Re: Addendum to Arrangement Letter Dated August 10, 2010

Dear Janice:

Pursuant to the recent conference call, we have amended our original arrangement letter dated August 10, 2010 (between the New Jersey Public Broadcasting Authority (the “Authority”), and Mercadien P.C., CPA’s to update information regarding the audit for the year ending June 30, 2011.

With reference to Page 1, Paragraph 2—Mercadien P.C., CPA’s understands that the audit period of December 31, 2010 in the original arrangement letter is no longer applicable. The revised audit period will be fiscal year end June 30, 2011.

With reference to Page 3, Paragraph 4—Mercadien P.C., CPA’s understands that the contact individual’s title mentioned in the original arrangement letter is no longer the Acting Chief Operating Officer, but is the Acting Executive Director.

With reference to page 4, Paragraph 1—Our fee estimates are based on the quality, timeliness, and accuracy of the audit documentation that the Authority prepares and the number and complexity of the adjustments required to the general ledger. Below is the fee estimated based on the type of service provided and which was calculated based on the additional time required to reconcile the audit documentation to the appropriate detail and general ledger (and anticipated again for June 30, 2011, based on the fact that there is no general ledger), perform any roll forward procedures, and considering the sale/transfer of asset disclosure issues. This audit will be designated a high risk audit due to the impending sale/transfer. As such a concurring review will be required by a second partner on the engagement.
February 15, 2011

GAAP Audit (as per original arrangement letter) $22,087
Increased fee contemplating disclosures required related to potential transfer of operations and/or sale of assets, going concern matters, high risk audit 5,000
Yellowbook Audit 1,545
Total *$28,632

*Excludes CPB report and single audit as we are not aware of the need for a single audit.

If the addendum defines the arrangements as the Authority understands them, please sign and dated the enclosed copy and return it to us.

Attention: Mr. Scott Kobler

This letter is to explain our understanding of the arrangements for the services we are to perform for New Jersey Public Broadcasting Authority (the “Authority”) for the year ended June 30, 2010, and the six-month period ending December 31, 2010. We ask that you either confirm or amend this understanding.

Audit Services

We will perform the audits of the Authority’s financial statements as of and for the year ended June 30, 2010, and the six-month period ending December 31, 2010. We understand that the financial statements will be prepared in accordance with accounting principles generally accepted in the United States of America. The objective of an audit of financial statements is to express an opinion on those statements.

We are responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management with the oversight of the audit committee are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

We will conduct the audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement whether caused by error or fraud. Accordingly, a material misstatement, may remain undetected. Also, an audit is not designed to detect errors or fraud that are immaterial to the financial statements.

An audit of financial statements also includes obtaining an understanding of the Authority and its environment, including its internal control, sufficient to assess the risks of material misstatement of the financial statements, and to design the nature, timing and extent of further audit procedures. An audit is
not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, we will communicate to management and the audit committee any significant deficiencies or material weaknesses that become known to us during the course of the audits.

We will also communicate to the audit committee (a) any fraud involving senior management and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements, (b) any illegal acts that come to our attention (unless they are clearly inconsequential), (c) any disagreements with management and other serious difficulties encountered in performing the audits, and (d) various matters related to the entity's accounting policies and financial statements.

Authority's Responsibilities

Management is responsible for the financial statements, including the selection and application of accounting policies, adjusting the financial statements to correct material misstatements, and for making all financial records and related information available to us. Management is responsible for providing us with a written management representation letter confirming certain representations made during the course of our audits of the financial statements and affirming to us that it believes the effects of any uncorrected misstatements aggregated by us during the engagements and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Management is responsible for establishing and maintaining effective internal control over financial reporting and for informing us of all significant deficiencies and material weaknesses in the design or operation of such controls of which it has knowledge.

Management is responsible for identifying and ensuring that the Authority complies with the laws and regulations applicable to its activities, and for informing us about all known material violations of such laws or regulations. In addition, management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the entity involving management, employees who have significant roles in internal control, and others where the fraud could have a material effect on the financial statements. Management is also responsible for informing us of its knowledge of any allegations of fraud or suspected fraud affecting the Authority received in communications from employees, former employees, or others.

The audit committee is responsible for informing us of its views about the risks of fraud within the Authority, and its knowledge of any fraud or suspected fraud affecting the Authority.

The Authority agrees that it will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, the Authority also agrees to provide us with printer's proofs or masters of such offering
documents for our review and approval before printing, and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when the Authority seeks such consent, we will be under no obligation to grant such consent or approval.

During the course of our engagements, we may accumulate records containing data that should be reflected in the Authority's books and records. The Authority will determine that all such data, if necessary, will be so reflected. Accordingly, the Authority will not expect us to maintain copies of such records in our possession.

The assistance to be supplied by Authority personnel is described in the attached client participation list which outlines the specific schedules and analyses that should be completed by Authority personnel, including the dates when the information should be available to us. The participation list has been discussed with and agreed to by Janice Selinger, Acting Chief Operating Officer. The timely and accurate completion of this work is an essential condition to our completion of the audits and issuance of our audit reports.

If, in connection with our audits, you request us to perform accounting services necessary for the preparation of the financial statements (such as maintaining depreciation schedules), you agree to designate an appropriate individual to oversee the services, make all management decisions involved in those services, evaluate the adequacy and results of the services, and accept responsibility for the results of the services.

Other Terms of our Engagement

The Authority hereby indemnifies Mercadien, P.C., Certified Public Accountants and its principals and employees and holds them harmless from all claims, liabilities, losses and costs arising in circumstances where there has been a known misrepresentation by a member of the Authority's management, regardless of whether such person was acting in the Authority's interest. This indemnification will survive termination of this letter.

Any claim arising out of services rendered pursuant to this agreement shall be resolved in accordance with the laws of New Jersey. It is agreed by the Authority and Mercadien, P.C., Certified Public Accountants or any successors in interest that no claim arising out of services rendered pursuant to this agreement by or on behalf of the Authority shall be asserted more than two years after the date of the last audit report issued by Mercadien, P.C., Certified Public Accountants.

In the event we are requested or authorized by the Authority or are required by government regulation, subpoena, or other legal process to produce our documents or our personnel as witnesses with respect to our engagements for the Authority, the Authority will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expenses, as well as the fees and expenses of our counsel, incurred in responding to such requests.
Our fees for these services will be based on the actual time spent at our standard hourly rates. Our hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, unpaid accounts over thirty (30) days past due are charged an additional service charge of 1.5% per month on the outstanding balance, which will be reflected on the subsequent statements. Furthermore, work may be suspended if your account becomes 30 days or more overdue and will not be resumed until your account is paid in full. The suspension of our work may result in adverse consequences to you including failure to meet deadlines imposed by governments, lenders, or other third parties. Based on our preliminary estimates, the audit fees are as follows:

See separate agreed-upon procedures arrangement letter for CPB report fees.

If the fees using our standard rates comes to less, you will be billed for the lower fee.

We feel it is only fair to note that our fees to perform this work is contingent upon the satisfactory condition of the books and records, the records being ready for audit by the agreed-upon dates as requested in the client participation letter, preparation of items requested, availability of underlying documentation and the anticipated cooperation of your accounting staff in gaining access to the information we need. Should the requested items not be substantially completed at the start of our audits and as the work progresses, we will advise you as to the additional fees. We understand that Albertha Hyche, from the State Treasurer's Office has been assigned to assist the Authority with its accounting and reporting obligations. Her assistance is designed to ensure that the books and records will be provided to us in a complete format.

Additional services, if requested, will be billed separately at our hourly rates.

If circumstances arise relating to the condition of the Authority's records, the availability of appropriate audit evidence, or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawal from the engagement.
This letter constitutes the complete and exclusive statement of agreement between Mercadien, P.C., Certified Public Accountants and New Jersey Public Broadcasting Authority superseding all proposals, oral or written, and all other communications, with respect to the terms of the engagement between the parties.

If this letter defines the arrangements as the Authority understands them, please sign and date the enclosed copy and return it to us.
