all the others that have gone, we just pray for the families today, we pray for strength, pray for comfort.

We thank You for the opportunity to stand firm and stand proud that we are Americans, that we stand for truth, justice, to protect this country and the citizens of it.

So we ask that what is accomplished today we would take memories home with us.
We pray in Your Holy name.
Amen.

(Pledge of Allegiance to the Flag led by Vice President Hankins.)

(Glenn Roemmich sings the National Anthem.)

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Thank you, Glenn.
You may be seated.

(MR. LYNCH reads as follows:)

Please also remember the 874 Brother and Sister Firefighters in our Association who passed away from July 1, 2018 thru June 30, 2019
(Tolling of Memorial Bell three times.)

(Cape Atlantic Irish Pipe Brigade performs “Amazing Grace”.)

REVEREND SARANCHAK: Life is but a stopping place, a pause in what’s to be, a resting place along the road to sweet eternity. We all have different journeys, different paths along the way. We are all meant to learn some new things, but never meant to stay.

Our destination is a place far greater than we know. For some the journey is quicker, for some the journey is slow.

And when the journey finally ends, we will claim a great reward and find an everlasting peace together with the Lord.

Amen.

Life can take us on many different journeys. And sometimes a seemingly small random choice can take us down a path in life never expected.

With the anniversary of 9/11 this week, an article about a new book that just came out caught my attention. The author was at the World Trade Center buildings on 9/11. He had breakfast with his co-workers and went back to his hotel to change his dress shirt before meeting the rest of the group on the upper floors of the World Trade Center.

He was in his hotel room when the first plane hit rather than being on one of the floors where all his co-workers were lost that day.

The book he wrote is a collection of similar stories he has gathered from many interviews.

Today I’d like to share a story about small choices and events that has led to my discovery of the unknown Firefighter.

A few years ago I started researching my family history and compiled a list of cemeteries as part of that research, which has led to some interesting discoveries, finding new family facts, stories, and relatives I did not know about before.

As the Association Chaplain, I was also doing more visits to the New Jersey Firefighters retirement Home. It’s on a very scenic property, and during my first visit, I wanted to explore the grounds more, but it was winter at the time.

I noticed there was a cemetery and I immediately knew I had to know more about it and the Firefighters there. There are 54 Firefighters resting in peace there.

On a subsequent visit, I had more time to walk around the cemetery and find out more information. One headstone caught my attention, it didn’t have any dates, a name or a Department. The inscription simply read “Unknown Firefighter”. I felt there was a story there waiting to be told.

I then learned that a number of years ago maintenance work was being done to straighten and repair some of the headstones. During this work it was discovered there was a grave there not marked.

Research was done to try and identify the Firefighter; however, no records could be found to make an identification.
The best conclusion that could be reached is that the Firefighter was from a local Department that didn’t have any family or relatives to be buried with. This unknown Firefighter has been on my mind ever since.

As humans, I think we all have a desire to remember, at least in some small way in life, every visit to the retirement Home just makes me wonder more about this Firefighter and how life at times can be so random and so full of chance.

Let us remember the unknown Firefighter and the untold stories in life that have been lost to faded memories and time. Let us also remember and pray for all those who have answered their last call during the last year since we have gathered. There are all kinds of circumstances and fate related to their last days. Some serving many faithful and dedicated years, some very young just starting out on a unique path of service to their communities. Once again showing us how fragile life can be and that even small decisions can result in life changing events.

We call in the name of God to go forward not in fear but with hope, faith and reassurance that God is always in our presence and that each minute is a special gift to be used wisely.

Let us pray the words of Psalm 121. The Lord is my life and my salvation, whom shall I fear? The Lord is my stronghold in life, of whom shall I be afraid. I ask of the Lord that I may dwell in the house of the Lord all the days of my life to gaze upon the beauty of the Lord and seek Him in his temple. For in the day of trouble, He will keep me safe in His dwelling. He will hide me in the shelter of a sacred tent and set me high upon a rock.

Hear my voice, Lord, when I call, be merciful to me. Your face, Lord, I will seek. You have been my helper. Teach me Your way, Lord. Lead me in a straight path.

Be strong and take heart for your Lord is always near.
Amen.

God ask us never to tire of prayer and taking time to allow God speak to us. Let us always pray for those who have answered their last call, for their eternal rest, and for strength and comfort for their families and Departments.

God bless those serving in the United States Military, God bless those serving and protecting our communities every day. And God bless the United States of America.
Amen.

MR. BURGIN: Shall we pray.

(Firefighter Gary Burgin sings “The Lord’s Prayer.”)

(Rachel Woodruff sings “Amazing Grace.”)

(Executive Committeeman Gerard Naylis sings “You Raise Me Up.”)

(MR. LYNCH recites “The Firemen’s Prayer.”)
FIREMEN’S PRAYER

When I am called to duty, God
Wherever flames may rage
Give me strength to save a life
Whatever be its age.

Let me embrace a little child
Before it is too late
Or save an older person from
The horror of that fate.

Enable me to be alert
And hear the weakest shout
And quickly and efficiently
To put the fire out.

I want to fill my calling
To give the best in me,
To guard my friend and neighbor
And to protect their property.

And, if, according to Your will,
I have to lose my life,
Please bless, with Your protecting hand,
My family and my wife.

(Rachel Woodruff sings “God Bless America.”)

CONVENTION BODY: (Applause.)

REV. SCHAFER: Please be seated.

I’d like to thank those who came and hared their story in the last couple of days. I’m honored that you would take that time.

I’m going to leave one word with you: Isolation. Isolation. You’ve been in people’s lives at the worst time and the worst moments they could ever have. You’ve held a still born, multi-fatals, murders, suicides, drownings, fires, funerals, memorials. But reality can be paralyzing. Nothing, nothing phoney about finality.

And I ask you this morning, do you have a place to hide? Do you have a place to go when it gets that bad? How do you protect your inner armor? How do you protect and keep your mind sound from the things that you see and hear and change?
Transparency can change your perception on humanity. You see humanity at its worst. How transparent are you? What’s your kryptonite when your Superman loses its strength? Because you are all supermen and superwomen.

You are out there doing a job nobody else can do, nobody else is trained to do.

Don’t lock yourself in a cave of disparity. A man cave is not a good thing. You come home, you hide, you don’t talk.

But a man can protect his image while he’s falling apart on the inside. And that’s what we don’t want to happen.

We know you are great on the job you do. You have great strength, you have great policy, you have been trained to do the best. But the place that God had designed for you is a place of isolation so that you can pull yourself together. It’s the worst punishment, isolation, solitary confinement.

Story of a pastor at a large aquarium and he loved his fish. One night he went to bed and the power went off. And when he got up that morning, all of his favorite fish were dead.

And he said this statement, “Did anybody hear them screaming? Did anybody hear them screaming?”

You have one of the most blessed jobs in the world, but the most dangerous job because this is what it affects, this is what it hits.

So as time goes on and in the years ahead, I hope to God that when we face the things that we face, that there will be fewer and fewer at these Memorial Services. And we can continue to honor those that have served and given of themselves.

So talk, share. I appreciate some of you that came and shared with me. Continue to do that.

Shall we pray.

Almighty God, thank You. Thank You from the bottom of our hearts for this organization, for the representation that’s here today.

Everything that we have learned, everything that we have heard, let us take with us. Let us not forget one another. Let’s not isolate, but let’s share. And let our brothers and sisters know it’s not all right, it’s not all right, and it hurts, and the pain goes very deep that we can’t talk.

So for the families that are grieving their loved ones that they lost in the past year and those that died of natural causes, we miss them, but we pray for great strength in the days to come.

And may we all be back here next year not only for the Convention, but to honor those who have served and have given of themselves.

Amen.

PRESIDENT ORDWAY: At this time, I would ask that the Wildwood Fire Department Honor Guard retire the Colors.

(Colors are retired accompanied by the Cape Atlantic Irish Pipe Brigade.)
CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: With us this morning is the family of Natalie Dempsey, of the Mizpah Fire Department, Mays Landing.

(Presentation of flowers to family of Firefighter Natalie Dempsey.)

PRESIDENT ORDWAY: Again, all we can say to Natalie's family is thank you for the sacrifice you made bringing us Natalie. She was a very good Firefighter and from everything I have been told a very good friend.

Thank you.

This concludes our Memorial Service. You may be seated.

I would like to thank the Cape Atlantic Irish Pipe Brigade, the Wildwood Fire Department Honor Guard, and the Memorial Committee, and all the participants for the Memorial Service.

We will now go into committee reports.

Executive Board
New Jersey State Firemen's Association

We have audited the accompanying financial statements (modified cash basis) of the New Jersey State Firemen's Association (the "Association") which comprise the statements of assets, liabilities and net assets (modified cash basis) as of June 30, 2019 and 2018 and the related statements of revenue, expenses and change in net assets (modified cash basis) and functional expenses (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of the New Jersey State Firemen's Association as of June 30, 2019 and 2018 and its revenues and expenses for the years then ended in accordance with the modified cash basis of accounting as described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, during the year ended June 30, 2019 the New Jersey State Firemen's Association adopted new accounting guidance resulting in a change in the manner in which it presents net assets and reports certain aspects of its financial statements. Our opinion is not modified with respect to this matter.

New Jersey State Firemen's Association

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2019 and 2018

1. Organization and Tax Status

New Jersey State Fireman's Association (the "Association") is a not-for-profit corporation that was established through New Jersey State legislation. Its expressed purpose is to maintain a General Relief Fund that provides burial benefits to qualifying members. The Special Relief Fund was initiated to allow relief to be paid to those applicants of associations that cannot afford to satisfy the needs of an applicant when a major loss occurs due to illness or other incidents. The initial contribution of $2,468,467 was made May 15, 2003. Benefits were made available beginning January 1, 2004.

The Association is a not-for-profit organization that is exempt from income taxes under Section 501(c)(4) of the Internal Revenue Code (the "Code").

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements are prepared on the cash basis, modified for investments, which are stated at cost, and certain liabilities related to insurance claims. The Association follows the policy of charging directly to operating expenses disbursements for furniture and equipment. The Association is capitalizing all costs related to its new building and is subsequently depreciating these costs. Consequently, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when the obligations are incurred. Management has determined that the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("US GAAP"), as described above is an acceptable basis for the preparation of the financial statements in the circumstances.

Change in Accounting Principle

On July 1, 2018, the Association adopted new guidance regarding the Presentation of Financial Statements for Not-for-Profit Entities. This guidance requires the Association to collapse the three-category (unrestricted, temporarily restricted, and permanently restricted) classification of net assets into two categories: with donor restrictions and without donor restrictions. In addition, the new guidance requires the Association to make certain expanded disclosures relating to (1) the liquidity of financial assets, and (2) expenses by both their natural and functional classification in one location in the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include cash held in banks and money market funds with maturities of three months or less at the time of purchase.
New Jersey State Firemen's Association

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment is carried at cost. Depreciation is computed using the straight-line method over the estimated useful life of the assets when placed into service. The Association uses a useful life of 39 years for the building.

Asset Recoverability

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying value amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated undiscounted future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Management has concluded that an impairment charge for the year ended June 30, 2019 and 2018 is not necessary.

Net Asset Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the Association’s net assets are classified as with or without donor restrictions. At June 30, 2019 and 2018, all the Association’s net assets are without donor restrictions.

Functional Allocation of Expenses

The cost of providing various programs and other activities had been summarized on a functional basis in the statements of activities. All costs are direct expenses to each functional category. Program services consist of benefit payments. All other expenses are considered management and general.

Accounting for Uncertainty in Income Taxes

The Association recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Association had no uncertain tax positions that would require financial recognition or disclosure. The Association is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to fiscal 2016.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that financial statements were available to be issued, which date is January 24, 2020.

3. Investments

Investments are carried at cost regardless of fair value at the end of the year. Gains and losses on investments are recorded upon disposition of the investment rather than providing for such gains and losses as they occur.

5. Liquidity and Availability of Financial Assets

The Association's financial assets and resources available to meet cash needs for
general expenditures within one year of the date of the statement of assets, liabilities
and net assets were as follows:

Financial assets:
  Cash and cash equivalents $ 4,079,675
  Escrow account receivable 2,299
  Investments, at cost 53,170,508
Financial assets available to meet general expenditures over the next twelve months $ 57,252,482

As part of the Association's liquidity management strategy, the Association structures its
financial assets to be available as its general expenditures come due. A majority of
general expenditure over the next twelve months will be financed through cash and cash
equivalents, investments and investment income.

6. Retirement Plan

The Association has a noncontributory defined benefit retirement plan which covers all
eligible employees and executive committee members. The Association's objective in funding
the plan is to accumulate funds sufficient to provide for all promised benefits and to
maintain a relative stable contribution level. Selected data as of June 30, 2019 follows:

The fair value of the pension plan assets is disclosed in the table below based on fair
values and "levels" at June 30, 2019 and 2018. The relevant levels are based on the
methodology for determining fair value: Level 1 inputs: valuation based on active
markets for identical assets; Level 2 inputs: valuation based on significant observable
inputs; and Level 3 inputs: valuation based on nonobservable inputs. The pension plan
invests in funds to meet its investment objectives. The asset allocation is based on the
underlying assets of the various funds. The valuing is based upon each fund as the unit
of measure. All of the pension plan's investments measured at fair value are valued

Independent Auditors' Report

Board of Trustees
New Jersey State Firemen's Association
Employees' Retirement Plan

We have audited the accompanying financial statements of the New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the New Jersey State Firemen's Association Employees' Retirement Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements
December 31, 2018 and 2017

1. Plan Description

The following brief description of the New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is a defined benefit pension plan.

The Plan is administered by the New Jersey State Firemen's Association (the "Association"). The Custodian of the Plan is U.S. Bank Institutional Trust and Custody ("U.S. Bank"). The Association has appointed U.S. Bank to hold investment assets and perform most administrative duties.

Pension Benefits

Employees are eligible for participation in the Plan after the completion of the later of the date the employee attains age 20 ½ or completes six months of service. Participants become fully vested in the Plan after 5 years of service. However, 10 years of service is required for early retirement benefits.

Benefits for participants retiring upon reaching the normal retirement age of 65 are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12 month period. The Plan also provides a cost of living adjustment.

An employee may elect early retirement after having reached age 55 and having completed 10 years of service. Benefits upon election of early retirement are reduced for each month by which the retirement date precedes age 65.

The normal form of benefit payment is a life annuity with 10 years certain for single employees and a joint and survivorship annuity basis for married employees. Several other options in the method of benefit payment are also available.

Participants who have attained the age of 70½ and are still working must commence collection of their pension benefits. In addition, participants will be able to accrue benefits for service beyond the age of 65.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Plan is not required to make certain Department of Labor required disclosures as the number of eligible participants is below 100.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Fair value of investments in shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Gains or losses on sales of investments are based on the average cost of investments. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well held during the year.

Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan’s provisions to services rendered by the employees at the valuation date. Accumulated plan benefits include benefits expected to be paid to present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on Plan provisions at the time of retirement.

Administrative and Investment Expense

Administrative and investment expenses are paid by the Plan. Investment expenses are included in net appreciation (depreciation) in fair value of investments.

Employees' Retirement Plan
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits
Benefit payments are recorded upon distribution.

Risks and Uncertainties
The assets of the Plan are primarily financial instruments which are monetary in nature. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect the changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Accounting for Uncertainty in Income Taxes
Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for the periods prior to 2015.

Subsequent Events Evaluation by Management
Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 10, 2020.

3. Certificates of Deposit
Certificates of deposit are stated at cost plus any accrued interest (which approximates fair value). The certificates of deposit at December 31, 2018, bear interest ranging from 1.39% to 1.98% and mature at various dates from June 2020 through June 2021.

4. Investments
As of and for the years ended December 31, 2018 and 2017 all of the Plan’s investments, which consist of mutual funds, bought, sold and held were Level 1 investments.

5. Actuarial Information

Accumulated plan benefits are those future periodic payments that are attributable under the Plan’s provisions to the service employees have rendered. They include benefits expected to be paid for (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12 month period. Benefits payable under all circumstances including retirement, death, disability and termination of employment are included to the extent they are deemed attributable to employee services rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Association’s actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2019 and 2018 were (a) life expectancy of participants (the mortality table RP2014 for 2018 and 1984 UP for 2017), (b) an assumed retirement of the earlier of age 55 and 10 years of service or age 65 and five years of service and (c) an assumed average rate of return of 3.77% for 2018 and 6.00% for 2017.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The following data summarizes the actuarial present value of accumulated plan benefits as of December 31 valuation dates:

6. Funding Policy

The Association’s policy is to fund the Plan annually at the minimum level required under the Employee Retirement Income Security Act of 1974 (“ERISA”) regulations as computed by the Association’s actuary.

7. Income Tax Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 10, 2004, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

8. Plan Termination

Although it has not expressed any intent to do so, the Association has the right to terminate, discontinue making contributions to, amend or modify the Plan at any time, acting through written resolution of the controlling entity of the Plan. Upon termination of the Plan, participants will become fully vested in their benefits earned to date.

Independent Auditor’s Report

Board of Managers
New Jersey Firemen's Home
565 Lathrop Avenue
Boonton, NJ 07005

We have audited the accompanying financial statements of the New Jersey Firemen’s Home which comprise the statements of assets, liabilities and fund balance - cash basis as of June 30, 2019 and 2018 and the related statements of support revenue and expenses and changes in fund balance - cash basis for the years then ended and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, assets, liabilities and fund balance - cash basis of the New Jersey Firemen's Home as of June 30, 2019 and 2018 and its support revenue and expenses and changes in fund balance-cash basis for the years then ended, on the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

NEW JERSEY STATE FIREMEN'S ASSOCIATION

NEW JERSEY FIREMEN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 and 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared utilizing the cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. The presented cash basis of accounting is the required method prescribed by the New Jersey Department of Human Services.

Nature of Business
The New Jersey Firemen’s Home is located in Boonton, New Jersey. Nursing and residential care are provided to aged and indigent firemen who have served as a member of a New Jersey fire department for a minimum of one year.

Cash and Cash Equivalents
For the purpose of the statements of assets, liabilities and fund balance – cash basis, management has defined cash and cash equivalents to be highly liquid investments, which include cash, certificates of deposit, and money market funds.

Medical Fund
The medical fund has been established to collect and disburse funds on behalf of the guests. An individual medical account is maintained for each guest in the New Jersey Firemen’s Home. The funds are not segregated, and interest earned on such funds is retained by the New Jersey Firemen’s Home. The individual accounts are maintained to record the funds collected and disbursed on behalf of the guests.

The primary sources of funds collected on behalf of the guests include: Social Security benefits, pensions and personal remittances from guests or their families. The primary sources of funds disbursed on behalf of the guests include: room and board charges, medical expenses and various personal expenses. Statements are mailed to guests’ families/responsible parties on a quarterly basis. When a receivable has resulted, i.e. more funds disbursed than available, the families/responsible parties are requested to remit such.

Upon admission, guests are requested to grant the New Jersey Firemen’s Home a limited power of attorney to execute the aforementioned transactions. Upon the expiration or discharge of a guest, any remaining balance is returned to the guest or the guest’s estate after all anticipated expenses have been paid. Such release of funds is approved by the Board of Managers. Should a deceased guest have a balance in excess of $500 upon death, a statement which lists the executor is required from the local county surrogate.

Fixed Assets
Fixed assets are maintained in the Property Fund. Asset acquisitions with a cost of $1,000 or more have been capitalized. Depreciation is computed on a straight line basis over the useful lives of the assets generally as follows:

- Buildings and Improvements: 10-50 years
- Furniture and Equipment: 5-10 years
- Vehicles: 5 years

- 5 -
NOTE 1 (Continued)

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as paid.

Estimates
Management uses estimates and assumptions in preparing the financial statements. These estimates and assumptions affect the disclosures relating to the Pension Plan. Actual results could differ from those estimates.

Income Taxes
The New Jersey Firemen’s Home is exempt from federal income taxes under section 501 of the Internal Revenue Code. It was incorporated as a non-profit organization under the laws of the State of New Jersey.

Subsequent Events
Subsequent events have been evaluated through August 29, 2019 and August 29, 2018, which are the dates the financial statements were issued.

Independent Auditor's Report

Board of Managers
New Jersey Firemen's Home
565 Lathrop Avenue
Boonton, NJ 07005

We have audited the accompanying financial statements of the New Jersey Firemen’s Home which comprise the statements of cash receipts and disbursements – cash basis of the Operating Fund of the New Jersey Firemen's Home for the years ended June 30, 2019 and 2018 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash receipts and disbursements of the Operating Fund of the New Jersey Firemen's Home for the years ended June 30, 2019 and 2018, in accordance with the cash basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. These financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter. These financial statements are being presented only for the fund referred to above and do not include the cash activity and capital additions recorded in other funds of the New Jersey Firemen's Home.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the New Jersey Firemen’s Home Employees’ Pension Plan as of June 30, 2019 and 2018, and the changes in its financial status for the year ended June 30, 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4f – Schedule of Assets (Held at Year End) and (Acquired and Disposed of Within Year), referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: Description of Plan

The following brief description of the New Jersey Firemen’s Home Employees’ Pension Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension. All non-union employees entered the plan on the July 1st nearest of the last day of their first year of service and age 21. Effective July 1, 1998, only those employees who completed at least 1,000 hours of service in a plan year accrued pension benefits. Effective July 1, 1999, members of the Board of Managers are credited with 83 1/3 hours for each month they serve on the Board. Effective July 1, 2000, all staff employees are covered under the New Jersey Public Employees Retirement System and will not accrue any further benefits under this Plan.

Pension Protection Act of 2006

The Pension Protection Act of 2006 (PPA) was signed into law on August 17, 2006 and is generally effective for Plan Years beginning after 2007. PPA amended the Employee Retirement Income Security Act of 1974 (ERISA) under which increased responsibility had been placed on the Plan’s Enrolled Actuary and the selection of the actuarial assumptions. In an attempt to strengthen the financial stability of all defined benefit plans, PPA substantially changed the way funding requirements are determined. The Worker, Retiree and Employer Recovery Act of 2008, which was signed into law on December 23, 2008, included technical corrections to PPA. The Moving Ahead for Progress in the 21st Century Act (MAP-21) was signed into law on July 6, 2012. The Highway and Transportation Funding Act of 2014 (HATFA) was signed into law on August 8, 2014. MAP-21 and HATFA contained Pension Funding Relief provisions.

The actuarial cost method (funding method) to be used to determine the Minimum Required Contribution under PPA is an unprojected unit credit cost method.

PPA prescribes the use of segment interest rates for determining the present value of benefits. These segment rates are based on the corporate bond yield curve for certain investment grade bonds that mature at three different times (less than 5 years, between 5 and 20 years, and after 20 years). Alternatively, a full yield curve can be used, if elected. PPA added the calculation of an Effective Rate which is the equivalent single rate that will produce the same accrued liability (the Funding Target) as the segment rates used for funding. PPA further prescribes the use of specific mortality tables which will be published periodically by the Secretary of the Treasury.

MAP-21 changed the method of calculating the segment interest rates resulting in a reduction in Plan liabilities and minimum required contribution. Beginning with the 2008 actuarial valuation, the prescribed assumptions will be reflected, where applicable, and revised each year.

The balance of the actuarial assumptions will continue to reasonably reflect the Plan’s experience. As part of the annual report to the Internal Revenue Service, the Plan’s Enrolled Actuary must prepare an “actuarial statement” which includes an opinion that these nonprescribed actuarial assumptions reasonably reflect the Plan’s experience and expectations and represent the “best estimate” of anticipated experience under the Plan. No changes, other than those prescribed by law, are required at this time.
NEW JERSEY FIREMEN'S HOME
EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 and 2018

NOTE 1 (Continued)

Pension Benefits
Participants with three or more years of participation were previously entitled to annual pension benefits beginning at normal retirement age (65) equal to $16.67 multiplied by benefit years, not to exceed 30 benefit years, to a maximum of $500 per month and a minimum of $100 provided they had 10 or more benefit years. Effective July 1, 2002, a participant's normal pension benefit shall provide a monthly payment equal to $83.33 multiplied by his benefit years up to, but not exceeding 10 benefit years, to a maximum of $833.33. The Plan permits early retirement at age 55 with a minimum of 10 years of service. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. If participants terminate before rendering 5 years of service, they forfeit the right to receive the portion of their accumulated plan benefits. Effective July 1, 2005, normal retirement date has been amended to be the first of the month after the age 62 (from 65) and the later completion of three years of plan participation.

Death Benefits
If a participant dies before benefits commence, but after the interest in the Accrued Benefit has become vested to some extent, his/her Spouse shall receive the survivor annuity benefit which would have been payable if the participant had elected to receive the Standard Annuity commencing the day before death, or, if the participant had not yet reached the earliest retirement age under the Plan, the benefit which would have been payable based on the actual Accrued Benefit but assuming that the participant had survived to the earliest retirement age under the Plan, had elected to receive the Standard Annuity, and had died on the following day, subject to the same actuarial reduction normally applicable on account of the commencement of benefits before the Normal Retirement Date. The Administrator may pay the Spouse, in lieu of monthly payments, a lump sum which is the Actuarial Equivalent of the survivor annuity, provided the lump sum is less than $5,000.

If the participant dies before benefits commence while in active service, but after Normal Retirement Date, the Spouse, if any, shall receive the survivor annuity benefit which would have been payable assuming that the participant had elected to receive the Standard Annuity, and had died on the following day.
If the participant dies after benefits commence, any remaining benefits under the Standard Annuity or the alternative benefit form, if any, that was elected shall be paid to the Spouse or other Beneficiary, as the case may be.

Disability Benefits
If Service is terminated by Disability, the participant shall be eligible to receive a Disability Pension Benefit. The Disability Pension Benefit shall provide monthly payments of an amount such that the benefit is the Actuarial Equivalent of the Accrued Benefit at termination. If the participant is disabled, he/she may not elect to receive an alternative form of benefit other that the Standard Annuity. Disability Pension Benefits shall begin on the first day of the month following the fifth full calendar month of Disability, and shall end only if Disability ends before the Normal Retirement date. A participant will not be considered disabled unless he/she qualifies for disability benefits under the Federal Social Security Act or Veterans Disability Act.
NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by its investment advisers and custodian. See note 5 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits
Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the plan’s provisions to the service participants who have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Effective July 1, 2002, benefits under the plan are based on participants’ benefit years multiplied by $83.33 per year not to exceed $833.33 per month. The benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from BPAS Actuarial and Pension Services, LLC, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of July 1, 2019 and July 1, 2018 were life expectancy of participants. The base mortality tables for July 1, 2019 and July 1, 2018 are the sex distinct RP-2014 mortality tables for healthy annuitants adjusted backwards to 2006 with Scale MP-2014. The base mortality table is adjusted by projecting mortality improvements using Scale MP-2017 from the year 2006 through 2019 with an additional projection period of 8 years for males and 9 years for females. For ages below 80, the additional projection period is increased by one year for each year below 80; for ages above 80; the additional projection period is reduced (but not below zero) by one third year for each year above 80.

The interest rate used to discount the obligation for July 1, 2019 and July 1, 2018 was 7%, including a reduction of 0% to reflect anticipated administrative expenses associated with providing benefits.
NEW JERSEY FIREMEN'S HOME
EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 and 2018

NOTE 2 (Continued)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as July 1, 2019 and July 1, 2018. Had the valuations been performed as of June 30, there would be no material differences.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Subsequent Events
Subsequent events have been evaluated through August 29, 2019, which is the date the financial statements were issued.

NOTE 3: FUNDING POLICY

The New Jersey Firemen’s Home’s funding policy is to make annual contributions to the Plan in amounts that are usually within the minimum required contribution and maximum recommended contribution as computed by BPAS Actuarial and Pension Services, LLC. The minimum required contributions were $98,943 and $82,323 for years beginning July 1, 2018 and 2017. The Finance Committee of the Plan sponsor elected to contribute $233,000 and $235,000 in plan years ended June 30, 2019 and 2018.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits former participants or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable or would have been payable under plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.
NOTE 4 (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling on the amount of an individual’s monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statements of net assets available for benefit.

NOTE 5 (Continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs other than quoted market prices included in Level 1 that are either directly or indirectly observable for the asset, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements
The fair value of certificates of deposit, mutual funds, money market funds, US Government Securities and preferred stocks is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements
The fair value of corporate bonds is based on quoted prices for similar assets in active markets.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 7: TAX STATUS

The plan obtained its latest determination letter on July 2, 2012, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code (IRC). The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
NOTE 8: ADMINISTRATIVE EXPENSES/RELATED PARTY TRANSACTIONS

Certain administrative expenses of the Plan are paid by the Operating Fund of the New Jersey Firemen’s Home. For plan years ended June 30, 2019 and 2018 those expenses, consisting primarily of fees paid to actuaries and auditors, were $36,571 and $33,191, respectively. Those expenses are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Good morning, Chiefs, Delegates, Alternates, Life Members, Officers of the State Association, invited guests, fellow Firefighters of the great State of New Jersey and the Guests at the Home.

Today we deliver our report on the affairs of the New Jersey Firemen’s Home of Boonton, New Jersey for the fiscal year July 1, 2018 to June 31st, 2019.

The New Jersey Firemen’s Home is special not only to the Firemen of New Jersey. It is unique as being one of its kind in the country. The mission of the Firemen’s Home is to care for aged, indigent and disabled Firemen. For over 100 years, the Board of Managers have provided excellent care for our Firemen in need. As of June 30, 2019, we had 60 Guests in long-term care and nine in residential care, for a total of 69 Guests. Due to the construction, the number of Guests to be admitted is limited at this time.

The Firemen’s Home is annually inspected by the New Jersey State Department of Health and is considered among the best long-term resident care in New Jersey. It has had a perfect rating zero deficiency from the Department of Health for the past several years. This is unmatched in the State of New Jersey. We are rated among the best residential care facilities in New Jersey.

To be eligible to become a Guest at the Home, you must have been a Member in good standing for one full year of a city or municipality recognized Fire Department or Fire Company. You do not have to be a Member of a Local Relief Association. The Home is able to accommodate both men and women Firefighters. One must meet the established terms and conditions for admission. The monthly fee for Guests continues to be $850 a month. No applicant has ever been denied admittance due to financial reasons.

We held our annual Memorial Service to honor our Guests of the Home who answered their final alarm in July. Family and friends of our deceased Guests were invited and many attended. The Memorial Service was telecast in-house to all Guests.

Throughout the year, the Home holds barbecues and picnics outside for the Guests. Several of the Guests attended the recent preseason Giants/Chicago Bears on August 16th football game. We continue to hold Thanksgiving dinner for the Guests and they can invite two people.

We continue to add medical services by educating our staff on EKGs, Bi-Pap and C-Pap, which aid in the function of breathing. The Home has a dermatologist who visits and performs exams twice a month. This eliminates the need for Guests to travel distances for such exams. We continue to provide extensive wound care coverages, psychiatric care, and consultations.
On a quarterly basis, the staff reviews the medical services we provide to meet the needs of our Guests. The Home partners with Morristown Medical Center and Saint Clare’s Hospital in order to assure our Guests receive complete care coverage.

Additionally, the Home continues to operate a clinical intern program with student nurses attending Berkeley College. These student nurses are a valuable asset to Guest care.

The Home has undertaken a number of major repairs, improvements and upgrades over the past year. These include:

1. New poles and lights were installed along the driveway.
2. A waterfall was installed near the entrance to the Museum. Funds were donated in memory of former Chairman of the Board of Managers Max Weber.
3. A window replacement project was completed in the auditorium and the downstairs hallway.
4. New additional parking area has been designed with construction to follow.
5. An energy audit is being conducted at no cost to the Home.
6. A solar field project is currently being investigated.

The Home continues to hold its very successful annual golf outing at the Neshanic Valley Golf Course. It is always a sell-out and we thank all those who participate. The funds go to benefit the Guests directly.

Our Fire Museum continues to amaze both our Guests and visitors. Its collection makes it the finest Fire Museum in the state as described by state government officials.

Last year, I announced the ambitious goal of the New Jersey Firemen’s Home to create a specialized wing dedicated to memory care illness, including dementia and Alzheimer’s disease. I am happy to advise that a contract was awarded and construction is underway. Completion of this ten-bed unit is expected to be completed in the summer of 2020.

The Home has seen a significant demand for those Firemen suffering from memory care illness. This project is the beginning to address the various types of memory care illness. We fully expect to have a large demand to care for our Firemen suffering from dementia or Alzheimer’s disease. This is a good start to meet the needs of an ever-increasing population suffering from memory problems.

On an important note to all of us is the review by the state government over the tax money received from insurance companies which are dedicated to the New Jersey Firemen’s Home and the New Jersey State Firemen’s Association. It is an important issue which requires a “partnership” effort between the Home and the State Association. The Board of Managers of the Home hope the Association leaders will have dialogue on this issue to protect the dedication of these tax funds for the benefit of all Firemen in New Jersey. We all want the same goal, that these funds should remain for the sole benefit of Firemen. Joint discussion and joint action is necessary to reach this goal.

We invite you to come to the Home and meet the staff, visit with the Guests and see firsthand how the Home operates. We believe it will be worth your while and will please the Guests, too.
In closing, the Board of Managers wish to express their sincere thanks and appreciation to all Fire Companies, county Associations, Ladies Auxiliaries, and to all others who donate their time and money for the well-being and happiness of the Guests of the Home.

Enjoy the rest of the convention and have a safe trip home.

God bless you, and God bless America.

Respectfully submitted, Chairman Cassimiro A. De Laurentis, Jr.

PRESIDENT ORDWAY: We would like to wish them a hello, give them a cheer.

Thank you.

Next we have the final report of the Credential Committee. Brian Van Hook, Chairman.

MR. VAN HOOK: Got your back.

Good morning, brother and sister Firemen.

This is the final report for the Second Session, September 14th, 2019:

PRESIDENT ORDWAY: Thank you.

MR. VAN HOOK: Thank you, sir.

PRESIDENT ORDWAY: A little bit of Friday night-itis.

Report of the Compendium Committee. Executive Committeeman John Lane

MR. LANE: Good morning, Chiefs, Delegates, Life Members and guests.

Report to the 142nd Convention of the New Jersey State Firemen’s Association.

The resolution from the Gloucester Township Firemen’s Relief Association approved at the 2018 Convention requested that the Executive Committee investigate and report back to the Convention as to whether or not Life Members should be allowed to make motions and vote at Local Relief Association meetings.

Presently the New Jersey State Firemen’s Association By-laws state that only representatives may make and second motions and vote on any matters brought before the Local Association meeting.
A Life Member is simply a designation or name for someone who has attended ten Sessions of the State Convention and has no bearing on their role in the Local Relief Association. Any Member of the Local Relief Association including those with the Convention Life Member title can be selected as a representative and/or can hold title as a Relief Association Officer or Trustee. Being a State Convention Life Member does not prevent a person from participating in the activities of the Local Relief Association just as any other Relief Association Member has the right to participation.

Associations that are having trouble with attaining quorum at meetings should be replaced by representatives that are not showing up with individuals that are willing to show up. And that includes replacing them with individuals that have designation of being a Convention Life Member.

The Compendium Committee was advised by our attorney on the role of the Board of Representatives in conducting the business of the Local Relief Association. There are four statutes that make reported reference to the fact that it is the Board of Representatives that conduct the official business of the Local Relief Association. There are no references therein to Life Members, Delegates or other Members of the Local Relief Association being authorized to make or second motions or vote on Local Association business.

The committee discussions were extensive as to both the pros and cons of seeking a change to our statutes.

At the conclusion of those discussions, it was decided that the Association should not seek to change the statutes.

The full Executive Committee agreed with this determination at the February 23rd, 2019 meeting.

Respectfully submitted, John Lane, Chairman of the Compendium Committee.

PRESIDENT ORDWAY: Thank you, John.

Very truly yours,

Thomas J. Pelaia
Secretary

Visit us on the web at www.njsfa.com
PRESIDENT ORDWAY: Thank you.
I’d like to thank you for that vote of confidence.
I think we are moving the Association forward. In some cases I know people don’t think we are moving fast enough. But we are trying to move forward and improve this Association and get more benefits out there.
Any other electees wish to say anything?
Going once, twice. Moving on.
We are now on old or unfinished business. Any old or unfinished business?
Seeing none, we go to new business.
The first item I have – oh, we have one.
Sorry.
Microphone five.

MR. RAYE: Steve Raye, Life Member, Wantage Township Relief Association, Sussex County.

Last four years I addressed here about the Recruitment and Retention Task Force that has been passed into law.

There were Members that required to be assigned to the Committee. And our Association did that by electing Vice President Joe Hankins for that position.

It is now our continued responsibility to pressure our senators and our assembly people to fill the rest of those slots so that this Recruitment and Retention Committee can help us in the Volunteer Service.

As you look at the names that have passed on the screen earlier, question do we have that many people coming back into the service? The answer is no.

We need to, as Members, all Members contact your senators, contact your assembly people, pressure them to get this Committee working, this Task Force. The information is available from your Local Offices.

Thank you.

PRESIDENT ORDWAY: Thank you.
Microphone number six.

MR. LAMBING: Mr. President, my name is Francis Lambing, Life Member, Legislative Committee.

The Williamstown Firemen’s Relief Association would like this organization to recognize one of our Members, Harvey L. Conn, a Life Member.

Harvey is a World War II Veteran serving in the Pacific, also a survivor of the Bataan Death March, and a Prisoner of War. He is a 73-year Member of the Fire Service. Unfortunately, he couldn’t be here today, but his mind is still sharp.

By the way, Harvey just celebrated his 100th birthday.

CONVENTION BODY: (Applause.)
PRESIDENT ORDWAY: Thank you.

Microphone number three.

MR. CUNIC: Jack Cunic, Denville Relief Association.

I would just – I know the resolution that passed is very important to protect us.
But I would ask the committee to look closely at the word “malfeasance.” It is a
very wide door and many crimes while there are many egregious crimes that could
be committed and should result in disbarment from the organization, I think we
need to tighten up the wording on this.

Thank you.

PRESIDENT ORDWAY: Thank you. Duly noted.

Any other unfinished business?

Moving on to new business. We have two presentations to make.

The first presentation is for Dan Mitchell. This is presented to Daniel Mitchell
for outstanding and dedicated service as a Member of the Executive Committee
for the County of Hudson, October 2016 through September 2019. New Jersey
State Firemen’s Association, September 14th, 2019.

Dan, please don’t be a stranger. We thank you for your service. It’s been a
pleasure working with you.

MR. MITCHELL: Thank you, so much. Thank you, sir. Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: The second presentation is to Stacy Moore.

This is presented to Stacy Moore for his many years of outstanding and
dedicated service as Assistant Counsel to the New Jersey State Firemen’s

Stacy, thank you for all your help and guidance.

ASSISTANT COUNSEL MOORE: Thank you, so much.

PRESIDENT ORDWAY: It’s been a pleasure to work with you.

CONVENTION BODY: (Applause.)

PRESIDENT ORDWAY: Is there any other new business?

Seeing none, next order of business is selection of location for holding the 2024
Convention.

Microphone number six.

CHIEF SPEIGEL: Dan Speigel, City of Wildwood Firemen’s Relief
Association.
I make a motion to hold the 2024 Convention here in the city of Wildwood.

PRESIDENT ORDWAY: Is there a second to that motion?

CONVENTION BODY: (Many seconds.)

PRESIDENT ORDWAY: Many seconds.
All in favor?

CONVENTION BODY: (Chorus of ayes.)

PRESIDENT ORDWAY: Opposed?
Ayes have it.
Thank you.

Just a reminder for next year’s Convention. The 2020 Convention is late next year; it is September 18 and 19th because Labor Day is late.

So when you make your reservations and so forth, again, it’s Friday and Saturday, September 18th and 19th.

We will now have the Benediction by Dan Schafer. Please rise.

REVEREND SCHAFER: Shall we pray.
Almighty God, we thank You for a great Convention. We thank You for the great time we had here.

And I would pray for the parade. We pray that everybody will get home safely and bring us all back here next year in your Almighty name.

Amen.

PRESIDENT ORDWAY: Is there a motion for adjournment?
(Many motions.)

PRESIDENT ORDWAY: Second?

CONVENTION BODY: (Many seconds.)

PRESIDENT ORDWAY: All in favor?

CONVENTION BODY: (Chorus of ayes.)

PRESIDENT ORDWAY: Ayes have it.
Thank you.
This Convention is now adjourned.

(Convention’s Second Session Proceedings are concluded at 11:04 in the morning.)
