State of New Jersey
Report on Internal Control and on
Compliance and Other Matters
Related to Our Audit of the State’s
Comprehensive Annual Financial Report

For Fiscal Year Ended June 30, 2006

Richard L. Fair
State Auditor
The Honorable Jon S. Corzine  
Governor of New Jersey

The Honorable Richard J. Codey  
President of the Senate

The Honorable Joseph J. Roberts, Jr.  
Speaker of the General Assembly

Mr. Albert Porroni  
Executive Director  
Office of Legislative Services

We have audited the financial statements of the State of New Jersey as of and for the year ended June 30, 2006 and have issued our report thereon dated January 26, 2007. In connection with that audit, we tested internal controls and compliance to laws and regulations. The results of our tests are contained in our Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.

The audit was performed and this report is submitted pursuant to the State Auditor’s responsibilities as set forth in Article VII, Section 1, Paragraph 6 of the State Constitution and Title 52 of the New Jersey Statutes.

If you would like a personal briefing, please call me at (609) 292-3700.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of New Jersey as of and for the year ended June 30, 2006, which collectively comprise the State’s basic financial statements and have issued our report thereon dated January 26, 2007. Our report was modified to include a reference to other auditors. In addition, our report contained a qualification regarding the financial
statements of the University of Medicine and Dentistry of New Jersey, a discretely presented component unit. We were not engaged to audit those financial statements as part of our audit of the State’s basic financial statements. This entity is audited by other auditors; however, their report was not finalized as of the date of this report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the discretely presented component units, the pensions and other employee benefits trust funds, and the Port Authority of New York and New Jersey, as described in our report on the State of New Jersey’s basic financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the pensions and other employee benefits trust funds and the New Jersey Redevelopment Authority, a discretely presented component unit, were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the State of New Jersey’s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of New Jersey’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
We noted an internal control matter that we reported to management of the State of New Jersey in a separate letter dated January 26, 2007.

This report is intended solely for the information and use of management of the State of New Jersey, the legislature, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
