Park Revenue Generation

Is New Jersey the Exception?
Cuomo’s NY 2020 Plan

- $900,000,000 to be spent on parks, $110,000,000 in 2015-2016 budget
- 27% for recreational facilities ($243 million spent on comfort stations, playgrounds, pools, campgrounds, and golf course facilities)
- Plans for partnership with businesses, local investments in social, athletic, hospitality, and cultural facilities (restaurants, bed and breakfasts, visitor centers, etc.)

*Parks are the Epicenter of a $646 Billion Recreational Industry*

![Diagram showing various recreational activities]

*Figure 7: State Parks are where outdoor recreation enthusiasts come to play — and support a $33.8 billion industry in New York State and $646 billion nationwide. (Outdoor Industry Association)*

PREDECISIONAL PRIVILEGED AND CONFIDENTIAL
New York Examples

- Jones Beach State Park: concessions, private-public visitor services
- Riverbank State Park: updated gym/track and field✓
- Thatcher State Park: private funds for indoor/outdoor event space ✓
- Ganodagan State Historic Site: center for Seneca Art and Culture (gallery space, theater, auditorium, kitchen, and gift shop) ✓
- Saratoga Spa State Park: revitalization of performing arts center

Did you know?
New York’s State Parks bear a proud tradition of “biggest” and “firsts.”

- Skiing: 2

PREDECISIONAL PRIVILEGED AND CONFIDENTIAL
California

• Sold two parks
  – willingly, not due to budget issues
  – parks were not serving the “state park” purpose, but rather regional purpose
• Established Park Foundations (>100,000 members)
• State Parks Enterprise Fund: established loan program to improve infrastructure and provide revenue-generating services
• Revenue Generation Projects
  – Converting campsites to cabins, new cabin installations ✔
  – Creation of special events venues for private and public events (Kenneth Hahn State Recreation Area) ✔
  – Installation of electricity in campgrounds ✔
  – Repair and reopen café in motel and operate as concession or lease (Hearst San Simeon State Park) ✔
• State Parks and Wildlife Conservation “Trust Fund” Act of 2010 ballot proposed a mandatory increase in $18 for a state park access pass on vehicle license registration fees collected by the DMV – MEASURE WAS DEFEATED ✔
  – Residents then get free access to all state parks for the length of their registration
  – The state could anticipate $500 million each year in revenue from this fund
  – 85% of revenues allocated to parks, 15% towards state wildlife protection
  – The $130 million currently spent on parks from the GF would be available for other needs.
Kentucky

- Kentucky’s boast - the largest developed state park system
- 17 resort parks surrounded by striking landscapes
- 17 full-service lodges with hotel type rooms, cottages and cabins, dining, golf, swimming, marinas, meeting and conference facilities, hiking trails, nature programming and organized activities for children.

PREDECISIONAL PRIVILEGED AND CONFIDENTIAL
Washington

- Placed a $5 donation on every license renewal

- Used to be an opt-in system, now an opt-out

- Began last September, expecting to gain about $1 million per month

- Finances are now mainly based on donations and revenue, not from the General Fund
the parks.

In general and the communities surrounding
broader the economic base of the region,
NPS welcomes the private sector as a partner, with gross receipts totaling $7 billion annually.

The NPS administers 500 concession contracts

National Park Service Concessions
